Minutes to this effect were entered on the official record, and the clerk was instructed to tender a warrant for \$25 in payment of the claim.

In the matter of the proposition of the Portland General Electric Co. to spend \$1000 on the road from the suspension bridge to Willamette Falls provided the county would expend \$2000 on same road, Electric Co to pay no money until July; court thought favorably of the proposition and will probably enter into contract later. Welcome Immigrants.

Mr. and Mrs. D. W. Riedle have become residents of Oregon City and have taken the depot cottage at Gladstone. They were formerly from Canada, where they resided a few years before coming to this coast this spring. They first located at Gray's Harbor, but not liking the place came on to this city. They are greatly pleased with Oregon City and expect to make it their permanent home. Mr. Riedle is an expert cement manufacturer, holding three diplomas from the German government for excellency of cement made. He was led to come to Oregon City by the cement factory located here and he will investigate the quality of the cement rock in this state and endeavor to find out its value.

Mrs. Riedle is an artist, musician and linguist, and gives lessons in painting, on the piano and in German, French and Italian. She studied under the best masters in Berlin, Paris and London and while some might think her accomplishments too varied to be thorough, yet she is able to demonstrate that she is a specialist in each of her studies, as is proven by some pictures she has on exhibition in Huntley's drug store. Mr. and Mrs. Riedle are of the class of people that are most welcome in Oregon City for they are able to assist in making our city a leader on this coast both as a manufacturing and as well as center.

Gladstone Property.

There has been a school fund mortgage of \$5000 on the south half of Gladstone for some years, and on account of the intervening hard times has greatly hindered the development of the property and has been a source of more or less uneasiness to the people who have bought and built homes in this favorite suburb. The mortgage was not large and in no wise compared with the value of the property, still a great many were afraid to take any chances whatsoever and no one could rightly blame them for exercising great prudence. It is with more than special satisfaction that the company announces the consummation of an arrangement with the school board whereby all the lots and acre tracts in Gladstone heretofore sold by deed have been absolutely released from the operation of this mortgage and the title is thus made perfect in these people.

Perhaps a matter of equal importance is that the arrangement also includes the release of all bonded lots and tracts and property included in subsequent sales when final payments are made. The company is now able to announce that it can from this day give a clear warranty deed free from all incumbrances whatever to lots and acre tracts in Gladstone upon payment of the purchase price.
