ANIMALS THAT COUNT.

Instances That Prove Their Possession of the Computing Faculty. Several years ago there lived in Cincinnati a mule which was employed by a street railway company in hauling cars up a steep incline. This animal was hitched in front of the regular team and unhitched as soon as the car arrived at the top of the hill. It made a certain number of trips in the forenoon (I have forgotten the number, but will say 50 for the sake of convenience) and a like number in the afternoon, resting for an hour at noon. As soon as the mule completed its fiftieth trip it marched away to its stable without orders from its driver. To show that it was not influenced by the sound of the factory whistles and bells the following remarkable action on the part of this animal is vouched for by the superintendent of the line, who gave me these data: On a certain occasion, during a musical festival, this mule was transferred to the night shift, and the very instant it completed its fiftieth trip it started for the stables. It took the combined efforts of several men to make it return to its duty. At night there were no bells or whistles to inform the creature that "quitting time" had come. It had counted the trips, and having finished its full quota of 50 it thought that the time for rest and food had arrived. Some monkeys give unmistakable evidences of the possession by them of the computing faculty. In 1889 I made the acquaintance of a very intelligent chimpanzee which could count as high as three. That this was not a trick suggested by sensual impulses I had ample opportunity of satisfying myself. The owner of the animal would leave the room, no one being present but myself, and when I would call for two marbles or one marble or three marbles, as the case might be, the monkey would gravely hand over the required number. Romanes mentions an ape which could count three, the material used in his experiment being straws from the animal's cage. Wolf, Darwin, Forbes and Hartman also give instances of the computing faculty in apes and monkeys.—James Weir in Lippincott's Magazine.

MR. AND MRS. F. M. DARLING, MISS ELLA DARLING, ALLEN E. FROST.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Dr. Miles' Nervine Restores Health.

UNCLE EZEKIEL OBEAR, assessor and tax collector, Beverly, Mass., who has passed the 80th life mile stone, says: "Dr. Miles' Restorative Nervine has done a great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully, I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. AYER'S Sarsaparilla Cures the worst forms of Scrofula. For five years my husband suffered from scrofula. The best physician in our city pronounced the case incurable. Sores appeared, eating into the mouth and throat. The jugular vein was exposed, the tongue entirely eaten away, the palate and tonsils eaten out, and there was a large sore on the outside of the throat. After everything else had failed, he tried Ayer's Sarsaparilla. He had to take it through a tube, as his throat was too sore to swallow. Now, after years of terrible suffering, he is fully restored to health, and he is able to work every day, although his speech is greatly affected by the loss of tongue and palate. Mrs. E. L. FOSTER, Wilmington, Del. For seven years I suffered with that terrible scourge scrofula in my shoulder and arm. Every means of cure was tried without success. I had a good physician who tried in every way to help me. I was told to take Ayer's Sarsaparilla. I immediately began its use, and after taking seven bottles of this remedy the scrofula was entirely cured. Mrs. J. A. GENTLE, Fort Fairfield, Me. I was a great sufferer from scrofula, being unable to do any work for twelve months. Not one of the doctors who attended me, nor any of the medicines I took, did me any good. My friends supposed that I could not live. One of my physicians induced me to try Ayer's Sarsaparilla. After using eight bottles I am now perfectly well. GEORGE TOWNSEND, French Camp, Miss. For many years Ayer's Sarsaparilla has been one of the constant remedies used in the Home for Little Wanderers, and we have found it valuable in eliminating humors from the blood which seem to have been inherited, especially scrofula and other skin diseases. (Rev.) B. A. COOPER, Supt. N. E. Home for Little Wanderers, Boston, Mass. Dr. Ayer's Pills are specially adapted for use with Ayer's Sarsaparilla. They promote digestion and keep the liver, bowels, and stomach in good working order.
