These are mostly American made rugs, and the

CLACKAMAS COUNTY ROADS.

Splendid Year's Work—Some Fine Turnpike Roads.

No other county in the state except
Multnomah, has expended so much
money in road building as has Clacka-
mas county. And in return for this out-
lay, which has been judiciously and
economically expended by our present
county court, we have some roads that
are not only a great convenience to the
traveling public but a source of pride on
the part of our citizens as well.

Among the most important work in
the matter of road building at present, is
the new road on the West Side being
constructed by Messrs. Smyth & How-
ard, the well known and successful con-
tractors. The present contract calls for
the construction of a wagon road from a
point opposite the water tanks of the
Willamette Pulp & Paper Co., along the
west side of the electric car line, to a
point beyond the canon near the Willam-
ette Falls depot, covering a distance of
6000 feet, or 720 feet more than a mile.

When completed the heaviest grade on
this road will be but 5 per cent, or a rise
of five feet in every 100 feet, giving about
the same grade as the suspension bridge
has. The roadway follows the side of
the bluff over some as rough country as
is found in the Cascade mountains until
it comes down the hillside to the flat
near the town of Willamette Falls. The
road will be 16 feet between all embank-
ments and 24 feet in excavations includ-
ing gutters. All timber, brush, etc, is to
be removed for 20 feet on each side of
the right of way. The contract price of
this road is \$4,880. The county court
began work on this much needed
thoroughfare late in the season so as to
draw on the road fund apportionment
next year to continue it on and connect
with the Wilsonville and Stafford road.

The Molalla road has been graveled
and put in excellent condition from the
city limits to the top of the hill beyond
Beaver creek and planked a mile further,
making five miles of good road this year
in that direction. This road, with a little
work and slight expense, could be put
in good condition to the Spangler hill;
then by changing the present location of
the road and going west for a quarter of
a mile and extending the present High-
land road down Buckner creek not only
could both the Spangler and Paine hills
be avoided but a better road obtained for
a small out lay than can ever be made
at almost any price by going over these
hills.

A mile of crushed rock and three miles
of plank have been put on the High-
land road this season.

On the Oswego road 1½ miles of
crushed rock and 2¼ miles of gravel
were put on this fall by the Portland
General Electric Co., making a good
road all the way between Oregon City
and Oswego.

The New Era hill has been cut down
to a 10 per cent grade and covered with
a good coating of gravel, assuring an ex-
cellent road during the rainy season.

The Oglesby hill south of Mark's
prairie has been reduced to an 8 per
cent grade and thoroughly graveled.

This does not include the general re-
pair and road work done in the 36 road
districts by the regularly appointed
supervisors, but only the work done by
special contract under the direction of
the court. Smyth and Howard were the
successful bidders in all of the above
cases and performed their work in a
manner highly satisfactory to all con-
cerned. Clackamas county, though per-
haps one of the most difficult counties in
the state in which to build roads on
account of its undulating topography,
will soon have roads that are good and
a pleasure to drive over either in sum-
mer or winter reaching out into all parts
of the county, enabling our farmers to
market their produce at any season with
ease and convenience.

Hardships In Unexplored Asia.

Considering the importance of his
work and the hardships he endured in
pursuit of it, there has been singularly
little written about the young Swedish
explorer, Dr. Sven Hedin. A few months
ago he completed a journey of three years
and seven months in the most inaccessi-
ble and least known parts of Asia. He
traversed mountain passes nearly fifteen
thousand feet high, in a temperature of
nearly forty degrees below zero; he ex-
plored and measured a lake nine hun-
dred feet deep; he climbed nearly to the
top of an unexplored mountain twenty-
five thousand feet high; he traversed the
unexplored Takla-Makan desert, and in
doing so went nine days without water,
losing all but two of his companions and
coming off himself with the merest spark
of life. Certainly here is a heroic story
scarcely equaled in the annals of travel
and exploration; and it has gone thus far
practically untold. But Mr. R. H.
Sherard has prepared a full account of
Dr. Hedin and his discoveries and ad-
ventures, based largely on conversations
with him, and it will be published in
McClure's Magazine for December, along
with numerous illustrations from
sketches and photographs made by Dr.
Hedin himself during his journey.

ON THE GRIDIRON.

Football Game at Gladstone Park on Thanksgiving Day.

Much interest is being taken in the
foot ball game to be played at Gladstone
park on Thanksgiving afternoon between
an eleven from F. Co., O. N. G., and the
Oregon City Athletic Club, and already
the ladies are doing the colors of their
favorites and it begins to look as though
the entire city would be out to witness
the contest. F. Co.'s team will wear
orange and white and the Athletic club
purple and white. The game will be
called at 2 p. m. sharp. The admission
is free and as most of the business
houses will be closed standing room on
the grounds will be at a premium. This
will be a most excellent opportunity to
work off the effects of a Thanksgiving
dinner. The boys will line up as follows:

F. COMPANY.	ATHLETIC CLUB.
Grassie	Center
McAusland	right guard
Boylan	left guard
Gregerson	right tackle
Shipley	left tackle
Hoffman	right end
Gibson	left end

The Greatest Discovery Yet.

W. M. Repine, editor Eskilwa, Ill.,
"Chief" says, "We won't deep house
without Dr. King's New Discovery for
consumption, coughs and colds. Experi-
mented with many others, but never got
the true remedy until we used Dr.
King's New Discovery. No other
remedy can take its place in our home,
as in it we have a certain and sure cure
for coughs, colds, whooping cough, etc."
It is idle to experiment with other
remedies, even if they are urged on
you as just as good as Dr. King's New
Discovery. They are not as good, be-
cause this remedy has a record of cures
and besides is guaranteed. It never
fails to satisfy. Trial bottles free at
Charman & Co's drug store.

Not Always Understood.

A fact often overlooked, or not always
understood, is that women suffer as
much from distressing kidney and bladder
troubles as the men. The womb is situ-
ated back of and very close to the bladder,
and for that reason any distress, disease,
or inconvenience manifested in the kid-
neys, back, bladder or urinary passage
is often, by mistake, attributed to female
weakness or womb trouble of some sort.

The error is easily made and may be
as easily avoided by setting urine aside
for twenty-four hours; a sediment or
settling is evidence that your kidneys
and bladder need doctoring. If you have
pain or dull aching in the back, pass
water too frequently, or scanty supply,
with smarting or burning these are also
convincing proofs of kidney trouble. If you
have doctored without benefit, try Dr.
Kilmer's Swamp-Root, the great kidney
remedy. The mild and the extraordinary
effect will surprise you. It stands the
highest for its wonderful cures. If you
take a medicine you should take the best.
At druggists fifty cents and one dollar.
You may have a sample bottle and
pamphlet, both sent free by mail. Men-
tion the Oregon City Enterprise and send

hamton, N. Y. The proprietors of this

offer.

Embossed in Gold.

To buy and reproduce famous paint-
ings involves an expenditure that could
hardly be borne unless, as in the case of
The Youth's Companion, the enterprise
is sustained by the approval of more
than five hundred thousand subscribers.
The Companion's Souvenir Calendar for
1898, a series of charming figure-pieces,
faithfully copied in colors and embossed
in gold, is recognized as one of the riches
and most costly examples of this form
of art. Yet every new subscriber receives
it without additional charge. Moreover,
the paper is sent free to new subscribers
every week from the time the subscrip-
tion is received until January, 1898, and
then for a full year to January, 1899.

The popular price of The Companion,
\$1.75 a year, and the character of its
contents, make it a paper for every
household. Exceptional attractions are
promised for the fifty-two numbers to be
issued during 1898. The Rt. Hon. W.
E. Gladstone, the Hon. Thomas B. Reed,
Rudyard Kipling, Lillian Nordica, John
Burroughs, W. D. Howells and Max
O'Rell are prominent in the long list of
eminent contributors named in The
Companion's announcement, which will
be sent free to any one addressing.

THE YOUTH'S COMPANION,

For Young Men and Young Women

There is nothing that will arouse the
re of a young man or woman so quick as
to have inferior laundry work put off on
them. They may dress ever so well,
but if their shirt front or shirt waist is
mussy their neat appearance is spoiled.
The Troy laundry makes a specialty of
ladies' and gentlemen's fine work.
There can be no better work than is
done at the Troy. Leave your orders at
Farnsworth's barber shop.
