## THE ENTERPRISE CORRESPONDENTS SWEEP THE FIELD.

### Damascus Notes.

**DAMASCUS, Feb. 7.**—The people of Damascus are to have about a mile of sidewalk, through the efforts of our energetic people, necessity no doubt being the cause, for there is mud everywhere and some places there is no foundation; the subscription paper shows a liberal people. The plank will be laid in the worst places on the road leading toward Oregon City.

The Wesleyan Methodist meetings have come to a close. They had good sized audiences, but the good they did, we are unable to tell, nevertheless the writer enjoyed and profited by their efforts to purify the people.

The populists here failed to respond to a call that was given out February 5th for the purpose of considering whether they deemed it best to affiliate with a party of their like.

The school house was filled to the doors. All enjoyed the splendid programme, and the delicious contents of the boxes. Prof. Turner, of Portland, auctioned off the boxes.

A necktie party was held at the residence of Mr. F. M. Manning one evening last week. A good crowd was present and all enjoyed a good time. Proceeds went to the sidewalk fund.

Mr. Pierce, mail carrier from Oregon City, says the roads are impassable, but people are not aware of the fact. I think Mr. Pierce is a little off. We who occasionally take a trip to Oregon City are well aware of the fact, that the roads are in a dangerous condition and have been impassable for some time. How people travel over them is a conundrum. The bad roads are the only drawback to Oregon or especially Clackamas county.

### Eagle Creek Notes.

**EAGLE CREEK, Feb. 7.**—The weather here has been very rainy for a few days back.

Last Tuesday night there was a lodge organized at this place known as the order of the Macabees of the World. Most of the prominent men of this section joined.

Mr. Richard Gibson made a business trip to Portland last week.

The measles are raging over in the Garfield precinct and in the southern part of Eagle Creek precinct. They have had to

take care of the sick of that neighborhood. We are informed that there are upward of 40, sick with measles and pneumonia in that vicinity.

From the looks of the Viola news in the Press and Enterprise last week it looks as if one person was trying to serve two masters, the book of books says "no man can serve two masters." This applies to women as well as men.

close the schools. There was one death about 10 days ago, one of Mr. Youcum's boys died from the effects of the measles and pneumonia combined.

L. Douglas had a barn-raising Saturday, although it was very rainy the hands succeeded in raising the frame complete.

J. W. Douglas started to Dufur today to visit his family. He was accompanied by his son, Walter, who is going east of the mountains to work this summer.

Mr. and Mrs. W. J. Howlett went down to Damascus last Tuesday to visit the Cooke family. Wednesday was the birthday of Mrs. Howlett and Miss Nettie Cooke, so they celebrated together.

Mr. Drake is running his sawmill quite steadily lately, so business in the lumber trade must be improving.

**Garfield Notes.**

**GARFIELD, Jan. 30.**—There is scarcely a house but there is from one to four down with the measles. Mr. Youcum's were the first to lose one from that disease, being their second son. He was very much liked by those who knew him and gained the friendship of those with whom he came in contact. His last hours on earth were spent in devotion to his maker, asking all to join him in prayer for himself and his relatives. He gave his heart to God on New Year's Eve and was secretary of the Sunday school of which he has been a member for a number of years. His remains were laid to rest in Mont Zion cemetery. Mrs. Surface received a letter from her son, Emerson, in Virginia, stating he is homesick for Oregon and thinks Webfoot the best place of all.

E. Hallway has leased the store building at Currinsville and is putting in a full stock of merchandise which he expects to sell reasonable. He will move his family into H. Currin's residence, and has left his farm in care of Mr. Ed. Noble, of Currinsville. We are sorry to lose such good neighbors as Mr. Hallway and wife, but our loss is Currinsville's gain. We wish them great success in their undertaking.

Henry Anders fell from a load of hay he was hauling and dislocated both shoulders. Mr. Sligar was with him, and being a man of nerve, he put Mr. Anders's shoulders in place again, thus saving many painful hours for the patient, who, by the way, says if any one suffers a dislocation, just call on Mr. Sligar. He can do a good job.

# THE AMERICAN MONTHLY REVIEW OF REVIEWS

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, the economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five continents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable"; "is simply invaluable"; "is a generous library in itself"; "is a historical cyclopaedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass," etc., etc.
