"Be regular and punctual in all things" was one of the old maxims, taught long ago. The last is not forgotten, but the first is scarce remembered, so irregular is the life of most people nowadays. The only correction of this evil is Simmons Liver Regulator, which keeps the liver active and prevents the ill of irregular living: Dyspepsia, Biliousness, Constipation, etc. It cures these troubles.

The pearls were genuine pearls and had doubtless undergone the same process in formation as those found in clams and oysters.

C. W. Talmage, a prominent attorney of McMinnville, accompanied by his wife, spent several days of this week at the home of Judge and Mrs. Galloway. While here Mr. Talmage availed himself of the opportunity to fish on the island below the falls for salmon and from the Indians, who also fish there, we are enabled to get at the facts in the case, which Charley's natural modesty prevented him relating. He went out Wednesday morning and only came back at noon to inform Judge Galloway that he did not have time to partake of the feast prepared for him by Mrs. Galloway, and stopping only long enough to secure a little "free silver" enthusiasm he went back to the island and was not seen again until noon of the next day. Either the fish or the Indians or both could not refuse the "free silver" bait offered and Charley returned with a fine string of 40 pound salmon. But for the fact that his buggy was small Mr. Talmage would have been able to supply all his McMinnville friends with fish, as it was he was only able to take one salmon home with him.

The party given to the members of the ladies' bowling club last Saturday evening, by Mrs. Theodore W. Clark at her pleasant home on Sixth and J. Q. The first prize, a dainty China cup and saucer was given to Miss Mary Conyers, and the trophy to Miss Vera Caulfield. Following this an old fashioned country school took possession of the house. The Blue and the Gray.

Both men and women are apt to feel a little blue, when the gray hairs begin to show. It's a very natural feeling. In the normal condition of things gray hairs belong to advanced age. They have no business whitening the head of man or woman, who has not begun to go down the slope of life. As a matter of fact, the hair turns gray regardless of age, or of life's seasons; sometimes it is whitened by sickness, but more often from lack of care. When the hair fades or turns gray there's no need to resort to hair dyes. The normal color of the hair is restored and retained by the use of
