The way to build up Oregon City is to give Oregon City People your Patronage.

Industrial development is going to take strides in the uttermost corners of the earth, such as the world has never seen. Not only is this development affecting all the earth, but it is going ahead at a speed never before contemplated.

Russia no sooner sees her gigantic railroad nearing completion than she reaches out for new ports on the Pacific and not content with half of Europe as well as Asia she fastens herself on enough of China to make an empire in itself.

SPAIN has at last succumbed to the inevitable and accepted America's terms. She held out a long time and only gave up when she realized that no European power would take up her fight.

While these schemes of man are at work in the Old World, America embarks on plans fraught with as much for change. Departing from the doctrines held since birth she holds the attention of the world, while she embarks in the politics of the world, rather than that of America, where heretofore she has been denied the right that will now be accorded her that of guardian of the New World's interest.

Before the present congress shall expire the means will be provided by which the canal will be built bringing its attendant results that will make local changes in the industrial world that can be hardly foretold.

WITH an independent convention held one night and a non-partizan one held the next night it might puzzle an outsider to know what was at stake. But there is just a slight difference that can be explained if you have a day off.

THE severe storm that has visited New England is in strange contrast to the mild weather here. We have plenty of rain, but no blizzards. Vessels are lost on this coast in storms but not by the score in Pacific coast harbors.

ON next Monday the annual election of city officers will take place. Nominations have been made by the "independent" and "non-partizan" conven-

tions, and considerable interest is being manifested over the contest. C. D. Latourette, the nominee for mayor on the independent ticket, has been a citizen of this place for twenty years and is well-known as an able and conscientious lawyer. He is deservedly popular among his brother-lawyers, and has many supporters from all classes.

Imports of gold into the United States for ten months of the present year have amounted to \$143,658,095; exports, \$14,061,849. This gives the enormous balance \$129,596,246 of gold importations in excess of exportations in ten months; and this sum will no doubt be increased to \$150,000,000 by the end of the year.

It seems that Schley had believed or had a presentiment that Cervera would try to escape the night of July 3rd and Schley on that date changed the connection on the engines of his flagship so as to get greater speed. That same night the troops captured six block houses on the outskirts of Santiago and burned them, that being the number of ships in Cervera's fleet.

THE successful completion of the torpedo boat Davis is a notable event in shipbuilding for Oregon. A boat of this type making a full knot over her required time on her first trial trip is very unusual and the more so considering that this is the first torpedo boat built by this company.

SENATOR MCBRIDE in an interview at Washington expressed himself in favor of a legislation that would prevent the obligations of this country from being paid in silver, and that would put this country positively on the gold standard rather than in the negative manner as at present.

SPAIN has at last succumbed to the inevitable and accepted America's terms. She held out a long time and only gave up when she realized that no European power would take up her fight. Jealously prevented this in continental Europe, together with the fear that England and America would form an alliance.

MR. A. C. THOMAS, of Marysville, Tex. has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for consumption, coughs and colic.

IS the Wisconsin coast adds to the navy a battleship that as great things may be expected of as of the Oregon. Built by the same firm, the Union Iron Works of San Francisco, she may be expected to do the same work when called on. She is a sister ship of the Alabama and Illinois.

SEND your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache.

THE steamer Detroit is wrecked on Shelter Island, Alaska. No lives lost.

READ the report of the director of the mint published in this issue. It is a good explanation of the financial question.

THE NEWS OF THE WEEK

Friday November 25. Thanksgiving is celebrated at London by both Americans and Englishmen.

Pennsylvania defeated Cornell in a snow storm at foot ball. University of California beat Stanford the first time in seven years. University of Oregon beat Portland University 95 to 0.

The pension laws are liable to be revised as the application for pensions in the Spanish war will make a large amount of work.

Chas. F. McKinnon another one of the Oregon volunteers is dead at Manila.

Multnomah beat the Y. M. C. A. at Portland Thanksgiving 55 to 0.

The Monmouthshire is again in Portland after an absence of a year during which time she has traveled both the Atlantic and Pacific.

Saturday November 26. The United States has notified the peace commission at Paris that the demands made on Spain must stand.

Postoffices are being established in the wake of the army in our new possessions.

The first troops for Cuba disembark at Mariana.

Persia will probably become a dependency of Russia in the course of a few years.

An unknown man is killed at Grants Pass by a rolling log.

A portion of the townsite of Juneau is in dispute.

Col. Picquart one of the chief witnesses in the Dreyfus trial has been ordered court-martialed.

The first ship direct for Liverpool with wheat left today.

Trade as reported by R. G. Dun & Co. is the largest in the history of this country.

Sunday November 27. It is now believed that Spain will accept the American terms for the Philippines.

Don Carlos has an army ready to take the field on the signing of the treaty of peace with America.

Germans want a share in the Philippines and the press urges the government to act in the matter.

The president of Costa Rica has an important conference with the president.

Spanish troops will be out of Cuba before the time set.

The queen of Holland will wed William of Wied.

Monday November 28. It is now said that Spain has instructed her commissioners to accept the American terms.

A very severe blizzard is raging in the North Atlantic states with many people frozen.

An explosion on a Stockton steamboat scalds many persons, six die.

There will probably be no extra session of Congress as the president and many prominent men oppose it.

Stock stealing on a big scale is going on in Eastern Oregon.

Tuesday November 29. Col. Piquart's trial for forgery in connection with the Dreyfus matter has been postponed until the case of the latter is heard.

It seems that Cervera protested strongly against going to Cuba with his fleet as nothing but defeat could be expected.

Japan is preparing for trouble with Russia in Korea. Japanese spies caught at Port Arthur are shot by Russia.

"Av you want to shmoke in this house, Mr. O'Hoolihan, you will shmoke Sale of No'th Carolina."

Seal of North Carolina

is fragrant—is easy to light—never needs re-lighting, packs in pipe properly, and does not "tamp" down too hard. Always draws clear and smokes freely. These are facts!

The Original Plug Cut— Always the same— Mild and Cool.

Chinese Drugs.

The employees in the office of the appraiser of customs were busy examining a shipment of Chinese medicines, and the place smelled like a fertilizer factory.

There were the usual number of dried snakes, the looks of which would be certain to kill or cure any intelligent patient. There were also a number of plump lizards, spitted on rods and expanded with slips of bamboo till they resembled tennis rackets; a lot of "sea horses," a long, slender fish, with a head like a horse and a prehensile tail; bundles of centipeds flattened out and pasted on sticks; cans full of preserved polliwogs and angleworms and many other curious panaceas, each of which smelled worse than the other.

The 40 separate and distinct smells of the town of Cologne are nothing as compared to the odors arising from about \$100 worth of Chinese medicine, which made some of the men handling the stuff sick. Foul smell seems to be a requisite in most medicines, and if the beneficial effects of medicine are proportionate to its odor the medicines of the Chinese should be the best in the world.—Portland Oregonian.

Only the tortures of the medieval rack are comparable to the agonies which many women suffer through

the peculiar weaknesses and diseases of their delicate, feminine structure. Nothing less than unbearable torment would induce sensitive-minded women to submit to the intolerable methods of the average doctor in dealing with diseases of this nature.

That there is "a better way" than these detestable "examinations" and "local applications" is a truth which some women have yet to learn, although thousands are already rejoicing in the knowledge. They have found in Dr. Pierce's Favorite Prescription the one unfailing remedy which heals feminine weaknesses at their very source.

It is the perfect fertilizer and regulator of women at every critical period in their development; from the time when they merge into womanhood until the "change of life." It is the one medicine which makes motherhood safe and almost free from pain.

The best popular medical book in the world is Dr. R. V. Pierce's 1000-page illustrated Common Sense Medical Adviser. It will be sent free, paper bound, for 21 one-cent stamps, to pay the cost of mailing only. Address the Doctor at Buffalo, N. Y., or send 31 stamps for cloth-bound copy.

THE KUYKENDALL SCHOOL LAW.

PASSED AT THE SPECIAL SESSION.

Senate bill No. 68—Kuykendall. An act to define the qualifications of voters at all school meetings and school elections, and to provide for the establishment and regulation of polling places and elections in school districts having a school population of more than 2,000.

Section 1. In all school districts in this state now created, or that shall hereafter be created, any citizen of this state, male or female, married or unmarried, shall be entitled to vote at any school meeting or school election who is 21 years of age, and has resided in the district 30 days immediately preceding the meeting or election, and who has property in the district of the value of at least \$100, as shown by the last preceding county assessment, upon which he or she is required to pay a tax; provided, that in districts of less than 1,000 inhabitants, women who are widows and male citizens over 21 years of age, who have children in the district of school age, and who shall have resided in the district 30 days, as aforesaid, shall be entitled to vote at any school meeting for the election of school directors or school clerk.

Section 2. All school districts in this state having a school population of 2,000 or over, as shown by last preceding school census, shall be subdivided into voting wards by the directors of such district, such wards to conform as near as possible to the city wards comprised in its boundaries. The board of directors of all such districts shall establish at least one polling-place in each ward, the judges and clerks of which shall be qualified electors within the provisions of this act, and residents of such ward; and each elector shall be required to cast his or her ballot in that ward in which he or she resides.

Sec. 3. All acts or parts of acts in conflict herewith are hereby repealed.

Sec. 4. Inasmuch as uncertainty now exists as to the qualifications of voters in such school districts, this act shall take effect from and after its approval by the governor. Approved October 15, 1898.

Beats the Klondike.

MR. A. C. THOMAS, of Marysville, Tex. has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for consumption, coughs and colic.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache.

A strong protest is being made in the east against Roberts, the polygamist congressman from Utah, taking his seat.

The supreme court makes new rules in bankruptcy cases to take effect January 2, 1899.

Memorial service was held at Manila October 16 to the memory of thirteen dead Oregon volunteers.

Wednesday, Nov. 30. Draft of the treaty will be before the peace commission today.

Boston harbor is lined with wrecks, the result of Saturday's storm. There was not a survivor from the steamer Portland.

A train robbery near Kansas City is prevented by the company being notified and sending an armed force, capturing one robber and wounding another.

Proper food could not be had by sick soldiers at Siboney unless they paid for it.

Work on the locks on the Yamhill river has been stopped by high water.

The steamer Detroit is wrecked on Shelter Island, Alaska. No lives lost.

Wedding stationery, the latest styles and finest assortment ever brought to Oregon City at the ENTERPRISE office.
