It's about as hard to break some people of bad habits as it is to break Malarial Fever when it once gets a firm hold upon one. Mr. C. Himrod, of Lancaster, Ohio, says, "Simmons Liver Regulator broke a case of Malarial Fever of three years standing for me, and less than one bottle did the business. I shall use it when in need of any medicine, and I recommend it."

Chicora, Pa., Herald: Richard Vensel reports One Minute Cough Cure the greatest success of medical science. He told us that it cured his whole family of terrible coughs and colds, after all other so called cures had failed entirely. Mr. Vensel said it assisted his children through a very bad siege of measles. One Minute Cough Cure makes expectation very easy and rapid. Geo. A. Harding.

Kelly extends a cordial invitation to the citizens of Oregon City to attend the inspection and witness the evening's work.

Our suits of clothing are going fast; the price and quality is what makes them go. Special bargains on all wool blankets. Silks at half price. See those ladies' corsets 50 and 75 cents, and those misses' corset waists for 25 cents. Lots of other goods and every article a genuine bargain. At The Fair on Main street between Sixth and Seventh.

Thursday morning about 9 o'clock Oregon City experienced one of the hardest wind storms ever known in this city. It lasted but a few minutes, but it was lively while it did last and reminded one of Kansas. The greatest damage done was to the suspension bridge which had its upper works broken loose, but it was not injured sufficient to prevent teams from crossing. Judge Hayes and Commissioner Jaggard examined the bridge and estimated that it would not cost over \$100 to repair it. A number of trees were blown down and some signs demolished was about all the damage about town.

Thomas Miller, of this city, has made a walking cane that combines elegance with durability and service. It is made out of rings sawed from the ends of horns and placed on an octagonal steel rod, the crook being constructed from the same material. It is rather a heavy cane and would serve as a weapon of defence as well as aid to walking. It is handsomely mounted, highly polished and shows what patience and skill can accomplish in this line. Mr. Miller presented it to Judge McBride, who appreciates it very much for its unique design as well as for its serviceability.

The Scientific American of March 13 gives a full page of views of the Cascade locks, together with a description of the works. It counts these locks as one of the great engineering works of the country and excelled in magnitude only by the great Soo canal connecting lake Michigan with lake Huron. In this edition among the other excellent matter it contains has an editorial on the good roads movement that is one of the most comprehensive articles yet published on this subject. With the enormous circulation that the Scientific American has, it can do a very great work in arousing public interest in the cause of good roads.

Shively's Opera House, Monday, April 5 The Columbia opera company whose artistic performances have been the source of much genuine pleasure wherever seen, appear at Shively's opera house Monday, April 5th. Musical Recital.

Last Friday evening the pupils of Mrs. E. E. Charman, assisted by the Halcyon chorus, of which she is director, gave a musical recital at her residence on Main and Ninth streets. The spacious parlors were brilliantly lighted and arranged for the event, furnishing ample accommodations for the invited guests, some 30 in number, and the handsome and talented participants in the recital. The program was one of the best arranged of any recital ever given in the city, and although quite lengthy, not a hitch occurred anywhere, showing Mrs. Charman to be a perfect organizer and an adept as a director. While the applause was very hearty no encores were allowed owing to the length of the program.

The recital opened with a piano solo by Mrs. T. W. Clark, followed with solos by Misses Maud Warner, Alice Glasspool, Ethel Cheney, Laura Beattie, Leila Cheney, Echo Samson, Edith Wishart, Pearl Cosper, Edith Cheney and Mrs. C. D. Latourte. The popular Halcyon chorus then rendered one of their most pleasing selections entitled, "The Moth." After the applause that greeted the chorus subsided solos were sung by Misses May Marks, Jean White, Mrs. M. Wiggins, Addie Clark, Ora Spangler, Jennie Beattie, Kate Ward, Mrs. T. W. Clark, Mrs. White and Miss Grant.

Below is given the score of nine of the ladies securing the greatest number of points in four games played at the bowling alley Saturday afternoon. Clark leads now with the highest individual score, 50 and Miss May Kelly has the best average in four games, making a total of 148.

Rattlesnakes, Butterflies, and ...? Washington Irving said, he supposed a certain hill was called "Rattlesnake Hill" because it abounded in butterflies. The "rule of contrary" governs other names. Some bottles are, supposedly, labeled "Sarsaparilla" because they are full of ... well, we don't know what they are full of, but we know it's not sarsaparilla; except, perhaps, enough for a flavor. There's only one make of sarsaparilla that can be relied on to be all it claims. It's Ayer's. It has no secret to keep. Its formula is open to all physicians. This formula was examined by the Medical Committee at the World's Fair with the result that while every other make of sarsaparilla was excluded from the Fair, Ayer's Sarsaparilla was admitted and honored by awards. It was admitted because it was the best sarsaparilla. It received the medal as the best. No other sarsaparilla has been so tested or so honored. Good motto for the family as well as the Fair: Admit the best, exclude the rest. Any doubt about it? Send for the "Curebook." It kills doubts and cures doubters. Address: J. C. Ayer Co., Lowell, Mass.

A Safe Investment A GOOD PLACE TO LIVE Beautiful scenery and health giving air, high level land with good productive soil and pure water, a first-class public school building attended by nearly a hundred pupils on the premises; and a good plank road (one of the main thoroughfares in the county), connects with the macadamized streets of the city. This beautiful tract adjoins Oregon City and no portion of it is beyond a mile from the heart of the city and but a 15 minutes walk on plank walks to the business houses. These are a few of the attractions of South Oregon City. Now is the time to think of the place to build your home or a good place to lay by an investment that will increase in value. The easy terms on which this property is sold should not embarrass any thrifty person. Lots are 50x100 and prices range from \$100 to \$150. Terms, \$5 down and \$5 per month until paid, without interest or taxes, a liberal discount for cash, and inducements to build. Every lot clear and ready for the garden. Quite a number of lots have been sold and there are several houses already occupied on the tract and quite a settlement in the neighborhood. Oregon City with her big monthly pay roll, great woolen mills, large pulp paper and flouring mills and massive electric station, her fine public schools and all the modern improvements, is bound to increase her growth.
