Died.

WILLIAMS—At the family residence in this city, on Sunday, Aug 15, 1897, Allyn Clare, infant son of E. E. and Elizabeth Williams, aged 1 month and 15 days.

Little Allyn was sick only a few hours when death claimed him for his own. Although but a finger's breadth of time was granted him he had entwined himself around the hearts of his parents as only a baby can. The baby's obituary can only be a chapter of love, but is there not a place for it, and has not the world a deed for it just as it has for the tenderness which the babies themselves inspire? No sweeter blessing ever came to human hearts. The bereaved parents have the sympathy of many friends in their sore affliction, and while earthly ties have been rudely severed, he belongs to those who loved him still and some day their arms will find him again.

The funeral services were held from this family residence, Monday afternoon at 5 o'clock, conducted by Rev. M. L. Rugg. The music was furnished by Mr. and Mrs. A. S. Dresser, Mrs. Chas. Albright, Miss Mattie Draper, Mr. J. W. Loder and Mr. V. Harris. The pall bearers were Messrs. Will Parker, Will Leithwaite, W. H. Burghardt and Chas. Wilson. The floral tributes were many and beautiful. The interment was in Mountain View cemetery.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, Constipation and Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Charman & Co's Drug Store.

**Pill Clothes.**  
The good pill has a good coat. The pill coat serves two purposes; it protects the pill, and disguises it to the sensitive palate. Some coats are too heavy; they won't dissolve, and the pills they cover pass through the system, harmless as a bread pellet. Other coats are too light, and permit the speedy deterioration of the pill. After 30 years exposure, Ayer's Sugar Coated Pills have been found as effective as if just fresh from the laboratory. It's a good pill, with a good coat. Ask your druggist for
