THE POULTRY SHOW.

Clackamas County Fanciers Win Many Prizes.

The second annual show of the Oregon State Poultry Association held in Portland last week was the finest aggregation of poultry, geese and ducks ever shown in the state. There were 250 pens containing something like 500 birds, which were divided into three main classes of American, Mediterranean and Asiatic, and several minor classes, such as Polish, game, bantams, etc. In the American class there were from 150 to 175 birds; about 150 in the Mediterranean and from 125 to 150 in the Asiatic.

Mr. W. W. Browning, of Ogden, Utah, acted as judge and awarded the prizes to the exhibitors. Mr. Browning is a man of large experience in the poultry business. In speaking of the show to a representative of this paper, Mr. Browning said: "While the general quality is not equal to some Eastern shows, there are individual specimens that would win in a show in any part of the country. As far as I can judge of the climatic conditions of the state by the birds on exhibit, Oregon is a very good place for poultry. All fowls appear in the healthiest state, and the plumage is of a brighter hue than in the East." Several minor points of deficiency were attributed solely to inexperience and will probably be remedied at the next exhibition.

The four Clackamas county exhibitors, Elmer Dixon, Ed Farnsworth and Wm Dixon of this city, and Chas. Wagoner of Eagle Creek, came in for their full share of prizes. County Clerk Dixon had 26 brown Leghorns on exhibition and took 18 prizes out of a possible 21. There were 120 brown Leghorns in his class. He took one prize for the five highest scoring cockerels; one for the 10 highest scoring females; one for the cockerel showing best saddle stripe; one for highest scoring pen in the show; three for highest scoring pen in the Mediterranean class; one for cock showing the best lobe, shape and color. (This is the bird which the Oregonian said was admittedly the most beautiful brown Leghorn in the show. It is a cockerel with blood-red comb, white ear lobes, perfect shape, and as gorgeous hackles as ever decked a rooster.); and one for best brown Leghorn cockerel. He also took first prize on cock, cockerel and pen; second prize on hen, cockerel and pen; and third prize on hen, cockerel and pullet.

Mr. Farnsworth had on exhibition a pen of Cornish Indian game birds, and took second prize on pen, cockerel and pullet. Wm. Dixon, father of County Clerk Dixon, showed two pens of Plymouth Rocks and took second prize on hen. The poultry business is getting to be quite an industry in Clackamas county and while the persons mentioned above are the only ones who had chickens on exhibition and to whom prizes were awarded, they are by no means the only people interested in or engaged in raising high grade birds. The farmers are beginning to realize that it costs no more to raise good fowls than it does poor ones and that a good article always finds ready sale at the highest market price. It is claimed by those who ought to know that blooded poultry make better and more persistent layers than common scrub stock. Mr. Dixon says his hens persist in laying right along, even though eggs are worth 35 cents per dozen. There is more money in raising chickens than wheat and the industry ought to be encouraged.

BOARD OF TRADE.

Annual Election of Officers—Important Measures Inaugerated.

Monday evening the annual meeting of the Oregon City board of trade took place. The meeting was called to order by the president, E. E. Charman after which the minutes of the previous meeting were read by the secretary, J. M. Lawrence.

A number of communications and letters were read by the secretary, showing in a measure, the results of the work of bringing Oregon City to the notice of Eastern people that had been carried on during the past year by the board through the medium of its pamphlet, which had been given a thorough distribution in the East. A resolution was offered by H. E. Cross, providing for the permanent organization of an association to be composed of delegates from the various counties in Willamette valley, whose object should be to secure the improvement of the navigability of the Willamette river and its chief tributaries. A committee was appointed consisting of H. E. Cross, Capt. J. T. Apperson, E. G. Canfield, Judge J. W. Meldrum, G. A. Harding, Judge Wm. Galloway, Geo. C. Brownell, Col. R. A. Miller, C. O. T. Williams, T. F. Ryan and E. E. Charman, to call a convention of delegates from the different counties of the valley to consider this matter. A resolution was also passed asking the Clackamas county members of the legislature to secure the passage of a memorial to congress for the improvement of the Willamette river. A committee composed of T. L. Charman, C. P. Thore, T. W. Sullivan, T. F. Ryan and Charles Meserve was appointed to investigate the beet sugar problem.

The election of officers then being had, H. E. Cross was elected president, T. F. Ryan and Col. R. A. Miller, vice-presidents, J. G. Pillsbury, secretary and E. E. Donaldson, treasurer.

The members of the great Masonic brotherhood and their friends who had the pleasure of attending the installation of officers and banquet of Pioneer Chapter, No. 28, O. E. A Clackamas County Man

Of Mr. S. A. D. Gurley, who formerly resided in Canby, but is now located at Arlington, Gilliam county, where he is practicing law, the Arlington Record has the following to say: Mr. Gurley is one of the prominent attorneys of the county. Soon after he began practicing at Arlington, he was appointed U. S. Commissioner for the district of Oregon and was soon afterward admitted to the bar of Washington and in the U. S. Court of Oregon and Washington, in all of which courts he practices. He is a good campaigner having spoken on the stump for the republican party in various campaigns. He also holds a diploma from the state board of education, having taught previous to his admission to the bar. Mr. Gurley is an able, scholarly and efficient attorney, who enjoys a good practice in the various courts to which he has been admitted, and has a host of warm friends throughout the state. Mr. Gurley is a property owner, owning the residence in which he lives as well as real estate elsewhere. He is a member of several of the fraternal orders and has acted as secretary of the republican club of this place.

Fell Into a Dye Vat.

Thursday afternoon about 3 o'clock young Henry Gantenbein, employed in the Oregon City woolen mills, in putting some wool into one of the dye vats, accidentally slipped into the huge, boiling caldron and was immersed up to his waist. Joe Brunner, the boss dyer, quickly drew the lad out, and in doing so was severely scalded about the arms. The water in the vat contained all the acids used in dyeing and was heated to 225 degrees. As young Gantenbein was falling in his head caught in some of the wool and partially screened his face from the action of the boiling fluid. The lad is very seriously scalded and it is feared he cannot live. Dr. Sommer was called and made the little sufferer as comfortable as possible under the circumstances.

Among the Afflicted.

W. L. Miller is improving and will soon be out again. Mrs. R. L. Holman has so recovered from her recent illness as to be able to sit up. Dr. J. W. Welch has been unable to attend to his business week on account of a severe cold.

Mrs. Peter McIntyre, who has been suffering from an attack of lagrippe, is improving rapidly. Mrs. M. L. Rugg has been laid up with a severe cold the past week but is on the mend again.

Nightwatchman Shaw is confined to his room with an attack of lagrippe and Johnny Kelly is doing duty on the police force. Lynn Jones, of Clackamas, who recently had his eye injured by a piece of steel from a sledge, is getting along as well as could be expected under the circumstances. The doctors say the sight will never be perfect again but they hope that he will not be entirely blind. What makes the affliction so hard to bear is the fact that Mr. Jones lost his other eye some years ago by an accident. He is the father of seven children and they are in destitute circumstances. The citizens of Clackamas have contributed liberally to his support.

A Coming Joint Session.

The tidal wave of enthusiasm which has been majestically sweeping over the meetings of the Hesperians is still marching onward. The members are getting more zealous and active at each meeting and although the society has lost some of her best material, the laurels won by the "phalanx of '96" will be kept fresh and flourishing by the "legion of '97." A joint session of the Willamette Falls and Hesperian society will take place at Willamette Falls on January 21. A fine program has been prepared for the occasion. The program of the last meeting consisted of a very appreciated declamation by Miss Maud Winslow, a solo by Echo Samson and the reading of the society journal by Thompson Meldrum, it was a remarkable display of wit and humor. The debate, "Resolved that oratory is a gift of nature" was thoroughly discussed. New officers elected were, president, Ed Meresse; vice-president, Carl Joenke, treasurer, Tom Myers, secretary, Miss O. Cosper. HESPERIAN.

The Popular Minstrels.

The Popular University Graduates, one of the finest colored minstrel attractions on the road, will give an entertainment full of bright comedy, nice music and side-splitting fun. Among a large number of press notices, all in praise of this attraction, we quote the following from the Yakima Daily Times of Dec. 25th: The Georgia Graduates, who greeted a household of amusement lovers at the

opera house on Saturday evening, gave the people of this city the best, cleanest and most entertaining minstrel show ever given here. In fact, many who attended declared that it was the best they had ever seen anywhere. The people who compose the troupe are men and women of education and refinement. Their specialties, in which all appeared as first class artists, were free from the vulgar wit that so frequently jars the sensibilities of modest people. Their singing was fine, the quartet being a combination hard to beat. The comedy features of the performance were unusually catchy and mirth provoking. They presented many happy innovations on the old type of minstrelsy and, all around, rendered a most enjoyable program.
