MOUNTAIN VIEW CEMETERY—City Surveyor D. W. Kinnaird has just completed for the city a handsome map of Mountain View cemetery, showing a complete survey of every lot within the cemetery boundary and containing all the history that is known or that it was possible to obtain about it from any source. Many of the graves are without headstones or even so much as a board to mark the resting place of the dead. Stakes have been set at the corner of every lot showing the boundary, the numbers on the stakes corresponding to the numbers on the plat. Blue prints will be made from this, for the use of the sexton, upon which will be written the names of all persons buried in the cemetery. There are 90 lots of various sizes and shapes, represented by yellow colors, that belong to the city in which no one has been interred and 16 lots represented by pink colors in which paupers and unknown persons are buried. There are 405 lots in the cemetery altogether and about 1000 persons have been buried there since the cemetery was laid out. Mayor Caulfield and the present members of the city council have made the first effort to bring order out of the chaotic condition of the cemetery. So far as anyone knows the cemetery was never surveyed and laid off in lots before, but the sexton was permitted to dig a grave anywhere or for that matter any individual could dig a grave for a friend or relative without regard to the location of any other lot and as a consequence there is some waste land that cannot be utilized for burial purposes but may be used sometime in beautifying the cemetery when the city gets in a condition to erect fountains and line the walks and drive-ways with flowers. Under present conditions the title to all the lots is yet in the city, burial permits only having been issued, but the council will shortly authorize the recorder to issue deeds to all those entitled to them. But for this survey the city would soon have lost, by statute limitations three-fourths of an acre on the south and west of the cemetery. The city has purchased 2.80 acres off the McGeehan tract, lying south of the Masons and Odd Fellows cemeteries and lapsing on the southern corner of Mountain View cemetery 60 feet, amply sufficient for a good driveway and connection with the cemetery proper. This additional burial space will be amply sufficient for the needs of the city for the next 15 or 20 years, by which time some private cemetery association will perhaps relieve the city of the necessity of conducting a grave yard.

SNOW FALL AT GOVERNMENT CAMP.—Rev. A. J. Montgomery is in receipt of a letter from O. C. Yocum, who conducts the voluntary observers station under the United States weather bureau, at Government Camp upon the summit of the Cascade range, the highest point in the Barlow pass, at an altitude of 3580 feet in which the average snow fall for the past two years is given. The snow fall for January, 1896 was 66 inches and but 23 inches for the same month in 1897; for February, 1896 it was 73 inches and 76 inches in 1897; in March 1896, 65 inches fell, with 132 inches in 1897; during April 1896 the fall was 75 inches with but 36½ inches for 1897. During the first 20 days of May, 1896, 87 inches fell and only 10 inches for the same length of time in May, 1897, making 86½

inches more snow fall in 1896 than in 1897. On May 20 when the letter was written there were two feet of snow in the timber but Mr Yocum thought it would all be gone by the first of June.

MARQUAM'S FINE REMITTED.—P. A. Marquam of Marquam, the man who has the unenviable record of being indicted more times than any other man ever brought before the Clackamas county grand jury, having been indicted no less than fourteen times by that body for selling liquor without a license, has again escaped punishment and Clackamas county foots the bill. On a petition signed by a large number of his neighbors and the prosecuting witnesses in the last case brought against him, Goy Lord remitted his fine on condition that Marquam would not again engage in the selling of liquor. The petition was first presented to Judge McBride, in whose court Marquam was convicted, but the judge had no power to remit the fine or grounds for setting aside his decision, so Tuesday Marquam's attorney, Mr. Brownell, took the petition to Salem and upon the showing made the governor remitted the fine. Of course the county pays the costs in the case for it is far more able to meet them than is Mr. Marquam, who in addition to having his business ruined by this trial has been put to a great deal of expense. To an unsophisticated newspaperman the pardoning of this man Marquam on his promise not to again violate the law is a good deal like turning a horse thief loose on condition that he will not again molest other people's horses. There is as much justice in one as in the other. It is just possible that these signers had financial as well as philanthropic reasons for helping Mr. Marquam out of his scrape, for he has been an annual source of revenue to a goodly number of people, whose witness fees came in handy each year to meet their taxes, if they were fortunate enough to have any to pay. But just where the other taxpayers of the county have been profited by these fourteen indictments with the attendant cloud of witnesses for each, is the conundrum, for Marquam was not a bit economical in his use of witnesses, even boasting to District Attorney Cleaton before his last trial that he would make it cost the county as much as possible in witness fees. But the taxpayers of Clackamas county are meek and long-suffering, remembering the Scriptural promise that the meek shall inherit the poorhouse.

OS MR. HOOD'S SUMMIT.—The Hood River Glacier gives the following account an ascent of Mt. Hood which is a second breaker: Wednesday of last week Rev. E. M. Wilbur of Portland and W. A. Langille climbed to the summit of Mt. Hood, making the ascent from Cloud Capp Inn in a little less than six hours. They stayed but a few minutes on the summit, where the air was warm and comfortable and the view in the clear air remarkably fine. The Columbia could be seen from Arlington to Kalama and Saddle mountain, south of Astoria, was distinctly seen, also some buildings in the vicinity of Portland. This is, by six weeks, the earliest ascent of Mt. Hood ever made, no one having previously made the climb earlier than July. There is much less snow on the mountain than usual at this season, and the climbing was unexpectedly easy. The roads are clear of snow up to within two miles of Cloud Capp Inn.

SILVERTON MARINE BAND.—Lovers of high grade music will not forget the band concert at Shively's opera house, Saturday evening, June 5, by the Silver-ton Marine band of 24 pieces. This is one of the best bands in the state and their concert will be strictly first-class and up-to-date in every particular. They will doubtless be greeted with a large audience on the occasion of their first appearance in this city. The price of admission has been placed so low that no one need stay away on that score, only 25 cents for an entertainment worth a dollar or anyone's money. Watch for the big street parade at 4 o'clock Saturday afternoon.

MISSIONARY MEETING.—The Portland Union of the Baptist Woman's Home Missionary Society held its quarterly meeting with the ladies of the Baptist church of this city Tuesday. About 50 members of the Union came up on the Altona in the morning returning at 4:30 p. m. The ladies of the local church served a delightful luncheon during the noon hour. The character of the home missionary work among the Mormons was the subject for discussion, during which a number of interesting papers were read. The program was interspersed with appropriate music.

FREE ENTERTAINMENT.—Falls City Lodge No. 59, A. O. U. W., will give a fine musical and literary entertainment at Weinhard's hall next Friday evening, June 8. The best local talent of the city, assisted by several from Portland, has been secured. Grand Master Werlin and Grand Secretary Newton Clark will also be present. The entertainment is absolutely free and everybody will be welcome.

RESIGNED.—The resignation of Rev. Joseph DeForest as pastor of St. Paul's Episcopal church of this city, was accepted at a meeting of the vestry Tuesday evening. It is understood that the reverend gentleman has received a call at the Dalles.

GRANTED A VACATION.—Rev. T. L. Jones, pastor of the Methodist church, whose health has been very poor for some months past, has been granted a three months vacation and will leave next week for a stay of a couple of weeks in the Viola and Currinsville neighborhood, where he was pastor some 20 years ago where he first entered the ministry. On his return he expects to go to Lower Soda springs near Lebanon in Marion county and remain during the rest of his vacation in hopes of regaining his broken health. During his absence from the city his pulpit will be filled by Dr. Kahler, of Southern Oregon, who will be remembered as assisting in evangelistic services last winter. The doctor and his wife arrived in the city Wednesday and are ensconced in the parsonage.

TOOK A TUMBLE.—While playing on the bluff back of George A. Harding's residence with a number of other boys Tuesday afternoon, Gilbert Herren, the 9-year old son of George Herren, of this city, lost his balance and tumbled down the hillside for 40 or 50 feet. The loss of a front tooth was the most serious damage sustained and the next day he was ready to play again.
