### FRIDAY, MAY 14, 1897.

**THE SUSPENSION BRIDGE.**—The repairs to the suspension bridge, under the superintendence of Sidney Smyth, were completed Monday. The bridge was built in 1888 and almost all the timbers were found to be rotten at the joints. The needle beams, bottom chords, sway chords and posts were all renewed. About 12 pieces of new top chords and supporting beams resting on and between the towers were put in. All of the old washers two inches in diameter were replaced with new seven inch washers to prevent them pulling into the timbers, more than a ton of them being used for this purpose. The truss has also been braced to the cables by new tie rods bolted to the top chords which will prevent the bridge from careening in the future. Mr. Smyth also examined the towers and found them in good condition. The joints of the needle beams and chords were thoroughly coated with asphaltum to prevent them rotting in the future. These repairs make the bridge practically a new structure. The entire cost of the repairs, including 35,000 feet of lumber and other materials, labor and supervision is \$1200. After drying a few weeks the entire structure will be painted.

**NOTED VISITORS.**—About thirty of the delegates to the Pacific Coast Unitarian conference held in Portland last week came up on the steamer Ramona Monday and spent the day in Oregon City. The visitors were from Cambridge, Mass., Seattle and Spokane, Wash., San Francisco, Calif., and other points. They were accompanied by Rev. Earl Wilbur, as director of their movements, Mrs. H. I. Pitcock, Miss Louise Pitcock and other Portland people. They visited the many points of interest about the city and were taken over to the island by Captain Pease to get a close view of the falls and to sample the salmon fishery. They expressed themselves as greatly pleased with Oregon City and delighted with their trip.

**THE CANBY SCHOOL.**—Prof. P. L. Coleman, principal of the Canby school, was in Oregon City Saturday, conferring with the other members of the committee regarding the program for the teachers association which meets in Canby the last Saturday in May. Prof. Coleman, with Miss Bertha Sumner, will close the spring term of school for district No. 86, next Friday, and so satisfactory has been their work that they have already been engaged to teach the fall term. The Canby school is one of the most prosperous and successful in the county. At the examination for teachers held in February five pupils from this school passed the examination and were granted teachers certificates by Supt. Starkweather.

**THAT BICYCLE ORDINANCE.**—The bicycle ordinance passed by the city council at the regular meeting last Wednesday evening makes it a misdemeanor, punishable by a fine of not less than \$3 or more than \$25, for any person to ride a bicycle upon or along any of the sidewalks in Oregon City, or to ride along any street or alley at a greater speed than eight miles an hour between 6 a. m. and 6 p. m. or six miles an hour between 6 p. m. and 6 a. m. It is also necessary to ring your bell or sound your gong when approaching or while crossing any intersection of streets. A compliance with the provisions of this ordinance may save you trouble since Chief Burns has his weather open for violators thereof.

**RIVER TRAFFIC BRISK.**—Travel by boat to Portland is not only good but steadily increasing. At no time since the Ramona has been running has she handled less than 100 passenger per day, while the average has been from 150 to 200 and on pleasant Sundays they have all the passengers they can conveniently accommodate. The freight business is also good and quite a source of revenue to the company. The trip from Oregon City to Portland these warm days, with the Willamette river like a placid lake, the moss-lined banks replete with the perfume of apple and other fruit trees blooms is one of the most enjoyable short trips to be had anywhere.

**CLACKAMAS COUNTY ROADS.**—Last Sunday Judge T. A. McBride, to get a little relaxation from the confining duties of his official position, accompanied by Mrs. McBride and a friend, took a drive up the Clackamas river road returning to Oregon City by way of Damascus, Harmony and Clackamas. This was the first time Judge McBride had taken a trip into the country since the cash road system has been adopted in Clackamas county and he was surprised and pleased at each section of road to note the decided improvement that had been made in their condition since the time when he used to travel over them a few years ago, when on his campaigning and business tours of the county. The Judge had heard much of the complaints from the moss-back element about the waste of the road fund by the county court and the little improvement that had been made under the new system on our roads, but the Judge had in the roads he passed over such indisputable evidence that he is a stronger advocate than ever of the cash road system. The experience of Judge McBride is that of every man, who was familiar with the roads of Clackamas county five years ago and who now has occasion to pass over them and there is little danger of the people of Clackamas county desiring to go back to the picnic system of road work.

**A NEW HOSPITAL FOR OREGON CITY.**—Articles of incorporation will be taken out in a few days for a new hospital for Oregon City. The Barin house on Main and Fourteenth streets has been leased for a term of years and will be fitted up for the reception of patients about July 1. This house is one of the largest two-story residences in the city, nicely located and will make a convenient and commodious hospital. The incorporators will be Drs. Powell, Wells, Norris and Strickland, and druggists, George A. Harding and E. E. Charman. The amount of capital stock has not yet been determined.

**TO CHOOSE TODAY.**—The Canemah school will close on Friday of this week, having completed the school year of eight months. Appropriate exercises will be held in the afternoon. Prof. E. C. Hackett, the principal and Miss Sade Chase, assistant, have given good satisfaction and fully maintained the reputation of this school as one of the most successful and efficient of Oregon City's excellent public schools.

**Vegetable Plants.**  
To have an early and successful garden here in Oregon it is necessary to have plants started in the hot house that they may be well grown by the time the weather permits their planting out of doors. Jos. Collins, of the Clackamas greenhouse has a fine selection of cabbage, tomato and other plants now growing which he will guarantee to be perfectly hardy and strong. He also has lettuce and other early vegetables now ready for table use.

**Books Cheap.**  
Everything required in the school room, books, slates, tablets, sponges, ink, pens, pencils, etc. at Daniel Williams, corner Seventh and Center streets. Full stock of nuts, candies, notions etc., fresh and of good quality. Sold at reasonable prices.

Now is the time to plant tomatoes and other vegetable plants. R. Glasspool has a fine lot that have not been forced and are fully able to stand the cold rains that so often ruin tender hot house plants. Send your orders to Mr. Glasspool or leave at Horton's grocery.

You run no risk. All druggists guarantee Grove's Tasteless Chill Tonic to do all that the manufacturers claim for it. Warranted no cure, no pay. There are many imitations. To get the genuine ask for Grove's. For sale by C. G. Huntley.

It should be made a matter of public knowledge that DeWitt's Witch Hazel Salve will speedily cure piles of the longest standing. It is the household favorite for burns, scalds, cuts, bruises and sores of all kinds. Geo. A. Harding.

**Busy People.**  
Messrs. Smyth & Howard, general contractors, are very busy these days constructing new roads, excavating for new buildings, laying water mains, etc. The Portland General Electric Co. recently contracted with them for the improvement of another half mile of the Oswego road down to the Tompkins bridge, requiring about 1000 yards of crushed rock. The company also has in contemplation the improvement of the road from Walling & Jarisch's place to Oswego, which would make a continuous winter road from Oregon City to Oswego.  
Smyth & Howard also have contracts for the improvement of Oak street, Union avenue, Front street and Seventeenth street, Portland; the excavation for Lipman & Wolfe's new building on Fourth street and for the new Dammer building on Morrison street in that city. They are also engaged in putting crushed rock on the Highland road for one-third of a mile between Molalla and Highland and in grading and rocking two-thirds of a mile of the Molalla road near Beaver creek. Next week these contractors will commence laying mains on their six mile contract for the new water works at Newberg.
