**M. L. C. SHULTS**, of Winterset, Iowa, inventor and manufacturer of Shultz's Safety Whiffletree Compound, writes of Dr. Miles' Heart Cure. "Two years ago an attack of LaGrippe left me with a weak heart. I had run down in flesh to mere skin and bone. I could not sleep; my days were spent in a constant state of suffering. I had tried every remedy, but nothing would induce me to remain away from home over night. My local physician prescribed Dr. Miles' Heart Cure and in a few days I was able to sleep well and the pains gradually lessened, and finally ceased. I reduced the dose, having gained fifteen pounds, and am now feeling better in every way than I have for years."

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relieve it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. BOGGS, Sumptown, Gilmer Co., W. Va. For sale by Geo. A. Harding.
