The Shakers have made a discovery which is destined to accomplish much good. Realizing that three-fourths of all our sufferings arise from stomach troubles, that the country is literally filled with people who cannot eat and digest food, without subsequently suffering pain and distress, and that many are starving, wasting to mere skeletons, because their food does them no good, they have devoted much study and thought to the subject, and the result is this discovery of their Digestive Cordial.

The editor of the American Monthly Review of Reviews makes some pertinent comments on the recent shooting of striking miners by deputy sheriffs at Lattimer, Pa. He shows that the local prejudice against these foreign-born laborers was intense, that many Americans who had worked in the mines before the foreigners came had drifted into other occupations in the Pennsylvania towns and villages of the coal regions, and that the mine owners had brought in more laborers than were needed, which helped to keep wages close to the starvation point. These conditions go far to account for some of the deplorable doings at Lattimer.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Maryland. The 25 and 50 cent sizes for sale by G. A. Harding.

There is a very powerful story of the Spanish Inquisition in the Argonaut of October 11th. "Waters of Lethé" is the title of a striking story in the Argonaut of October 11th. It is from the pen of Gwendolen Overton, whose tales of army life in the west have attracted so much attention. Our State Fair.

The Oregon state fair which closes its session tonight has been one of the most successful exhibitions ever held in the 37 years of its history. The exhibition of farm produce, grains, grasses, dairy products and manufactured articles was very complete and varied, while the art department was especially creditable and the arrangement of the pictures highly complimentary to the good taste and judgement of Mrs. R. A. Miller, the superintendent.

The display of poultry, cattle and horses was not only unusually large but the quality could not be surpassed anywhere in the world.
