**Dwelling Burned.**  
The roof of E. Bushong's building on the corner of Jefferson and Eleventh streets, occupied by Mrs. Kinder, caught fire from a defective flue last Saturday afternoon about 5 o'clock, and was damaged to the extent of a few hundred dollars, fully covered by insurance.

The fire department responded promptly to the alarm, but owing to the distance to the fire and the fact that it was up-hill most of the way, considerable time elapsed before it was reached. It was necessary to lay a line of hose for three blocks in order to reach a hydrant. The fire laddies made short work of it when they got there.

This is the first alarm of fire for more than six months.

### Up To Date Service.

A great many Pacific Coast people, when contemplating a tripeast and when bringing friends west, know very little about the interior lines, and the object of this article is to afford reliable information. In the first place for good time and service, select a route via St. Paul and Minneapolis, because the lines that way are continuous under one system without any change of cars, and every man, from peanut agent up, is a courteous, reliable and experienced officer, ready to aid and protect you in any emergency and capable of making you feel at home and comfortable during the long journey.

Then see that your ticket reads via the Wisconsin Central lines because that thoroughfare affords strictly first-class service, and the meals on its dining cars (always reasonable in price) are equalled by few and excelled by none. Geo. S. Batty, 245 Stark st., Portland, Oregon, is general agent for this company and will cheerfully furnish you a neat and handy calendar and full information on the subject of transportation, if addressed or called upon, and any agent will, upon application, sell you a ticket over the Wisconsin Central lines.

### There is Nothing so Good.

There is nothing just as good as Dr. King's New Discovery for Consumption, Coughs and Colds, so demand it and do not permit the dealer to sell you some substitute. He will not claim there is anything better, but in order to make more profit he may claim something else to be just as good. You want Dr. King's New Discovery because you know it to be safe and reliable, and guaranteed to do good or money refunded. For Coughs, Cold, Consumption and for all affections of Throat, Chest and Lungs there is nothing so good as is Dr. King's New Discovery. Trial bottle free at Charman & Co.'s drug store. Regular size 50 cents and \$1.

### How to Get a Public Office.

Many desirable offices are within the gift of the new administration. Those who wish to know what places can be had and how to get them, can obtain this information by sending 75 cents to Scule & Co., Washington, D. C., for the "U. S. BLUE BOOK," showing all government offices and salaries with Civil Service rules, sample examination questions, etc. Under present laws women stand an equal chance with men for positions that insure a comfortable income for life. The "Blue Book" gives complete instruction for office seekers of both sexes, and is besides a valuable book of reference much in demand.

### Easter Hats and Bonnets.

A novel method of presenting the newest and freshest Eastertide creations of Paris milliners has been adopted by The Ladies' Home Journal for March. In that magazine the new French hats and bonnets will be pictured as they are worn. This unique display is useful, therefore, in pointing out clearly not only Fashion's decree, but the styles in headdress best suited to several contrasted types and faces.

### MR. CAUFIELD ACCEPTS.

OREGON CITY, Oregon, Feb. 24, 1897.—To Chambers Howell, G. W. Church, G. H. Wishart, Mrs. M. M. Charman, Mrs. L. A. Wineset, Mary A. Miller and others.—Ladies and Gentlemen: In response to your request that I should be a candidate for the office of school director at the coming school election. I desire to say that I would prefer not to accept the candidacy, because if elected, the duties of the office will require more time than I can conveniently devote to it. But realizing the fact that some one must give his time and attention to the matter, and bearing in mind that it is an office without salary or compensation. I feel that it is not the part of a good citizen to shirk trouble and responsibility in public affairs and to refuse to bear his share of the burdens of government. I will therefore accept the proposed candidacy and if nominated and elected will endeavor to do my full duty as a director. Respectfully yours,  
CHARLES H. CAUFIELD.

### The President's Daily Routine.

Ex-President Harrison has written of "A Day with the President at his Desk" for the March Ladies Home Journal. The article is said to be singularly interesting in the detail with which it describes the wearisome routine of the president. It is said that General Harrison, in this article, has delivered himself with great directness and vigor, relative to the annoyances that are visited upon a chief executive by persistent office seekers, and he suggests a unique plan, by which the president's burdens in that direction could be greatly lightened, and he be enabled to devote more attention to more important matters. A feature of the article that will have a timely interest to those ambitious to serve the country under the incoming administration, describes very fully how the president makes appointments to office. "A Day with the President at his Desk" is unique in being the first time that the daily life of the president has been described by one who has filled the exalted office. Articles upon the social and domestic life of the president by General Harrison will follow in successive issues of the Journal.
