SIDEWALKS FOR THE SCHOOL CHILDREN
 Complaint is continually being made as to the need of better sidewalk facilities for reaching the Barclay school building. From the south part of the hill section of the city the children have to wade through the mud from one to four blocks on the various cross streets connecting Seventh with Eleventh, except they go up the hill and back by way of J. Q. Adams street. The sidewalk on Fourteenth street from Washington to Main should be repaired and a crosswalk put in from Mr. Fred Charman's residence across Fourteenth street. The sidewalk from this corner should be extended north on the west side of Washington street to connect with the sidewalk on that street leading from the north part of the city to Fifteenth street. Crosswalks across Fourteenth and Fifteenth streets and this one block of sidewalk would give direct connection from the north part of the city to the Barclay school building. As it now is the children of this part of the city residing east of Main street have to walk from two to six blocks out of their way in order to keep out of the mud on their way to school. It would require but a small expense to put in these cross and sidewalk and thus complete the sidewalk system so that there would be no difficulty in reaching the various parts of the city.

FIFTY CORDS OF WOOD IN A DAY.—W. H. Bonney, formerly of Aurora but now of Woodburn, was in town Tuesday. Mr. Bonney, with the assistance of two other Woodburn men, have perfected a drag saw for cutting timber which they claim will revolutionize the cord wood business. They have completed and have in operation two of their machines and in a recent test one of them cut off a fir log 4 feet, 3 inches in diameter in 3 1/2 minutes. The machine and saw are very light and can be easily transferred from one place to another in the timber. Armed with one of these machines two men with a team or a two-horse power engine to furnish the motive power, which is transferred to the mechanism of the saw by light tumbling rods, can easily cut 50 cords of wood per day.

A NEW GERANIUM.—Wilkinson Bros. have growing in their greenhouse at Gladstone a novelty in a geranium. It forks near the ground, one branch of the stalk and foliage being a delicate cream color while the other half of the top is the natural green color of such plants. The plant is strong and healthy, and is over a year old and has shown no sign of donning the conventional green which all well behaved geraniums wear. Mr.

Wilkinson is going to try by all the methods known to florists and see if he cannot propagate cream colored geraniums from this plant of his, but it is seldom that it is accomplished for vegetable freaks do not reproduce themselves so readily as do human freaks.

WOUGHT TO INTEREST YOU.—The efforts of the young people of Parkplace-Gladstone to purchase an organ for their school building should receive the encouragement they deserve. The play they will put upon the boards at their entertainment Saturday evening will be the catchy and funny drama, "The Hickory Farm." The music between the acts will be by some of Oregon City's best talent and well worth the price of admission, 10 and 20 cents. People from Oregon City wishing to attend will get off the electric car at the Sister's platform, from where it is but a short distance over a good path to the school house. If the night is clear, the moon will furnish ample light.

TOWING BARGES.—The steamer Eugene has been withdrawn from the Portland, Oregon City and Dayton route and is engaged in towing wood barges to the Oregon City paper mills and in doing any other work in that line to be had. Captain Joel P. Geer states that this is only a temporary arrangement and that as soon as business picks up he will resume the old route again.

DENTISTRY.—Dr. J. H. Miller, dentist, treats all diseases of the oral cavity such as pericementitis, periostitis, gingivitis, necrosis of the maxillary bones, pyorrhea, alveolar and fibrous tumors of the gums. Artistic gold and porcelain crowns and fine plate work, first-class workmanship. Examinations free. Terms reasonable. Office 7th street.

BASKET SOCIAL.—A literary concert and basket social will be held at the Beaver creek Congregational church, Wednesday, March 17th, commencing at 7 p. m. There will be no admission fee and everybody is invited. A good time is assured.

Music in Schools.
 Vocal and instrumental music has come to be such a part in the exercises in all public schools that a musical instrument is absolutely a necessity in a school building. In all the larger towns the district furnishes the organ as it does the other appliances for the school. The Parkplace-Gladstone school having no musical instrument in their school have determined to purchase an organ and to that end the scholars for some time past have been making every effort to raise the money required and now have some \$30 in their organ fund. To raise the remainder of the money needed they will give an entertainment at the school house on Saturday evening March 13 at which that most laughable comic drama, "The Old Hickory Farm" will be given. The talent who will handle the various characters are among the brightest boys and girls of that place, which is sufficient to insure that the play will be well rendered. The musical part of the program both vocal and instrumental will be first-class. The admission will be 20 cents for adults and 10 cents for children.

Something to Depend On.
 Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into a consumption. Having Dr. King's New Discovery in the store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottle at Charman & Co.'s drug store.

How to Get a Public Office.
 Many desirable offices are within the gift of the new administration. Those who wish to know what places can be had and how to get them, can obtain this information by sending 75 cents to Soutle & Co., Washington, D. C., for the "U. S. BLUE BOOK," showing all government offices and salaries with Civil Service rules, sample examination questions, etc. Under present laws women stand an equal chance with men for positions that insure a comfortable income for life. The "Blue Book" gives complete instruction for office seekers of both sexes, and is besides a valuable book of reference much in demand.

For Young Men and Young Women
 There is nothing that will arouse the ire of a young man or woman so quick as to have inferior laundry work put off on them. They may dress ever so well, but if their shirt front or shirt waist is mussed their neat appearance is spoiled. The Troy laundry makes a specialty of ladies' and gentlemen's fine work. There can be no better work than is done at the Troy. Leave your orders at Farnsworth's arber shop.

SHYNESS IS SERIOUS.

MEDICAL EXPERTS SAY IT IS A SYMPTOM OF MELANCHOLIA.

It Takes Various Forms, but is Invariably a Forerunner of Dementia—A Disease That Should be Carefully Treated in Time—Affects Men as Well as Women.

At last it has been discovered that the reason the girl who seems exceedingly shy acts in the fashion she does is that she is demented.
 This is the result of extensive investigation by insanity experts on both sides of the water. Exceptional bashfulness, as it is called, is really shyness. It is a morbid condition of the mind, a certain sort of dementia.

Often is the expression heard that a person is painfully shy. Yet in such an instance no doubt has been raised as to the mental condition of the object of the remark. Nevertheless, it is far more than probable that the individual referred to was suffering from insanity just as much if not more, than many persons who are living out a tortured existence within the walls of a madhouse.
 It is a well known fact that one of the most notable symptoms of insanity is that which causes the person afflicted to shun the company of others. Loneliness is an incentive to insanity. Confinement in a solitary cell in a prison often breeds madness. It is altogether an unnatural mental condition which impels a person to avoid the society of humanity. No one whose condition is normal ever consents to such an existence.

Just how the insanity expert looks at shyness is shown by the following statement, made by Dr. G. W. Knuz of New York, whose wide experience makes his opinion well worth considering:

"Shyness is as much a disease as scarlet fever. It is recognized as a symptom of dementia or melancholia, just as an extremely strong willed person, or one who is what is termed unusually self assertive, is regarded by physicians as a possible subject for acute paresis.
 "This shyness takes various forms, such as a sudden feeling of faintness and weakness on looking down from any extreme height. It is present when a woman persists in looking under the bed before retiring, although she knows full well that there is no man there. I know of one case of a woman who, when she turns out the gas, invariably lights a match to see if she has turned it completely off, and nine times out of ten she lights another match to see if she threw the first match into the coal scuttle or fireplace. That is another form of what may be termed shyness.
 "This shyness is due to a variety of causes. It is very often the case that a system which is run down leads to this condition of mind. The continual thinking upon any subject, or what is termed brooding over a certain thing, leads to this. If not checked in time, melancholia results.
 "This shyness is as common to men as to women. Some men seem embarrassed and ill at ease when in the presence of women, while, on the other hand, it is often noticed that the presence of gentlemen makes some women very ill at ease, only, in justice to the sex, it must be stated that this very rarely happens.
 "There are many reasons for these facts, but the most common one is ill health. Should a person so troubled go to a physician, he or she would be regarded as possessing symptoms indicating a lack of will power and approaching insanity in some form. There are waves of morbid shyness, just as there are waves of insanity. There are waves of certain kinds of suicide, resulting from insanity. There are waves of bridge jumping, killing with razors or knives, shooting and death by poison.
 "Many suicides are due to temporary insanity, brought on by a variety of causes. One of the first symptoms is shyness. Persons afflicted with this shyness never take up any of the sciences or professions or become students. They lack the will power necessary to do so. Where the normal mind of man overcomes difficulties and troubles when they come, the shy, retiring man seeks relief in suicide."
 Dr. Henry Campbell, who is the physician in charge of the Northwest London hospital, says that morbid shyness is, like other mental disorders, an exaggeration of an unnatural physical state. It is among women, he declares, that this symptom of mental disorder is most often seen. Lacking the physical strength of man in most instances, they are unable to withstand the depression that sometimes seizes them. That depression gives birth to a desire to be unobserved. Here is the beginning of the fit of shyness which results in unbalancing the mind and creating the idea that the very sight of others is an affliction to be avoided.
 Several New York doctors who discussed the question at length said that they had noticed particularly among young women whom they had been called upon to see that those who had exhibited the greatest embarrassment in the presence of young men were lacking in that mental equipoise necessary to the normal brain. Modesty is one thing, they said, shyness quite another. The one causes the young woman to refrain from action that would bring upon her just criticism. The other is simply impelled to a course of action for which there is neither rhyme nor reason, and one that only results in general discomfort.—New York Journal.

About the Same.
 "By the way, where is the major nowadays?" asked the mutual friend.
 "He is in an institution for the treatment of the feeble minded," said the colonel, with a trace of acrimony in his voice.
 "You don't say!"
 "Well, sah, they don't call the place by that name, sah. But you can see for yo'self that it amounts to the same thing. It is a water cure establishment, sah."—Cincinnati Enquirer.

SIMMONS' LIVER REGULATOR
 An EFFECUAL SPECIFIC for all diseases of the Liver, Stomach and Spleen.
 Regulate the Liver and prevent CHILLS AND FEVER, MALARIAL FEVERS, BOWEL COMPLAINTS, RHEUMATISM, NEURALGIA, JAUNDICE AND NAUSEA.

BAD BREATH!
 Nothing is so unpleasant, nothing so common, as bad breath; and in nearly every case it comes from the stomach, and can be so easily corrected if you will take SIMMONS' LIVER REGULATOR. Do not neglect so sure a remedy for this repulsive disorder. It will also improve your appetite, complexion and general health.

PILES!
 How many suffer torture day after day, making life a burden and robbing existence of all pleasure, owing to the secret suffering from Piles. Yet relief is ready to the hand of almost any one who will use systematically the remedy that has permanently cured thousands. SIMMONS' LIVER REGULATOR is no drastic, violent purge, but a gentle assistant to nature.

CONSTIPATION
 SHOULD not be regarded as a trifling ailment—in fact, nature demands the utmost regularity of the bowels, and any deviation from this demand paves the way often to serious danger. It is quite as necessary to remove impure accumulations from the bowels as it is to eat or sleep, and no health can be expected where a constive habit of body prevails.

SICK HEADACHE!
 This distressing affliction occurs most frequently. The disturbance of the stomach, arising from the imperfectly digested contents, causes a severe pain in the head, accompanied with disagreeable nausea, and this constitutes what is popularly known as Sick Headache, for the relief of which TAKE SIMMONS' LIVER REGULATOR OR MEDICINE.
