to Nurse the Victims of a Smallpox Epidemic-An Example In This as He Was In Devotion to the Flag.

Dencon William Trowbridge was a small farmer living near Sheboygan Falls. He went there over 50 years ago. Besides tilling a little patch of ground the deacon, who was indeed the very soul of honor and ever had the respect and confidence of all in that community, was in the habit, before regular preachers were sent there, of reading a two or three foreign legitimist bodies, sermon or exhorting. There was no it ought not to be difficult for the supsham about Deacon Trowbridge's piety. He was sincerity itself. Fifty years ago the little village was

The deacon's example was followed by others. Men went to their homes, told their the baby's sweater to the monkey on a wives and children what the deacon had stick said and was doing, arranged their business, provided fuel and provisions, kissed their dear ones and went to the aid of the unfortunate. Like the deacon they went without reward or hope of reward. Like him they spent weeks and some of them months in that service without daring to go home lest their dear ones catch the discuss.

The strangest of all this strange experience is the fact that noither the deacon, the good souls who imitated his example nor their families were overtaken by the malady, notwithstanding the fact were almost constantly in the presence of the suffering patients and notwith helped to bury the dead.

Nearly half of the deacou's congregation had disappeared when, the next spring, he resumed services in the schoolhouse. It was a sorrowful Sunday. Those in the andience who had not ASK YOUR DRUCCIST lost members of their family had lost neighbors and dear friends. When the good old Christian had read a chapter, prayed and talked a practical sermon, he referred feelingly to the scenes through which the community had passed. I think every man, woman and child in the room, including the deacon. wept. At the close of the talk he asked all present to join him on their knees in asking that the community might escape such visitations for all time to come. It was a most earnest appeal. I believe that that prayer has been answered. There may have been a few cases of smallpox there since then, but there has never been an epidemic. The Sunday after Sumter was fired upon, and while Deacon Trowbridge was conducting services in the Baptist church, the denomination to which he belonged for over 80 years, he and his congregation were disturbed by a great commotion in the street right in front of the church. There were beating of drums and sounds of fife much out of tune. It was so uncommon a thing that most of the congregation walked or ran out of the church. Finally the deacon closed the Bible and slowly followed his fleeing flock. When outside, he asked the cause of "this unseemly disturbance on the Lord's day." Some one Library of the told him that the president had called for soldiers to uphold the honor and the flag of the nation and that they were going to raise a company right then and there. The old deacon's eyes flashed as he walked out into the street, where a young fellow was irregularly pounding Prepared under the personal direction a bass drum, and said: "Nathan, I of know it is Sunday and that all but the Lord's work should be abandoned, but With the assistance of HAMILTN the saving of our country and the WRIGHT MABLE, and a large corps of shielding of its fiag from dishonor is the Lord's work. Give me that drum." And that model of piety strapped on the big drum and went to pounding, greatly outdoing Nathan in two respects-he made more noise and kept octavo volumes of about 600 pages each, perfect time. The Marketing Point

OF CLACKAMAS COUNTY

The factory towns of the East are noted for affording the best market to the neighboring farmers and gardeners in proportion to the population of any of the towns in that section. The reason for this is that the people of these towns have a fixed income upon which they can always depend, and, as a consequence, they are liberal buyers, paying cash for all their purchases.
