### TEACHERS' MEETING AT CONCORD.

An Interesting Session Held and a Number of Resolutions Passed.

Clackamas County Teachers' Association meeting called to order by Supt. Starkweather.

Miss Porter being absent, Miss Jennie E. Rowen was appointed secretary. The association opened by singing "Columbia the Gem of the Ocean," Mrs. Alice Starkweather presiding at the organ.

The minutes of the previous meeting were read and approved.

The next place of meeting was discussed at some length; Clackamas and Redland both sent invitations, but Redland was finally chosen. Supt. Starkweather appointed Chas. Rutherford, N. W. Bowland and Edna Ross to prepare a suitable program.

Chas Rutherford then furnished the audience with a comical selection entitled "Elder Lamb's Donation."

A cornet solo by Miss Clayson was much enjoyed by all.

"Methods of Teaching History" was introduced by L. T. Anderson. He said: "Teachers must fully comprehend the meaning of the word history. It is the most glorious as well as the most instructive thing we can teach. The benefits to be derived are interest, moral influence, preparation for citizenship."

Messrs. Bowland, Thomson, Gary and Misses Ross and Lewelling took part in the discussion.

Miss Bessie Evans then recited. The teachers always appreciate having Miss Evans with them.

It was then announced that the teachers were wanted to perform part of the program outside and not one asked to be excused. The meeting then adjourned to meet in the school house at 1:30 p. m.

A most delicious lunch had been prepared by the good cooks of Concord and the teachers did ample justice to this part of the day's exercises.

Mrs. Derry and the Misses Clayson favored the teachers with a beautiful song, responding to a hearty encore.

Messrs. White, Meindie, Fitch and Miss Rogers and Mrs. Bradley were elected to membership of the association.

The next subject was a debate, "Resolved, That whispering should be absolutely prohibited" was then discussed, A. C. Strange and Miss Rowen on the affirmative and T. J. Gary and Chas. Tallman on the negative.

The subject of "Civil Government" was discussed by W. W. Austin.

The most laughable part of the program was "Recollections of their school days" by W. A. Starkweather, Mr. Robertson, Mr. Thomson and Mr. Risley.

The following resolution was then passed. "Resolved, That we, the teachers of Clackamas county, do hereby extend our hearty thanks to the editors of the OREGON CITY ENTERPRISE, the Herald and the Courier for the practical interest they have manifested in our school by giving to each of them during the time each is in session a free subscription to their papers"

A resolution was also passed, thanking the people of Concord and also Miss Evans for the hospitable manner in which the teachers were entertained.

On motion association adjourned to meet the last Saturday in October.

JENNIE E. ROWEN, Sec. pro tem.

### Soldiers at the State Fair.

Wednesday forenoon there passed through Oregon City a detail of troops from Vancouver barracks en route to the state fair grounds, near Salem where they will go into camp and remain until October 8th, the close of the fair.

This detail of troops consisted of four companies of the Fourteenth infantry, one troop of cavalry and the Fourteenth infantry band, consisting of twenty-five pieces. The force had with it 100 head of horses, and the teams hauling supplies and outfits. The trip will be made in the way of a practice march.

will be an agreeable change from barrack life for the soldiers. The presence of the troops at the fair is due to the interest taken by Senator Geo. W. McBride, who personally communicated with General Alger, secretary of war, and the orders for the soldiers to be sent to the fair were forwarded by the war department to General Merriam.

This will be an excellent opportunity for the people of Oregon, to witness the life of the soldiers in camp, and get an acquaintance with the "boys in blue" who are fed, clothed and paid for the purpose of protecting the country from its enemies, without and within. The presence of the soldiers will do much to enliven the fair grounds during the ten days meet, while the presence of the 14th infantry band will add greatly to the pleasure of the fair.

### SKULL CRUSHED.

Waldo N. Martin Severely Injured by a Horse.

Last Friday afternoon Waldo N. Martin and Earnest Livermore started from Oregon City with a team and camping outfit, intending to go to Roseburg, where Mr. Martin had a blooded colt he expected to bring back with him.

They had proceeded on their journey as far as Brooks' station, where they went to a blacksmith shop to have some shoes put on the hind feet of a cayuse they were driving. Martin, who has had a great deal of experience in handling horses, went to unhitch the cayuse, putting his hand on the animal, when it began to kick. He managed to get beyond the reach of the horse's heels and when it became quiet proceeded to finish his task, when the cayuse kicked again, striking the young man on the head, crushing the left half of the frontal bone and the nose.

Adolphus Willey got a team and drove to Brooks that evening upon being notified of the accident, and brought the unfortunate man to this city on the overland train Saturday morning. He was taken to the Oregon City hospital, where the wound was dressed and portions of the skull and bones of the nose removed and everything possible that would aid in his recovery or minister to his comfort was done for him. The injury is a very serious one and but slight hopes are entertained for his recovery.

The injured man is 26 years old and has resided with and worked for C. A. Willey for a year past. He has many friends in the city who sincerely regret the accident. His parents live in Sumner, Iowa, and have been notified of his condition.

**Skull Trephined.**  
At the State insane asylum Monday, Drs. W. T. Williamson and L. F. Griffith assisted by Dr. Carl, of Oregon City, performed an operation in the shape of trephining the frontal bone of Robert Beattie, the expectation being that the reason of the man will be restored. Mr. Beattie was sent to the asylum a few weeks ago from Clackamas county. His brain trouble was caused by a hurt received on his head by the explosion of a shotgun in his hands several years ago, physicians were of the opinion that his insanity was caused by an abnormal growth on the inside of his skull making an unnatural pressure on the brain. The operation was quite successful.—Statesman.

Mr. Beattie stood the operation well and was perfectly willing to have it performed after consulting with Dr. Carl. When he came out from under the influence of the anesthetic he was perfectly rational. The inner skull was found to be fractured and depressed the same as the outer one. The physicians will be able to determine in a week's time whether or not the operation will result in permanently restoring Mr. Beattie's reason.

### AN ADJOURNED SESSION.

County Court Awards Contract for More Road Work.

The county court held an adjourned session Monday, when bids for the construction of a wagon road to Willamette Falls were opened.

Bids were received as follows:  
John Burke, of Portland, 25 cents per yard for removing dirt, 44 cents for loose rock, 62 cents for solid rock, and 30 cents for hard pan. To supervise the building of all bridges and trestles at 5 per cent of the cost of work.

Dan Lyons, 13 cents per yard for earth 35 cents for loose rock, 95 cents for solid rock, \$50 per acre for clearing and grubbing right of way; to put in all bridges for 20 per cent above actual cost of labor and material.

Smyth & Howard, 12 cents per yard for earth, 38 cents for loose rock, and 70 cents for solid rock.

After taking the bids under advisement for a time the court awarded the contract to Smyth & Howard, who will begin work the first of next week.

Figuring on the engineer's estimate of 5540 yards of solid rock to be removed, 1,200 yards of loose rock and 3,703 yards of dirt, the bids aggregate the following amounts: Smyth & Howard, \$4,778.38; John Burke, 4,888 05; Dan Lyons, \$4,996.39.

The contract covers the building of 5,000 linear feet of new road commencing at a point north of the West Side electric station and going westward toward Willamette Falls and practically covers the entire cost of the road as the balance is through loose dirt that can be easily and cheaply handled.

### Our Edible Mushrooms.

From the Salem Journal we clip the following article descriptive of the Oregon mushrooms which is of interest to the people of Clackamas county as all the edible varieties of this vegetable are found here:

"Dr. D. A. Faine, superintendent of the Oregon Insane asylum, is an enthusiastic over the Oregon mushrooms. He has made a scientific study of this peculiar vegetable growth and knows the varieties probably as well as anyone in Oregon. Speaking on the subject this morning he said:

"It is a pity that so few people know the edible mushroom and appreciate their value as food. It is a well known scientific fact that a pound of mushrooms contains as much nutrition as a pound of beef. But on account of the reputation of a certain poisonous variety the great majority of people are afraid to eat them. At present tons and tons of the choicest variety are going to waste. I was out this morning and gathered a bushel and a half in a short time. There are in Oregon over a hundred varieties of edible mushrooms, and only one kind that is fatally poisonous. It can easily be distinguished by its root. It springs out of a socket at the bottom. All others have a tapering stem, or only a slight bulb at the bottom. There is a large, pure white variety that is very plentiful at present that is very fine eating. Of course, all know the common pink or cream meadow mushrooms are well known and appreciated by a great many people. There is a large mushroom, called the shaggy mane, on account of having a mane, that is very fine and not much used. All mushrooms are very delicate and should be cooked for the table as soon as picked. They soon spoil and become unfit to eat. Prepared in the right way the Oregon mushroom is as palatable as oysters and can be cooked in as many different ways. A very little study of the subject in an encyclopedia or text book on the question will enable any one to gather them and run no risk whatever in eating them."

**Jubilee Singers.**  
The Nashville Students gave their entertainment at the Masonic Hall Monday night, as advertised. Taken altogether it was decidedly the best thing of the kind that has ever visited this city. The audience was large, and appeared to be thoroughly satisfied with the performance. Their singing was first-class and they were frequently encored. The "comic man" Mr. Cary, was perfectly imitable in his parts, and brought down the house every time. Should they ever return here they would be sure of a very large house.—Republican, Greenfield, Penn. These celebrated singers will give a Y. M. C. A. benefit in the Baptist church Saturday evening.
