

PATRONIZE OUR HOME INDUSTRIES

The prosperous community is the one that within itself, most supplies its own people in their various needs, and by selling much and buying little, keeps its money from going abroad.

Our farmers and manufacturers would each have a better market for their products, if our people would encourage our local manufacturers by giving preference to their products over those imported from other places. Were such the practice, it would not be long until Clackamas county would be one of the greatest industrial centers on this Coast.

Salted Ore.
It is not generally known that it is possible to salt ore with gold just as it is possible for an unscrupulous man to salt the mine in which gold is found. In the one case the fraud is comparatively easy to detect, while in the other it would defy even an expert, and therefore shareholders, induced by the over-flattering reports of a perfectly honest assayer, could be readily taken in. The gentleman who demonstrated this possibility is a Mr. J. C. Johnson of Adelaide, Australia, who, making experiments with different salts of gold, found that he could produce quite natural looking specimens of gold bearing quartz from stones whose previous assay showed that they contained no particle of gold. Furthermore, the gold penetrates the stone in the most natural manner possible. Indeed, pieces of this artificially produced gold quartz were exhibited some little time ago at the Imperial institute in Edinburgh.—Pearson's Weekly.

French as She is Spoke.
The Emerald Isle is not the only habitat of bulls, and the connection between the Gallic and Celtic races must be close indeed, if the following gems, given upon no less an authority than that of the Journal des Tribunaux as emanations of the judicial mind in France are to be considered genuine: "Justice is not a clandestine cavern where people are strangled behind their backs."
"I esteem my honorable colleague too highly to admit for a moment that he

can believe in the truth of what he alleges."
"That house of business was but a forest of bandits."
"The defunct took his place at the table, meanwhile manifesting a keen displeasure at not having been invited."
"You are to blame for building sumptuous palaces that throw dust into people's eyes."—New York Commercial.

Neither a Pauper Nor a Papa.
The Ottawa Herald notes that occasionally a little fun comes into the life of a township assessor. At one house Assessor Wharton found a young bride who persisted in the declaration that her husband had no occupation.
"You don't want me to set him down as a pauper, do you?" facetiously inquired Mr. Wharton.
"Law, no!" responded the young wife, blushing furiously. "We ain't been married but six months."—Kansas City Journal.

A Fair Offer.
"I can save you \$5,000, Mr. Money-bags."
"How so?"
"Well, then, say you will give your daughter \$50,000 as a marriage portion."
"Well?"
"Well, I'll take her for \$45,000."—Harper's Bazar.

Going East?

IF YOU ARE,
DO NOT FORGET

Three Important Points

FIRST—Go via St. Paul because the lines to that point will afford you the very best service.

SECOND—See that the coupon beyond St. Paul reads via the Wisconsin Central because that line makes close connections with all the trans-continental lines entering the Union Depot there, and its service is first-class in every particular.

THIRD—For information, call on your neighbor and friend—the nearest ticket agent—and ask for a ticket reading via the Wisconsin Central lines, or address
