## THE ENTERPRISE CORRESPONDENTS SWEEP THE FIELD.

**Mink Notes.**  
Mink, Oct. 12.—E. W. Hornschub, who has been spending the last few weeks recreating in Astoria, has returned with about 350 pounds of salmon, and last Sunday he treated some of his neighbors to a genuine salmon dinner.

Martin Messenger begins school this morning at Union Mills. We wish him success.

Several of our young people attended the dance at August Blum's last Friday evening, and report having a good time.

Mrs. Adeline Dierck of Portland is visiting her sister, Mrs. Bertha Gintner, for a few days.

Fred Hettman and Henry Stenier went to New Era last Sunday. Wonder what the attraction now, boys?

Oscar Gintner, who has been in Portland a short time is home again.

Eddie Schmidt, our coming musician, has purchased an organ for his own personal benefit and to further develop his musical ability.

A dance was the program of the day at the home of Mr. Herman's, Sunday. Now, Mr. Editor, enjoy a good social dance once in a while and in its proper time. But it seems to me when people become so neglectful of the Sabbath day and begin to show such a thankless and disrespectful disposition for their Creator, they deserve the contempt of the better class of citizens.

There was a pie social given in the old Mink store last night under the auspices of the Y. P. S. C. E. of the German Congregational church. There was a large crowd present and the pies sold well, ranging from 30 cents to \$1.20. All had a good time in their way, but oh, what a way for some!

Plenty of liquor was there, and the way some were allowed to conduct themselves is a disgrace to the Y. P. S. C. E., or rather those in charge of the program. It is considered a sin by church going people to go to a nice social dance, but when you can go to a party or sociable given under its auspices, and give expression to the baser feelings and nature that lurks in the bosom of man, in the presence of those who are better disposed, is all right. Is it any wonder that so many so-called worldly people refuse to accept church doctrine, when they compare their own way with those on the other side?

We notice in your paper last week the report of a man having been fined \$25 for brutally treating his horses. Now I believe that man received a part of the justice due him. But what would be the degree of justice administered to a man who will beat his little eight year old boy with a horse-whip until the whip is broken into three pieces, and, not being satisfied with that, will go and hunt up a large leather strap and beat him for about ten minutes more besides punching him once in awhile with his fist? Such an incident happened last week near here, and we believe if any more such things transpire an effort should be made to exert justice in behalf of those concerned. The instrument or torture is now in possession of one of our neighbors as a curiosity.

### Smyrna News.

**SMYRNA, Oct. 11.**—Southern Oregon cattle men are picking up all the young cattle in this vicinity.

D. L. Yoder and his son Henry made a trip to Forest Grove last week, where the latter will attend the Pacific University the remainder of the school year.

Miss Ida Yoder and Milo Lantz returned from Hood River last Monday. They were delegates from here to the Willamette association that met there on the 1st inst.

H. J. Johnson sold his personal property at public sale last Thursday and has removed with his family to Portland.

If three removes are as bad as a fire there will be a number of poor families in this vicinity ere long, a moving spirit has struck our neighborhood with unusual severity this fall.

I. C. Ackerson and family visited the State fair last Wednesday and Thursday. Mr. and Mrs. Sam Crocker made a trip to Portland last week. Their daughter Maudie who has been visiting her sister since hopping, returned with them.

The saw mill here is like the weather factory mentioned in last week's ENTERPRISE, men on full time and then it cannot keep up with the orders, something that never happened during "Dollar a bushel for wheat" times promised in Cleveland's last election, but then there may be a scarcity of lumber in Europe at present, who knows?
