BUILDING NOTES.

The Building Season Fairly Under Way in Oregon City and Vicinity.

Despite the cry of hard times Oregon City continues to grow quietly and steadily. Among the recent improvements we note the following:

Will Cannon is erecting a neat cottage in West Gladstone and will move his family from Oregon City to his new home the last of this week. Mr. Cannon is employed in the Willamette pulp and paper mills.

Russell G. Case has had his house on Fourth and Monroe streets raised up and a new foundation put under it. He is also putting a story and a half addition to the front part of the building. When completed he will have one of the pleasantest residences in the city.

J. W. Huffman has just completed his house on Apperson avenue and will move in this week.

J. D. Renner has just completed his contract of raising R. G. Case's barn so as to put another story under it. The building is 40x80 feet.

The New Congregational church at New Era is rapidly nearing completion. It will be one of the finest church buildings in the county when finished. The finishing material was all furnished by G. H. Bestow & Co. of this city.

Cicero Rinearson's fine new residence near Gladstone is completed and ready for occupancy, and although Mr. Rinearson is a single man it is quite evident that he has no intention of always remaining so.

Mrs. Buck's cottage on Main street between 13th and 14th, which was recently purchased by Dr. Paine, is undergoing a thorough overhauling. It is being enlarged by the addition of a north and south wing, and a porch which will go around the entire front of the house. With these improvements completed it will be a very commodious and comfortable residence. Dr. Paine will move from his present dwelling on the West Side to this house about the last of August.

The eight room residence of Robert Freytag, which he is having built on Main street near his place of business, is rapidly nearing completion. The plasterers will have their work finished this week, when it will be ready for the finishing touches to be applied by the carpenter and painter.

The foundation walls of the new residence of C. G. Huntley, which is being constructed on the corner of Washington and Ninth streets, have been completed and the contractors, White Bros., have commenced putting up the frame work. The house will be of eight rooms, and will have all the conveniences of a modern, up-to-date home, and will make Mr. and Mrs. Huntley a very comfortable residence. It has one of the most slightly locations in the city, commanding a fine view of the lower part of Oregon City, and the Willamette river, and the intervening country between this place and Portland.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

School closed in district No. 33, with an extensive program by the pupils, at the close of which was given a mock trial. After the trial the baskets were sold to the highest bidder. Although the receipts of the evening were not very large, \$6.25, it was quite well, considering that the number of baskets were small. The program was well rendered and was listened to and appreciated by a large audience, numbering about 250 people. In conclusion we wish to express our thanks to those who so kindly and willingly assisted us in making the entertainment a success.

It Is Greatly To Your Interest

To consider the wisdom of this little bit of plain advice we are going to give you about tea. Tea is as little understood by the average merchants as by the average consumer. He may charge you 75 cents for a tea worth 25 cents and still not make a large profit. He buys his teas like the consumer, from appearances solely. The fact is, the prettiest looking teas are artificially colored and have lead, terra-alba and other matter added to increase their weight. It's small wonder so many people prefer coffee and don't care for tea. A pound of pure tea will make from 200 to 250 cups. It is therefore not expensive. As it is the principal beverage of nearly three-quarters of the people of the earth it must be considered wholesome. Our stock is a feature of our business. We carry the largest stock and greatest variety. We can make you all tea drinkers if you'll give us a chance to find what suits your taste, and you will never regret it. Samples cost you nothing.

SEVEN GREAT SERIALS

A New Life of Grant by Hamlin Garland. The first authoritative and adequate Life of Grant ever published. Lavishly illustrated. (Begins in December.)

Rudyard Kipling's first American serial, "Captains Courageous." (Begins in November.)

Robert Louis Stevenson's "St. Ives." The only novel of Stevenson's still unpublished. (Begins in May.)

Chas. A. Dana. "Recollections of Wartime." Mr. Dana was for three of the most critical years of the Civil War practically a member of Lincoln's Cabinet, and is probably better fitted than any other man living to give an authoritative history of this period from his recollections and correspondence.

Portraits of Great Americans. Many of them unpublished. In connection with this series of portraits it is intended to publish special biographical studies under the general title of MAKERS OF THE UNION from Washington to Lincoln.

Stories of Palestine. Specially taken under the editor's direction. Pictures of Adventure. A serial by CONAN DOYLE, in which he will use his extraordinary talent for mystery and ingenuity which have, in the "Sherlock Holmes" stories, given him a place beside Poe and Gaborian.

TEN FAMOUS WRITERS

Ian Maclaren. All the fiction that he will write during the coming year, with the exception of two contributions to another publication which were engaged from him long ago, will appear in McClure's MAGAZINE.

Joel Chandler Harris. A series of new animal stories in the same field as the "Brer Rabbit" and the "Little Mr. Thimblefinger" stories.

Rudyard Kipling. Besides "Captains Courageous," Kipling will contribute to McClure's all of the short stories he will write during the coming year.

Octave Thanet is preparing for the MAGAZINE a series of short stories in which the same characters will appear, although each will be complete in itself.

Anthony Hope Bret Harte Robert Barr Frank R. Stockton Stanley Weyman Clark Russell will all have stories in McClure's for the coming year.
