Mitchell Republicans Take Steps to Stop the Row in Multnomah County.

PROMINENT MEN COMMENT

#### the Simon Republicans Have Now No Reasonable Excuse to Give Why They Should Not Meet This Lff. r.

The following is the full text of an offer to effect a compromise between the two factions within the republican party in Multnomah county submitted by Hon. Soi Hirsch, chairman of the county central committee, of what is known as the Mitchell faction, to Hon. Donald McKay, chairman of the county central committee, of the Simon faction:

Portland, Or., Dec. 27, 1897. Honorable Donald McKay, Port-and, Oregon-Dear Sir: Whereas, land, Oregon-Dear Sir: Whereas, unfortunate factional differences in the republican party in this city and county, growing out of the primary election of 1896, culminated in a division of the party in this county, and the organization of two different comniltices, one composed of yourself as chairman, and six other gentlemen, and the other composed of the undersigned, being one member from each ward 1 nthe city of Portland, and two members from the precincits in the county outside of the city, with Honorable Sol Hirsch as chairman, each of which committees claim to represent the republican party of this county and city, for convenience, the former of said committees will hereafter be designed as "your" commit-tee, and the latter as "our" commit-Whereas, further, it is universally

known that leading and influential republicans throughout the state, irrepective of their preferences as to men or factions, or their past or present fillations, are earnest in the expresdon of their wishes and opinions to the effect that the republican party of Multnomah county should speedily settle for themselves these factional differences in the party, and thus present a united front to the common enemy:

Therefore, without entering upon either statement or discussion, as to what person or persons, faction or factions, if any, are responsible, eithand solely with the view of bringing about if possible, unity or organization and action in the republican party, on a basis alike fair and honora ble to every republican and all factions, our committee here submit to you for the consideration of your committee the following propositions, having for the sole purpose provis-tons for a fair primary election to be held at the proper time next spring, in which all republicans may participate, and at which each and every their own ticket for delegates to city and county conventions to be held later for the purpose of nominating candidates for precinct, city and county officers, including members of the legislature, and delegates to the

committee of which he is chairman a sub-committee of three, which sub-committee chall, at the prpoer time, select and pro-euro the use of a place in each ward in in said city and a place in each of said pre elnets in said county, outside of said city, for a polling place for such ward or pre-cinct. That each of said committeees shall pay one-half of the expenses necessarily incurred for such polling places and a publication of the call for said primary

That the judges of said primary election shall be seleted as follows: In wards numbered respectively one, three, five, seven, nine an eleven, that is, in all the odd-numbered wards in said city, one of such sub-committee, or its representative, having first choice, which choice is to be determined by lots as hereinafter provided, shall select two judges for the primary voting places in each of said wards, and the other of such sub-committee, or its representative, shall select one judge in each of said odd-numbered wards; while

in wards numbered respectively two, four, six, eight and ten, that is to say in all th city, said even-numbered wards of said sub-committee, or its representatives, hav-ing second choice, shall select two judges each of said even-numbered wards, while the other sub-committee, or its rep-resentatives, shall select one judge for each of said even numbered wards.

And the question as to which sub-committee or its representative, shall have sec-ond choice, as aforesaid, shall, unless sooner agreed upon by said committee, be de-termined by lot as aforesaid on or before the 10th day of January, 1898, in the presence and under the direction of the arbiter hereinafter named, and said judges shall be named at the time of preparing the call

for said primary election. The judges of election in the 28 elec-tion precincts outside of the city, numbered respectively and consecutively from 54 upward to 81, inclusive, as aforesaid, shall be selected as follows: The subcommittee, or its representative, having first choice, such choice to be determined by lots as hereinaiter provided, shall se-lect two judges in each of the 14 of such election precincts as are designated by odd numbers, while the sub-committee, or its representatives having second choice, to be determined as above by lots, shall select one judge for the primary election in each of the said election precincts desig-nated by odd numbers: while the sub-committee, or its representative, having second choice, shall select two judges for said primary election in each of the 14 of said elective precincts designated by even num-bers, while the other sub-committee, or its representative, shall select one judge for said primary election, in each of said elec-tion precincts designated by even numbers. And the question as to which committee.

or its representative, shall have first choice shall, unless sooner mutually agreed upon by said committees, he determined by lot on or before the 10th day of January, 1 98, at the same time as casting lots for first choice in said city wards aforesaid; this this also to be done in the presence and under the direction of the arbiter hereinafter named. And said judges for said pre-cincts respectively, outside of the city, shall all be named at the time of preparing the call for sald primary election.

That the judge or judges of said polling-place, who shall have been selected by our committee, or its representative, shall be permitted to select one person for clerk for such polling-place, and that each of the judge or judges, for each polling-place, who shall have been selected by your committee or its representative, shall be permitted to select one person for clerk for such polling-place, and the persons so selected respectively shall be duly appoint-

ed and qualified and act as such cierks. That in addition to the two poll books of said primary election required by law to be kept by the judges and clerks, there to be kept at each polling-place by such

#### VIEWS OF PROMINET REPUBLICANS.

Judge Williams is favorable to the scheme of harmony that is presented by the united republican county committee. "I believe in harmony," said he last night, at his residence, "and will do all in my power to bring it about. The matter was explained to me today by a few gentle-men, and I agree with the proposition as described by them. There of course may be more details which require alteration, but the general proposition is very fair, and I hope that the other side may see fit to accent it.

"I belong to no faction; I am identified with neither, but I hope to see the repub-lican party succeed in the coming election. The factions must get together if they expect to win.

The use of my name as arbiter is wholly unauthorized. No one has consulted me upon the subject. I cannot say whether or not I would accept the responsibility till I have fully examined the mat-I desire to understand the terms of ter. the arbitration."

Joseph Simon, who is the leader of the opposing faction, was not ready to express an opinion upon the subject. "I have heard of the paper," said he, "but I have not had time to examine it, and I am therefore not in a position to discuss it." A copy was offered Mr. Simon for perusal, but he said that he was too busy with legal matters to study it. "The proposition will doubtless receive considera-tion from the county committee," said he, "and it will take whatever action it may see fit. A meeting will probably be called to consider the subject. Just now I am busy preparing a case for tomorrow, very and I shall not have time to investigate the subject."

Notwithstanding Mr. Simon's disclaimer, it seems very evident that he has given the paper some thought. Mr. Hume, the secretary of the Mitchell Republican county committee, served the notice upon Chairman Donald McKay, of the opposing faction's county committee, at about 9:30 yesterday morning. An hour afterward, Mr. McKay went to Mr. Simon's office, carrying the paper in his hand. When Chairman McKay was asked for

his opinion he had none to offer. "The proposition will have to be considered by county committee. As yet I have not called a meeting of the committee, and do not know that one will be held this week. I have just received the document and have not had time to thoroughly examine

"Has Mr. Simon seen the proposition yet?" was asked. "No, he has not seen it yet," replied

the chairman. Ex-Senator John H. Mitchell as seen

"The majority o fihe legislature agreed upon Mitchell for senator, but the minor ity went in with Bourne and the populists to defeat the will of the party. The ma-jority of the congressional convention nominated Ellis for congressman, but the minority brought out an independent candidate

"So, as I look at it, the committee has been very good natured to those who have been out of harmony with the party, though I must say that I would like to see the party united and fighting their natural enemies rather than among themselves.

"The party should be greater than its individual members, and if we can ever get back to the old-fashioned plan of letting the neighborhood voters nominate viva voce and elect their delegates to the county and city conventions, instead of having the whole list of delegates as well as the whole ticket prepared in advance in some-body's office, it will be better for the party and everybody will have a fair show.

Charles F. Lord, when seen and asked his opinion of the offer of compromise, said:

"I can scarcely conceive of a rea sonable objection to the offer of compromise made by the republican central committee to the so-called Simon faction of the republican party. It is certainly very unfortunate that any misunderstanding should have ariseu; and the interests of the republican party of this county, and, in fact, of this state, it seems to me, should be considered before that of the ambltions of any person or persons. This can only be accomplished by a full and fuir settlement of the imagined difficulties between the two factions in this city and county.

"By the terms of the compromise the so-called Simon faction is allowed the choice of any course it may desire. If any objection is raised it can only be that they dare not submit to an honest vote of the people of this city the various propositions which they have so often claimed as their own.

"This is a government by the people, and the unifority should always rule to the exclusion of any bosses. is an honest offer to heal the differences in the republican party, and I sincerely hope that an agreement may be reached between the two factions. as it would materially conduce to the future success of the republican party in the county and state."-Portland Tribune.

### SINOM METHODS SHOWN UP.

A most important move was made by the regular republican party organization of Multnomah county, yesterday with a view to securing harmony between the factions. The re-publican city and county central committee submitted to the Simon-Corbett manager as fair proposition to hold the primary election, at which delegates to the city and county conventions will be selected in a fair and honest manner in accordance with the requirements of the primary law which regulates primary elections in Multnomah county.

This is the shrewdest political move of the season, and indicates not only that the regular party committee is confident of having a majority of the republicans in accord with its anti-Simon views, but also that it does not fear to use its power magnanimously. and often generously to procure party unity.

As is well known, there is a dicounty due to the outgraeous attempt of Simon, McKay and others, sup-Scott and certain ported by local moneyed interests, to forcibly sleze the control of the party convention and to retain the organization of the party for the purpose of engineering new charter bill for Portland through the legislature and, incidentally, to secure the defeat of Senator J. H. Mitchell. The Simon people had a majority of the city and county committee two years ago and refused to allow the minority to participate in the selection of judges or clerks in the primarles. A written request by Mr. D. M. Dunne and Mr. David Morris, members of the committee, that none but republicans of high standing be selected as judges of the primary election was refused, as was also the request that the minority be allowed to name one judge of the three. Simon was chairman of the committee, and without a meeting of the committee and in spite of protests, he issued the call for the primaries, selecting in some cases the most disreputable dives in the city for polling places and naming among the judges a number of persons to be depended upon to count in the Simon ticket, win or lose. The consequence was that public indignation was aroused and the Simon ticket was overwhelmingly defeated at the polls. The Simon peo-ple had their ticket printed on striped paper, so that the judges could recognize them at a glance. The judges accepted and counted these tickets and refused the others. They denied well-known residents and citizens the right to vote and sustained challenges against those known to be against the gang. On the other hand, repeaters, thugs and gamblers in the employ of Simon - Oregonian combination, the backed by a large force of deputy sheriffs sworn in for the purpose, had free license. Colonies of tramps were brought into the city and stationed in convenient localities, as in the notorious Larry Sullivan's sailor boarding-house where one of the polling places were established, and in a cot lodging hall, openly conducted for the purpose by the unsavory Sandy Olds and his partner, Barrett, the surething gambler, now in the county jail under indictment for murder.

The consequence was that there was a strong sati-Simon majority in the convention; but the gang was not yet ready to acknowledge defeat, and the meeting of the delegates in the A. O. U. W. hall was made the occasion of a scene of disgraceful riot and disorder in the attempt of Simon and his friends to steal the chairmanship of the convention.

The majority, however, not to be intimidated by deputy sheriffs or by actual force, selected the chairman and elected delegates to the state and congressional conventions and subse-quently put up the full regular republican city and county ticket and selected the county and city committee in accordance with the party practice.

The minority, however, true to their boss, remained in the hall after the convention adjourned and went through a pretence of putting up a ticket and naming a city and county committee, of whom Donald McKay, D. M. McLauchlan, H. H. Holmes an S. Farrell, were also members of the central committee of 1896, which was really responsible for the outrages above mentioned.

Donald McKay is nominal chairman of this committee, and Joseph Simon is the whole committee. The Simon people controlled the county clerk, so that they had the advantage of having their ticket printed as the republican ticket on the Australian ballots, and the regular organization, after having been denied by the county clerk the right to have their ticket printed as the republican ticket, were compelled in order to get the names on the ballot at all to convene an "assembly" under the Australian ballot act, after the adjorunment of their convention. and have the nominees of the convention renominated by the assembly under the temporary title of the Mitchell Republican ticket.

The Oregonian, of course, made great capital out of the fact that the ticket was dubbed the Mitchellpublican ticket and misrepresented the facts to the public in such manner as to give out the impression that the regular organization was under the control of Simon instead of in the

hands of the anti-Simon republicans. The contest was carried into the congressional and state conventions where the two delegations representing the two county conventions ap-plied for seats. Although the regular delegation was clearly entitled to the sole right to represent Multhomah county in the state and congressional conventions, the Simon people had the support of the Oregonian, which was practically the only means by which the delegates to those conventions representing other counties could gain information as to the facts. Scott was a tool of his masters, and in his usual violent and abusive style misrepresented the facts and threat ened the convention with the loss of the ticket at the polls unless the "Simon delegation" was recognized. The conventions finally decided in the interest of harmony, and, to prevent the defent of the party on election day, to seat both delegations, dividing the vote of Multnomah county tween them.

Both Simon and Scott were mentbers of the state and congre conventions, and according to all party usage and as honorable men they should have abided by the ticket elected at the convention. Dead to honor or sense of shame, they and their associates on the adjournment of the conventions put up H. H. Northup as an independent nominee for congress in the second district, with the hope

That Hon. George H. That the said arbiter shall have power

We deem each and all the parts of these propositions absolutely fair and honorable and such as every republican can agree to without any sacrifice of principle, and all of which we nowtender in good faith in the spirit of compromise, looking solely, not to the candidacy or promotion of any man or men, but to the unity and welfare of the republican party in this city, county and state

Assuming that you and your committee,

Hon. Donald McKay is chairman, and if so has it your approval?"

"Yes, I am cognizant and perfectly fa-miliar with the proposition submitted today by the republican county committee of which Mr. Hirsch is chairman, to the republican county committee of which Mr. McKay is chairman, having for its purpose the unification of the republican arty and its representative organization in Multnomah county," said he. "The proposition has my unqualified ap-

proval, and as one member of the republian party I have labored assiduously during the past month to bring it about. In judgment it presents a means absomy lutely fair whereby the party can be united, without any sacrifice of principle or humiliation upon the part of anyone and it is, therefore, one which should recordial endorsement of every ceive the true republican.

"I cannot but have implicit faith that a proposition so eminently fair in every rewill meet with acceptance from Mr. McKay and every member of his committee.

Hon. Sol Hirsch, chairman of the committee which made the proposition, did not care to discuss it. "The paper speaks for itself," said he. "But you may say that I hope that it will be accepted. That the republican party, to be sure of victory, should be uited nad all factional differ-ences should be settled."

Charles H. Carey, chairman of the republican congressional committee for the second district, had this to say when asked concerning the proposition:

"So far as I am personally concerned it is a matter of entire indifference to me whether the proposition is accepted or reiected. I am always and at all times in favor of the settlement of party differences within the party ranks, and I believe that the committee has done a very proper thing in trying to arrange for but one set of republican primaries.

"At the same time it seems to me that the overtures for peace should rather have come from those who have been at fault. We are all partisans, and it is hard to be a good party man and yet be perfectly fair, but it must be manifest that the cause of all the trouble has been in the refusil of some prominent members of the party to stand by the principle of rule by majority. The majority of the county convention in the last campaign put up the ticket, but the minority put up another and compelled the majority to re-sort to the indirect method of using the Mitchell Republican assembly

The citizens insisted on a fair count. and in wards where this was denied, drawing of lots and to preside

of dividing the vote of the regular me publican nominee, Hon, W. R. Ellin, and thus throwing the district to Quinn, the populist candidate,

In the first district, the attempt was made to defeat Tongue and to elect Vanderburg, a populist. The effort was in both cases almost successful, but, fortunately, the republican candidates were elected, notwithstanding the attempt to defeat them.

The recent example in the legisla ture of the lengths to which this gaug will go in their effort to destroy, h fresh in mind. By a combination of a few republicans under the Simon-Scott influence, with some of the populists, the legislature was held up for the full constitutional term of forty days. By the most shameless methods the regular republican caucus nominee, Senator J. H. Mitchell, who also had a majority of all the votes of the leglislature pledged to his support, was cheated out of the election, and by a corrupt bargain with th chief executive of the state, Mr. H. W Corlictt was given pretended one dentials as the governor's appointer to fill the vacancy occasioned by the failure to elect. Mr. Corbett is still seeking admission to the schate on these credentials, and the indications are that he will not be recognized an entitled to a seat.

The county and city committee has held several meetings, and after car-ful consideration decided to make an attempt to bring about party harmony, It was decided to prepare a plan for holding the republican primaries which would be fair in every particular, but would be so designed as to prevent the Corbett-Simon ring from repeating their chameful practices of two years ago. There is no doubt that if Simon accepts the proposal he will he defeated, for the people will embrace the opportunity to rebute gung for their actions both at the last election and at the levisionure.

The propositions is. In helef. to draw lots for the namine of the majority of the judges in each ward at the primaries, the wards to go alter-nately to each side, and those naming the majority indges in one ward naming the minority in the next ward, and so on.
