Independence Day at Union Park—A Masterly Oration.

REDLAND, July 5.—The united effort of Redland and neighboring communities to celebrate our nation's birthday at Union Park on July 3d was an immense success and gives one more illustration of the old maxim, "In union there is strength." A great crowd of happy people witnessed the various amusements provided by the committee to whom great credit is due for the success of the occasion. It is a fine place for public gatherings and we hope many more may be held there. The band, which is a home institution, did nobly and contributed in no small way to the enjoyment of the day. The liberty car with its precious load of happy youth, emblematic of our glorious union, received an ovation on its appearance at the speakers' stand. The oration by Hon. Geo. C. Brownell bore the mark of a master mind. His subject was "Our Liberty," and he showed at what tremendous cost it had been obtained and how we should prize it. In closing his remarks he told how, in his estimation, the constitution could be amended so as to still better our condition and I think that all present, regardless of political belief, could agree with him, and if at some future time he should come before the people to advocate such a cause as he outlined the people should once more unite and send him where his eloquence will avail more than at a Fourth of July celebration, namely, a seat in the U. S. senate.

Stafford Notes.

STAFFORD, July 5.—Independence day was celebrated here by a picnic in Gage's park. Over 250 people were present and a rousing program was rendered. A recess was taken at the noon hour and a large table was spread with choice edibles at which all stood to lunch. Lemonade was served free. A stand where ice cream and soda was on tap was well patronized. Four large swings, one of which swung out over a canyon 40 feet deep, were kept going incessantly. Foot races and games were enthusiastically indulged in. We believe we are the only community in the county that celebrated the nation's birthday on the Fourth.

Much hay is in the fields. Weather, the past two weeks, has not been favorable for curing hay, so many farmers have not got their clover mown, although it is nearly ripe.

Wm. Schatz is having two large sheds put on his barn.

The Gage boys are turning over clover sod with a three-horse team. They find that the ground is very dry after they get down about six inches.

The cherry season is almost a thing of the past.

Zack Ellington is having new stairways put in his residence and the rooms finished.

Early apples are now being used. Also new potatoes.

Late potatoes are most all up and the cultivator are busy.

Some grain has begun to color.

Borings Breezes.

BORINGS, July 6.—Nearly everyone from Borings and vicinity attended the celebration at Sandy yesterday and judging from the reports that are coming in all were well pleased.

Bert Richey, Charley and Dempsey Chambers leave for Eastern Oregon, today. They will cross the mountains with a team and wagon.

The Union Sunday school held an election of officers one week ago last Sunday.

Those elected were as follows: Superintendent, Mrs. Borings; secretary, Miss Ada Welch; assistant secretary, Frank Hickey. All the teachers keep their classes as heretofore.

Orrville Boring went to Portland to spend the Fourth.

Mrs. Nora Richey's health is said to be improving.

Farmers are greatly pleased with the fine weather, as hay is dead ripe and needs cutting badly.

Grain is looking splendid and a good crop is almost certain.

Dodge Notes.

DOBGE, July 3.—There have been some changes here recently. C. C. Hoops has bought a place at Oretown, Tillamook county, and has moved there with the intention of making it his permanent residence.

Joseph Reid has sold his place to parties at Clackamas station who propose to move here in the near future.

Miss Rose Eby closed a successful term of school in this district, No. 78, on Friday of last week. General satisfaction to the patrons of the school was given and Miss Eby, though this was her first term, has proven herself a teacher of marked ability. At the close of the school the pupils gave an entertainment, the various parts in which were well rendered. The club swinging class was the leading feature of the evening. The following is the program as given: Song of Welcome, O. B. Taylor, W. Taylor, George Bowdish, Mrs. Bowdish, Mrs. E. Miller; recitation, Welcome, Marjorie Myers; song, This is the Way, Infant Class; dialogue, Welcome; dialogue, What the Studies Say; tableaux, The C; recitation, Six Years Old, Josie Reid; song, Surely My Teacher May Depend on Me; recitation, Geography, Loyd Crane; tableaux, The Nations; recitation, Lost Baby, Edna Miller; chorus, Beautiful River; recitation, Before and After School, Ethel Bowdish; recitation, Vacation, Maggie Albright; dialogue, Return of the Wanderers; recitation, Cheerfulness; song, The Froggy School, Infant Class; essay, Turkey and America; dialogue, Work and Win; recitation, Vacation, Elva Albright; song, Now Is Our Labor Ended; recitation, Woman's Rights, Maude Myers; recitation, Let the World Know You're a Man, Loyd Crane; dialogue, Home Study; recitation, Conductor's Song; song, Farewell; recitation, Kate Shelley; recitation, The Polish Boy; club swinging; song, Good Night.

We are having plenty of rain and

would be glad to have it stop until the haying is done. Fall grain is looking fine, hay will be short and fruit about half a crop.

The H. C. Valentine saw mill is again in full blast making lumber for any persons who may want lumber at low rates. Wm. E. Myers has charge of the mill.

Twin City Notes.

PARKPLACE AND GLADSTONE, July 6.—Chas. Tatrof left Thursday evening for Eastern Oregon, where he will seek employment.

Master Ralph Parker who has been spending the summer vacation at Hutchins' farm, eight miles up the Clackamas, spent the Fourth at his home in Gladstone.

Miss Zilpha Galloway in company with Miss Wilson visited friends in Logan on Saturday and Sunday.

Frank Brown and Louie Himier took in the excursion to Hood river on the Fourth.

Mrs. Grace Rounds of Grass Valley is visiting at the home of Capt. Smith.

J. W. Whetstone left Sunday for Grass Valley where he will work at harvesting.

Lee Jewett returned Saturday from the lower Columbia.

Willie Duval left for Portland Monday, where he will enlist on the battleship Monterey.

Chas. Dauchy, came home Sunday from Portland where he has been employed in the Oregon Packing Co.'s cannery. After spending the Fourth at home he will return to Portland.

A horse belonging to Mr. Irish of the Parkplace tannery was killed Saturday while trying to jump a picket fence, being frightened at a passing electric car.

Quite a number of our people went on the excursion to the Cascade locks on July 3d, and all report a very pleasant trip.

Fred Hargreaves, one of our brave militia boys, returned Monday from the encampment at Hood River.

Messrs. Ed Botommler, Fin and Frank Nicholas and Miss Lydia Botommler, all of Highland, are visiting at the home of Mr. H. Jewell.

Mr. and Mrs. Lawrence of Clackamas have organized a mission Sunday School, which meets every Sunday at 3 o'clock, in the Riverside addition to Gladstone. About thirty children, who, owing to the distance from either Oregon City or Parkplace, would otherwise be unable to attend a Sabbath school, are thus given an opportunity for moral and religious instruction. The superintendent and pupils would appreciate visits from the good people of Oregon City or vicinity who would take an interest in this much needed work.

Henry Rubens and sons, Jos. and Theodore, and nephew John Rubens, of St. Louis, Marion county, were visiting at the home of Mrs. E. J. Garrow during the first part of the week.

Eagle Creek Notes.

EAGLE CREEK, July 5.—Mr. Freeman's dwelling house and wood house were burned to the ground last Wednesday with most of their contents. No insurance.

Quite a number of our citizens attended the celebration at Union park on July 3d and spent a very pleasant day.

Deputy Assessor Priestly has been assessing in this precinct the past week. Rev. Moore of Gresham has been holding a series of meetings at the Eagle Creek school house for the past two weeks which closed yesterday.

Mr. and Mrs. George Douglass from near Clackamas are visiting relatives at this place. Mr. J. Modie and son Guy made a trip to Portland last week.

There has been abundant rain in this vicinity and it is still raining.

Willard Udell of Chenoweth, Washington, is visiting his parents.

G. Udell is recovering from injuries received by being thrown from a horse some time ago.

Smryna News.

SMRYNA, July 5.—Quite a number from here attended the campmeeting at Gladstidings yesterday.

Miss Ida M. Yoder and Miss Mary E. Lantz are delegates from the Christian Endeavor Society here to the international convention at San Francisco. They left for the that city via the S. P. R. R. last Thursday evening.

The cloudy, showery weather last week was fine for growing crops but haying has been somewhat retarded.

Most of the residents of this locality attended the glorious Fourth at Monitor, where an immense crowd gathered to hear the Hon. Walter L. Tooge of Woodburn discourse on patriotism. The day, like the program, was exceptionally fine.

Our young people are all at home again for the summer vacation. "Be it ever so humble, there is no place like home."

Clackamas Items.

CLACKAMAS, July 6.—Most of the people here attended the celebration at Gladstone Park but the rains made it bad for pedestrians.

Mr. Roadarmel, who was shot by Chas. Lescor, has recovered sufficiently to be around and will soon be able to work again. Lescor has succeeded in furnishing the necessary bonds and was released from jail Tuesday of this week.

M. Yaumans, one of our highly respected citizens has caused some of our young men to present rather a melancholy appearance by taking a handsome young lady for his wife.

Mrs. M. L. Manning was taken quite sick while attending the celebration at Gladstone Park, July 5th, and had to be taken to her home.

We have had an abundance of rain and need some good weather now in order to save the hay crop.

Money for Farmers.

When it comes to buying harness, saddles, whips or robes the prices and work to be had at Willey's harness shop cannot be duplicated in Portland. Repairing done in good shape and promptly. Full line of shoes carried and sold at full rock prices. Shoe repairing attended to. Willey's loggers and farmers hand made shoes have no superior. Call at his shop on Seventh street near the depot and see how big a dollars worth you can get.

OREGON CITY WATER COMMISSION.

Annual Meeting Held and Report to City Council Made.

Tuesday evening the Oregon City board of water commissioners held their annual meeting at the parlor of the Bank of Oregon City. Commissioners C. H. Caulfield, H. C. Stevens and T. L. Charman and Superintendent W. H. Howell were present. After transacting some routine business, the annual election was held resulting in the re-election of Mr. Caulfield for president, Mr. Charman for secretary and Mr. Howell superintendent. The semi-annual report to be submitted to the city council Wednesday evening was then prepared, which is as follows:

OREGON CITY, OREGON, JULY 1, 1897
To the Honorable, the Mayor and City Council of Oregon City, Oregon,
Gentlemen:

We herewith submit our semi-annual report of receipts and disbursements for the past six months.

There have been laid on 7th street from Monroe street to Molalla avenue, in place of the old 4 inch main, 1000 feet of six inch castiron pipe at a total cost of \$1000.00 which includes the setting of hydrants and gates, and re-connecting consumers' service pipes. In our annual report of January 1st, we estimated that at least \$1000 would be required for this improvement. This makes a continuous 6-inch main from reservoir to Center street on Fifth street, from where the main is 8 inches thence to the pumping station.

The 1000 feet of 4-inch main has been re-laid as follows: 1 block on Jackson street from 7th to 8th streets, connecting present 4-inch main on 8th and Jackson streets with the reservoir main, suitable gates being placed so that service can be had from either pumps or reservoir. 1 1/2 blocks laid on Jackson street north to 13th street and thence west on 13th street to J. Adams street, where a hydrant was placed. 2 1/2 blocks laid on 13th street from Main street to Washington street and thence south to center of block where a hydrant was placed. This main takes the place of a 2-inch main which will be relaid elsewhere. The hydrant in this locality will furnish good fire protection for nearly twenty houses.

Eight new tappings have been made since January last.

There has been a great improvement in the service, and in the ease with which the union pump now supplies the reservoir since the new 6-inch main has been relaid. This gives an abundance of water for domestic service and fire protection for all sections of the city now supplied with mains.

We suggest that the city furnish an improved hydrant to place on 9th and J. Adams street which will give good fire protection to that vicinity.

All Report a Change for the Better and Will Persevere.

JULIUS HOBBS, M. D.

Our fellow townsman C. G. Huntley, the Druggist, did not expect so soon to get favorable reports from applicants who procured from him free samples of Dr. Hobbs Sparagus Kidney Pills.

The test made so far by the users of the free samples, show that these remarkable pills produce favorable results with a degree of quickness heretofore unknown in the treatment of Kidney, Bladder and Blood diseases, and allied ailments.

Those who have used them have been encouraged to persevere with the treatment, knowing that they could not expect the five days treatment contained in the sample box, notwithstanding the remarkable results obtained so far, would effect a complete cure. Kidney disease is of imperceptible and insidious growth; it takes months to develop even the symptoms. Reason experience suggest that it takes more than a few days to cure. Fortunately, Dr. Hobbs Sparagus Kidney Pills begin the good work of cure with the first dose. The results are evident from the beginning. The delightful effects of these Pills induce the patient to continue their use until cured. They are easy to take, easy to buy, easy to get, and bountiful in good results.
