

PATRONIZE OUR HOME INDUSTRIES

The prosperous community is the one that within itself, most supplies its own people in their various needs, and by selling much and buying little, keeps its money from going abroad.

Our farmers and manufacturers would each have a better market for their products, if our people would encourage our local manufacturers by giving preference to their products over those imported from other places. Were such the practice, it would not be long until Clackamas county would be one of the greatest industrial centers on this Coast.

When Mrs. Frances Hodgson Burnett was first presented to Du Maurier, who was, in point of fact, rather an undersized man, she exclaimed: "Oh, I am so glad that you are not six feet tall!" "But why?" asked Du Maurier. "Because for these many months," replied Mrs. Burnett, who is considerably below medium height, "you have simply denied us the right to live. You have made us feel that a woman who is not six feet tall has not the right to exist." "Oh, that is only a trick of mine!" laughed Du Maurier. "I have started again and again to make my heroine a little woman, but before I know it she has somehow grown way beyond my own recognition."—American Queen.

He Had Failed.
"My friend," solemnly remarked the man in black, "you don't know how hard it is to lose your wife." "Hard?" he echoed. "My dear sir, it is simply impossible."—Chicago Times-Herald.
