Dr. Miles' Neryine A REMEDY FOR THE Effects of Tobacco.

THE excessive use of tobacco, especially by young men is always injurious and undoubtedly shortens life materially. Mr. Ed. C. Elson, compositor on the Contra Costa News, Martinez, Cal., writes: "I have used Dr. Miles' Restorative Neryine and received much benefit from it. I was troubled with nervousness, dizzy spells and sleeplessness, caused by the use of tobacco and stimulants. I took Dr. Miles' Neryine with marvelously good results, allowing the dizziness, quieting the nerves, and enabling me to sleep and rest, proving in my case a very beneficial remedy." Dr. Miles' Restorative Neryine is especially adapted to restoring the nervous system to its normal condition under such circumstances. It soothes, heals and strengthens. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

Diplomatic. "Henry," she said disconsolately, "you didn't give me a birthday gift." "By Jove, that's so," said Henry, "but you see you always look so young that I can't realize you ever had birthdays." Then she was happy, and he smiled the mean, subtle smile of a man who has saved money.—London Tit-Bits.

Wooing in England is, as a rule, the preliminary to a happy union. The latest statistics show that the average annual number of applications for divorce does not exceed 275, which is certainly small, considering that the number of Englishmen and English women who marry each year is 400,000.

In England less than a century ago it was not unusual for a man to sell his wife into servitude.

To a person who uses the brain a good deal a light novel or an amusing book of travels or social essays will be found to be of the very greatest value as a rest tonic. Where one is fond of children an hour spent in the nursery will be most resting.

It is unfortunate that an attempt has been made to create a difference between Admiral Sampson and Commodore Schley over the destruction of the Spanish fleet. These gallant officers, each in his way, did the work which fate assigned to him. No one can question that Sampson, had not the duty of inspection called him away on the morning which Admiral Cervera selected for his disastrous rally, would have commanded the American fleet with the same results. It simply happened that immediate executive command at that culminating moment devolved on his subordinate. But it has been made clear that the disposition and arrangement of the ships and all provisions for alert sentry duty and for the work of just such an emergency had already been settled by the absent admiral. Commodore Schley did all that was required with an energy, dash and good judgment which could not have been surpassed. But it must be remembered that everything done was effected on the lines fixed by the admiral's provision. Schley merely won the more showy glory by the accident of temporary command. It is not such a case as that of Lord Nelson, who actually planned the attack, arranged for all the exigencies as well as led the actual fighting at the battle of the Baltic, through Sir Hyde Parker flew the broad pennant of command. In the American example fully as much honor is due Sampson as Schley and an attempt to elevate the one at the expense of the other seems almost malicious.

AYER'S Cherry Pectoral is not to be confounded with any of the cheap "elixirs" and "cough syrups." Such remedies (so called) simply soothe the sufferer. They are mere palliatives. They never touch the root of the disease or cure a chronic cough. Dr. Ayer's Cherry Pectoral is a real remedy; it is the prescription of a practical physician, and not the preparation of an irresponsible medicine maker. It CURES Bronchitis, Asthma, Croup, La Grippe, Whooping Cough, and all colds, coughs, and lung diseases. It's a standard and a staple remedy, and should be kept on hand in every household. "About a year ago, I had an attack of bronchitis, accompanied by a dry, hacking cough. This soon developed into quick consumption. I had heard of the curative properties of Ayer's Cherry Pectoral, and commenced using that medicine at once. Before I had taken one third of a bottle I felt better, and in a short time I was entirely cured." W. A. COKER, Allis, Ark. "I caught a bad cold which resulted in asthma so severe that I was threatened with suffocation whenever I attempted to lie down in bed. A friend, recommending Ayer's Cherry Pectoral, I began to take it and soon obtained relief, and, finally, was completely cured. Since then I have used this medicine in my family with great success for colds, coughs, and croup." S. HUTTER, Editor "Rollink," Steven's Point, Wis. "I contracted a severe cold which settled on my lungs and did not yield to the various remedies I tried. I had noticed Ayer's Cherry Pectoral extensively advertised where I had traveled and decided to give it a trial. I purchased two bottles and before I had finished the first one, I was almost cured and I am now in perfect health. My work subjects me to very severe weather, but I find that a timely dose of Ayer's Cherry Pectoral acts as a preventive against colds and coughs." CHAS. HULL, Whortley Road, London, Ont. "Some time since I had a severe cold and could not sleep on account of coughing. A friend at Van Buren, Ark., recommended Ayer's Cherry Pectoral. I procured a bottle, and never had anything afford me such quick relief or a more permanent cure." J. E. WRIGHT, Chester, Ark. Half Size Bottles, Half Price, 50c.
