THE PLEASANT HILL COUNTRY .- The bright, balmy days of last week were not only greatly enjoyed by every one but they also admonished people to take a farewell stroll into the country before the rains made the roads too muddy for pleasant riding. Appreciating this fact P. F. Morey and F. T. Griffith secured a rig and drove out into the Tasiatin and Pleasant Hill country. Mr. Morey expressed surprise at the vast extent and richness of the farm lands of that gon City high school and will doubtless portion of our county. He was also surprised at the number of elegant farm residences encountered, surrounded by Dodge has moved his shingle mill from neat, well-kept farms, showing every Liberal to J. G. It was to learn some disposing of all he can turn out. thing of the value of the country tributary to this road that led Mr. Morey to take this trip as he wished to know whether this road would justify the large expense that its construction entailed upon the county and his company. Next spring the county courts expects to build the road out to Stafford, When this road is completed the residents of that section can reach Oregon City by traveling eight miles less than they now have to travel in order to reach Portland. The completion of this road will give our city the benefit of all that trade, the greater part of which now goes to the metropolis on account of the condition of the roads leading here during the winter. If those who whine about the expenditure of money for good roads would only whistle, how much happier they would be, and if those who sulk and grumble would only join the majority It is idle to experiment with other and become merry workers how much better it would be for all concerned. commodious church edifice of the Ger- cause this remedy has a record of cures man Lutheran denomination on the and besides is guaranteed.
