"Alabama."

Judging from the criticisms and reports of the newspapers in various places, the coming visit of Mr. Henry W. Langenour's Company presenting "Alabama," will be one of the theatrical treats of the season. Everywhere the press has accorded both the play and the players the most flattering notices.

Perhaps no play of the present generation has now the hold upon public favor as has this beautiful creation of Augustus Thomas. For three years, without break, it held undisputed sway in New York City, and twice has it made the circuit of this continent, everywhere meeting with the most pronounced success. To those who have never seen "Alabama," it is a beautiful revelation, while those who have been fortunate enough to see it before, it comes as welcome as an old friend. "Alabama" is an emotional comedy drama, if such a term be permissible. It is replete with domestic incidents of pathetic and absorbing interest. Through it runs the delicate threads of a most ingenious plot and two pretty love stories, one of which is as full of romance as of pathos. Comedy of the purest and most enjoyable kind is plentifully scattered throughout it all. It is a play that in the hands of any but competent people would prove a failure, and the many good notices that this company have received elsewhere bespeak their competency and worth. Mr. Langenour has a particularly well selected company, and our theatre-going public may make arrangements for an unusually good entertainment. "Alabama" will be represented at Shively's Saturday, Jan. 21. Seats on sale at postoffice store; 50 cents anywhere in the house.

What Shall We Do.

A serious and dangerous disease prevails in this country, dangerous because so deceptive. It comes on so slowly yet surely that it is often firmly seated before we are aware of it.

The name of this disease which may be divided into three distinct stages is, First, Kidney trouble, indicated by pain in the back, rheumatism, lumbago, frequent desire to urinate, often with a burning sensation, the flow of urine being copious or scant with strong odor.

If allowed to advance, this reaches the Second stage, or Bladder trouble, with heavy pain in the abdomen low down between the navel and the water passage, increasing desire to urinate, with scald-sensation in passing, small quantities being passed with difficulty, sometimes necessary to draw it with instruments, if uric acid or gravel has formed, it will prove dangerous if neglected.

The Third stage is Bright's Disease. There is comfort in knowing that Dr. Kilmer, the great kidney and bladder specialist, has discovered a Remedy famous for its marvelous cures of the most distressing cases and known as Dr. Kilmer's Swamp-Root.

It is sold by all druggists. As a proof of the wonderful virtues of this great discovery, Swamp-Root, a sample bottle and book of valuable information will be sent absolutely free by mail on application to Dr. Kilmer & Co., Binghamton, N. Y. When writing kindly mention that you read this liberal offer in the Oregon City Enterprise.

How to Prevent Pneumonia. You are perhaps aware that pneumonia always results from a cold or from an attack of la grippe. During the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used.

It counteracts any tendency of a cold or la grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and la grippe. Every bottle warranted. For sale by Geo. A. Harding.
