An Attempt to Chloroform Her.

Last Tuesday at 2 o'clock in the morning while S. Green was sitting up with J. Ware he was surprised to hear a heavy knock at the door and responding immediately to the summons was confronted by the little daughter of J. Belew, who trembling with fear said that some one was trying to chloroform her mother. Mr. Green hurried across the street to Mrs. Belew's house at the head of 7th street, and entering found Mrs. Belew out of bed with a revolver in her hand staggering around in a semi-conscious condition. The room was full of the strong odor of chloroform, and one window was open a few inches from the bottom. Mrs. Belew said she was awakened, by hearing footsteps on the porch but was so nearly overcome with the deadly drug which filled the room that she was unable to help herself. Just under the open window grew a great quantity of clover several inches in height and this was matted down close to the earth appearances indicated that two pairs of shoes tramped upon it. Through the open window the fiendish rascals let in the chloroform but finding that the inmates were awake, escaped before their plans materialized. A night watch should be stationed on the hill before such lawlessness as this is repeated.

AYER'S

Sarsaparilla

"For five years my husband suffered from scrofula. The best physicians in our city pronounced the case incurable. Sores appeared, eating into the mouth and throat. The jugular vein was exposed, the tongue entirely eaten away, the palate and tonsils eaten out, and there was a large sore on the outside of the throat. After everything else had failed, he tried Ayer's Sarsaparilla. He had to take it through a tube, as his throat was too sore to swallow. Now, after years of terrible suffering, he is fully restored to health, and he is able to work every day, although his speech is greatly affected by the loss of tongue and palate."

Mrs. E. L. FOSTER, Wilmington, Del.

"For seven years I suffered with that terrible scourge scrofula in my shoulder and arm. Every means of cure was tried without success. I had a good physician who tried in every way to help me. I was told to take Ayer's Sarsaparilla. I immediately began its use, and after taking seven bottles of this remedy the scrofula was entirely cured."

Mrs. J. A. GENTLE, Fort Fairfield, Me.

"I was a great sufferer from scrofula, being unable to do any work for twelve months. Not one of the doctors who attended me, nor any of the medicines I took, did me any good. My friends supposed that I could not live. One of my physicians induced me to try Ayer's Sarsaparilla. After using eight bottles I am now perfectly well."

GEORGE TOWNSEND, French Camp, Miss.
