OMAR KHAYYAM.

Deep in the spring their empty pitcher dips, / Dips whose of old a thousand sorrows fill, / Forget not, while the gurgling water slips / Lightly from earthen throats, the silent well.

ISOTHERMS.

Facts about isothermic maps that are barely learned at school. Here are some definitions of isotherms that appear in American textbooks of geography.

Do you see the reason for this? It may be easily explained. Most of the land does not rise so high above the sea that the temperature is greatly affected by altitude.

Weather charts are an exception to this rule. They record the actual thermometrical readings at the points of observation.

Well Located. He—Phrenologists locate benevolence exactly at the top of the head.

Worst Suffering of All. Johnny—What's a hypocondriac? Papa—He's a man who suffers terribly from things that don't ail him.

Humane Society.

There has been several inquiries as to the objects of the humane society. The following from the constitution will explain the matter:

Article I The name of this society is the Clackamas County Humane Society.

Article II The object of this society is the prevention of cruelty of every living creature by all proper means, including humane education.

Article III Section 1—Any person may become and continue to be a member of this society by signing the constitution and paying 50 cents annually into the treasury.

I would not enter on my list of friends / Though graced with polished manners and fine sense. / Yet wanting sensibility, the man / Who needlessly sets foot upon a worm.

How to Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of the grippé. During the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used.

A very fine Steinway piano can be had on very easy terms of Oregon City Auction House.

For La Grippe

Thomas Whitfield & Co., 240 Wabash-av., corner Jackson-st., one of Chicago's oldest and most prominent druggists, recommend Chamberlain's Cough Remedy for la grippe, as it not only gives a prompt and complete relief, but also counteracts any tendency of la grippe to result in pneumonia.

Too Much of It.

A high army officer whose bad ventilation was one day making an inspection of a frontier post which was much in need of repair. In some places the roof showed the blue sky overhead and the walls were ornamented with gaps.

The brigadier general was escorted through the building by the colonel in charge, a sergeant going on before, as is the custom, to warn the men to stand at attention in honor of the general.

The Romans used little stones—calculi—in counting, and hence the world calculate.
