### THE BRAVE SOLDIERS.

#### Oregon City Turns Out En-Masse to Bid the Boys Good Bye.

More than 2500 people of Oregon City turned out last Monday evening to bid the brave soldier boys good bye. The greatest enthusiasm prevailed. The ladies of Oregon City were the prime movers in the affair. They worked hard all day preparing lunches, raising money and making beautiful floral emblems and bouquets. The men furnished the wind and did the cheering. Upon the arrival of the train containing Co. I., more than 2000 people were assembled at the depot. Boxes of provisions, beautiful floral offerings and many little tokens of friendship were lavishly bestowed upon the soldier boys, which were gratefully appreciated. The ladies of Oregon City are deserving of the highest praise for their patriotism. Had it not been for their efforts, the soldiers would have passed through the city without a sign of recognition or appreciation. The only thing the men did was to furnish a band consisting of a cracked horn, and a large amount of noise. The stores were not closed; the city was not decorated, and the only preparations made were by the Young Ladies' Club, the members of the Relief Corps and the G. A. R. The train stopped only five minutes, which was a great disappointment. As it pulled out, cheer upon cheer rent the air, the last ad good byes and God bless you were said, and Oregon City's brave soldier boys left to defend their country and the country's honor. Few of them will ever return, and only their names will be remembered by fond and loving parents and friends.

#### Penmanship Class.

Prof. E. H. Conner is in the city organizing a writing class. He is not only a very fine penman, but has no superior in imparting the knowledge to his pupils, having had thirty-five years experience in teaching public school and penmanship. He is the inventor of a new patent contrivance which does away with the writers' cramp, resulting from grasping the ordinary pen holder too tight. These furnished public free.

#### Mrs. Lease's Lecture.

A small audience greeted Mrs. Mary E. Lease Tuesday night at Shively's opera house to listen to her lecture on "The Signs of the Times." Mrs. Lease is one of the most eloquent speakers that ever visited this city and her lecture was one of the most brilliant oratorical efforts ever listened to. It abounded with patriotism that held the audience spell-bound. As an orator she has no peer, and those who failed to hear her missed a rare treat. An effort will be made by the Chautauqua society to secure Mrs. Lease for a lecture at its annual meeting.

#### Rates of Insurance.

Last Wednesday the fire underwriters of Portland visited this city and were the guests of the water commission, at whose request they came here. The object of the visit was to take into consideration a reduction of the insurance rates. It is understood that the insurance companies had agreed to make a reduction provided the power house was amply protected from fire and the water pressure sufficient for all fire purposes. The new sprinkler on the power house was tested and proved that it would be impossible to burn the house down in the event of a fire. It was also demonstrated that the water pressure was sufficient and so arranged that a serious conflagration in the city would be impossible. It is understood that the underwriters were well satisfied with the test and will recommend a reduction of insurance rates.

#### Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house. J. L. Moore, South Burgetstown, Pa. For sale by Geo. A. Harding.

#### BACON THIEVES.

#### Tom Scott Pleads Guilty and is Bound Over to the Grand Jury

Tom Scott and Fred Johnson were examined before Justice Schubel Wednesday on a charge of larceny of 1000 pounds of bacon from Dan Fellow's ranch at Highland, a week ago Wednesday night. When Scott was arraigned he pleaded guilty. The evidence disclosed the fact that Scott's ranch was the rendezvous for an organized band of thieves and there are several other suspicious characters under police surveillance. Chief of Police Burns and detectives Welch and Dickey went to Scott's ranch this week and found the bacon, also a lot of butter, provisions, clothing, shoes, a gold watch, jewelry, silver spoons and a miscellaneous lot of plunder. These articles were no doubt stolen from different stores in Oregon City and other towns along the line of the railroad.

After hearing the evidence Justice Schubel bound both Scott and Johnson over to the grand jury with bonds fixed at \$1,000. Being unable to give bonds they will board with the county until the November term of court.

**"Saved Her Life."**

MRS. JOHN WALLET, of Jefferson, Wis., than whom none is more highly esteemed or widely known, writes: "In 1880 I had a severe attack of LaGrippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiates. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing persistently I took about a dozen bottles and was completely restored to health to the surprise of all."
