The populists admit their defeat when they send out word to knife the democrats.

The populists propose to knife the democrats on their ticket. Perhaps the -populists candidates will be served with a dose of their own medicine.

Every fusion democrat in Clackamas county is sharpening up his knife for the 6th of June. When it comes to knifeing they propose to do a little slashing themselves.

WILL someone please inform Mr. William Jennings Bryan that the co-partnership heretofore existing between the bushel of wheat and the silver dollar has been dissolved?

THERE appears to be something the matter with Windy-Slippery U'Ren and the Herald. They are usually full of wind, but somebody must have punctured their tornado tire, for nothing is now heard but the feeble gasping of these twin relics of populist barbarism.

Our populist and democratic friends hereabout, who some time ago denounced the administration for moving so slow in the Spanish matter, are now engaged in picturing the deadly nature of yellowjack and the extreme accuracy of modern weapons of warfare. Some people are wery hard to please.

LISTEN to this from a populist paper, the Roseburg Review: "In the price of wheat alone can the prosperity claquers find a fact that sustains them. Any School-boy knows that the wheat market is not controlled entirely by the foreign market, but by domestic conditions. Hops, wool, fruit and cotton and nearly all other products are also advancing and are not as depressed as in the 'Cleveland panic.' When land values go down and interest rates go up there will be ample time to talk about prosperity." An honest confession is good for

INDORSES THE HOLD-UP.

Windy Shppery U'Ren is going over the county indorsing the legislative holdup of two years ago, saying that it saved the state \$300,000. This is just as true as any other statement made by this prodigy of Jonathan Bourne's harem. There was not a dollar in saving to the state, but on the contrary the tax-payers will have to pay \$90,000 interest on warrants. Clackamas county will have to pay nearly \$6,000 of this amount. But Windy don't care about the woe-burdened tax-payers. He is after boodie. He is politically dishonest, a fact which is borne out by his record in the last legislature. Mrs. Lewelling says he is a rascal and she is in a position to know.

THAT LETTER

The following is a letter brought to this office, wherein instructions have been sent out by the populists, instructing the populists in the country precincts to knife the democrats on the fusion ticket.

OREGON CITY, May 18. -: It is necessary in order to elect U'Ren and the other populists on the union ticket, to trade off every democrat on the ticket for populist votes. Two years ago when Bryan ran for president, the democrats knifed the populist electors and it is our turn now this rather quietly a day or two before election. Put none but populists on

Shis letter is in accordance with instructions issued by the populist central committee. It is done for the purpose of bringing the middle-of-the-roaders back into line to elect U'Ren, and is in keeping with populist tactics in Clackamas county.

QUESTIONABLE CAMPAIGNING.

To show to what straights the fusion campaigners are driven to, one has only to listen to their political harangues, in which they put in their time circulating wilful campaign lies about their opponents. One lie, that they cling tenaciously too, is that the Republican legislative nominees are pledged to support John H. Mitchell for United States senator. So the populists are going to trade off This is absolutely and unqualifiedly false can ticket pledged to support John H. openly stated that they will vote for a Republican who is known to be sound Windy-Slippery U'Ren is willing to on the financial question and for no of evidence to the contrary.

AN EFFICIENT OFFICER. The trial of Upton for murder in Columbia county resulted in the conviction of the criminal for murder in the second degree. He was sentenced to the penetentiary for life. District Attorney Cleeton conducted the trial for the state and showed his abilities as a public prosecutor. During the two years Mr. Cleeton has been district attorney he has prosecuted all cases alone and no county in his district has been compelled to employ additional legal service. During his term of office Mr. Cleeton has lost but one case by demurrer, only two verdicts directed by the court for failure of proof. There have been four says: "The men who are going to war criminal cases appealed to the Supreme with Spain will not be paid in gold, court, two of which have been decided Silver and paper money is good enough in favor of the state and the other two that insures his re-election. A TRADING SCHEME

A letter was brought to this office this week from a former Populist, written by a Populist in Oregon City, stating that the Populist were going to trade off the Democrats on the fusion ticket for votes for the Populist candidates, and requesting him to work the scheme in his precinct. The gentleman to whom the letter was written has always been a Populist, but being opposed to fusion, he decided to vote the Republican ticket, consequently brought the letter to this office. The Oregon City Populist committee should be more careful to whom they write letters, especially on a trading proposition. That this is a fact is evidenced by the Portland Dispatch, the only Democratic paper published in Portland and the Dispatch is now working against the Populists. In last week issue it had the following to say of Editor Fitch of the Oregon City Herald;

"This fellow Fitch is a blatherskite and adventurer, and is in politics for revenue only. On the other hand, the voters have an honest, consistent and competent man-W. H. Leeds,-to vote for. There is no reason why any Democrat should east his vote for Fitch, and but little excuse for an "ignorant" Populist, as he terms his own following."

When the charges preferred by Stevens were investigated in this city on January 6th by the Populist committee, U'Ren confessed to being paid and to selling out to Jonathan Bourne. He has never denied his perfidy and shame in that most infamous transaction. He has plead guilty to every charge of bribery and corruption and stands before the people of Clackamas county today as a self-convicted

political boodler and grafter There are a few yoters in Clackamas Brownell, but were Brownell's reputation as black as the hinges on the gates hell, they would be as pure as the driven snow on Mount Hood compared to W. S. U'Ren. No Republican, no matter what he has against Mr. Brownell, can so stulify himself as to vote for U'Ren. To do so would be to indorse one of the nost infamous outrages that has ever diagraced the state of Oregon. To e'ect U'Ren as state senator from Clackamas county would be an indorsement of his checkered career in the legislative holdup of two years ago. Where is there an honest man in Clackamas county that will endorse the actions of the Populists in the last legislature? If there be one, he is equally guilty with the legislative conspirators who violated every promise they made to the people; who ignored every principle of manhood and sold out to one of the most corrupt and thieving gang of political outcasts and boodlers that were ever known in the history of the state of Oregon.

While there are hundreds of honest populists in Clackamas county that cannot and will not indorse U'Ren or vote for him. While there is no doubt but he will be defeated, yet the honest. respectable, law-abiding voters of Clackamas county should put their seal of condemnation upon this man who has brought lasting disgrace upon his party and upon the county where he lives, No honest Republican, no honest Demo crat, no honest Populist should indorse by his vote, any man that places booule above party, treachery above principle

WILLIAM EWART GLADSTONE,

In the death of England's "grand old man," last week, on the 19th inst., the world lost one of its greatest men. Perhaps no man of this generation was so widely known in all the earth, and so universally respected, as the Hon. William E. Gladatone. Surely no man exerted so mighty an influence in so many directions as did he. As a public orator and personal friend, politician and philanthropist, Christian scholar and theological writer, he had few equals and possibly no superiors. He was beloved by prince and peasant alike. Even his political opponents admired him, and now eulogize him. And his domestic relations were as happy as his public relations. He was a rare man, of rare and diversified gifts. Well might county that are opposed to Geo. C. parliament honor him in an unusual manner, and a spot in Westminster Abbey be assigned him as his final resting pisce on earth. Well indeed were the flags of the British Empire at half mast all over the earth. Christendom did well to uncover reverently its head upon receipt of the intelligence of the death of its greatest representative in this generation.
