The way to build up Oregon City is to give Oregon City People your Patronage.

ALGER says he does not intend to resign. Then he should be dismissed.

A Curio hunter could not have collected a more unique aggregation than the crowd that did honor to Jefferson at Portland.

CROKER says the democratic party wants the spoils and that is what Tammany is organized for. Croker is honest enough to admit the truth. Everyone knew it before.

THE ovation Bryan received at New York would indicate that the leaders consider him in the race. He might be nominated but Bryan and 16 to 1 reached high tide in 1896 and it has been going out ever since.

THE O. R. & N. Railroad has placed a new tog, the "Wallula," in the service at the mouth of the Columbia. This tog is new and up-to-date, having just arrived from San Francisco. The Columbia river is getting to be one of the best, as well as cheapest ports to enter.

GERMANY makes her point that the Samoan commission must be unanimous King's New Discovery for Consumption in its decision. The first round in the had completely cured her of a backing the police of New York get a share of diplomatic battle would indicate that cough that for many years had made any boodle extorted. Germany can take care of her interests without outside advice or help.

that made the assessment for the year 1898. This populist assessor and his deputies assessed the Enterprise at twice what they assessed the Courier. If their judgment is good the Enterprise is twice the value the Courier as a paper, and certainly the Courier is not going to say that these "reform" people had anything but good judgment.

THE president has appointed ex-governor Lord minister to Persia. W. P. Lord is a man of ability and attainments and would fill his post with credit to his country. The emoluments are small a salary of \$5000 and no perquisits. The The minister will have nothing left after paying for such an establishment as he is supposed to keep up.

GOVERNOR GREE in answer to an inquiry from the Chicago Tribune, says that there is a general wish here to have the Oregon troops return home as soon as they can be spared; that the difficulty should be taken care of by the regulars if possible; that Oregon does not believe in abandoning the islands or that the war is being carried on in op position to liberty " The people of the state are with Governor Geer in these sentiments.

THE democratic banquet at Portland last Thursday in bonor of Thomas Jefferson had all elements there. They certainly were unanimous to have a banquet but there were gold men there and silver men also, expansionists and antiexpansionists. When the next state convention is held by this party some of the speakers at this banquet will not be considered eligible to hold seats. This city was well represented and J. D. Stexens, of Canby was one of the speakers. We have failed to hear that anything was said about fusion at this affair. When votes are wanted the populists will have an invitation extended to

THE fact that Lawton had to vacate all the captured territory taken in the over the Samoan affair. vicinity of Santa Cruz goes to show the difficulties to be encountered in the \$10,000 for being forcibly shipped on a Philippines. He did not have enough troops to garrison the different towns captured and the only course was to give up the captured territory after inflicting all the damage possible to the enemy. The insurgents have great faith in the efficiency of their climate to destroy foreigners. If the Americans can withstand the wet season Aguinaldo need not be feared. If many are affected no one can tell what will result, A guerilla warfare might be made indefinite, as far as time goes.

Hardly Worth the Agony. An artist of more than national fame chose the most beautiful girl in his town for a mate. Before they were married he said: "My dear, you are almost perfect. You lack but two things -your mouth is a little too small, and you are a little too thin. I wish that before we are married you would correct those two and become absolute perfection." For six months the poor girl wore a brass fixture in her mouth to stretch her jaw and ate fattening food Then she was married. To an intimate friend she has since confessed that the agony of that six months' jaw stretching was not worth all she since has enjoyed as the wife of a distinguished artist.-New York Commercial Adver-

Who Whipe?

OREGON OREGON CITY, *****************

Notice of Street Improvement in Oregon City.

ORDINANCE NO .---

An ordinance providing for the time and manner of improving 4th, 5th, 6th, 8th, 9th and 10th atreets from the easterly line of Main street to the stone wall known as the westerly line of the O. & C. R. R. right of way and of improving 3rd, 4th, 5th, 6th, 7th, 8th, 9th and 10th streets from the westerly line of Main street to the easterly line of Water street. OREGON CITY DOES ORDAIN AS FOLLOWS

That Fourth, Fifth, Sixth, Eighth, Ninth and Tenth streets from the east erly line of Main street to the stone wall known as the westerly line of the right of way of the O. & C. R. R., and Third, Fourth, Pifth, Sixth, Seventh, Eighth,

Specifications for the improvement of Fourth, Fifth, Sixth, Eighth, Ninth and Tenth streets, from the easterly line "I went to Paris," says an English- of Main street to the stone wall known as the westerly line of the right of way of the O. & C. R. R., and Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth and Tenth streets, from the westerly line of Main street to the easterly line of Water street, with crushed rock.

2. The work to be done under these specifications consisists of improving the his own expense gether with necessary drains, grading,

The grading will consist in grad

ing said streets for their full width to the established grade of said streets and provement may require, as shown on cavated to sub-grade, the surface will, if "What, he replied in amazement, deemed necessary by the city surveyor, are you an Englishman? So am I, but be thoroughly rolled with a road roller weighing not less than five tons. soft or spongy spots, that may appear, shall be filled with dry earth or rock and rolled until solid. The earth taken "What," said the visitor to the vil- from excavation will be used in embank lage of his childhood, "what's become ment or in bringing sidewalk beds t grade. All excess excavation will be the property of the contractor and must be removed and disposed of by him. The grading will be measured and estimated in excavation only, and no allow-ance made for trees, roots, logs, planks or any other substance. All excavation will be classified as earth. No additinal price will be allowed for overhaul,

4. On the sub grade between the curb lines will be spread three layers of crushed rock of the following dimen-sions and thickness. The bottom or first layer to be five inches in thickness after being thoroughly rolled, and to consist of crushed rock in pieces measuring not exceed two and one half inches, ond layer to be four inches in thickness after rolling, and to consist of crushed rock in pieces measuring not to exceed one-and one-half inches, largest dimen sion. The top or third layer to be one inch in thickness after rolling, and to consist of clean sharp screenings, entirely free from dust or other impurities.

Each layer of crushed rock shall be well and thoroughly rolled with a road roller weighing not less than five tons, and the rolling shall be prosecuted until each layer and the finished surface are finished to the satisfaction of the committee on streets and public property and the city surveyor.

The crushed rock, when rolled, shall have a total thickness of ten inches. 7. The crushed rock portion of im-provement shall be forty feet in width, between curb lines, and shall be finished to such cross sections as shown on plan.

8. All crushed rock shall be thoroughly screened and free from all dust and other impurities. 9. Sidewalks must be laid truly to line and grade, and all space beneath them shall be filled and properly tamped

with earth. to. The sidewalks and curb must be laid and set before the crushed rock is placed on sub-grade. The curbs shall be set on a solid bearing throughout their entire length and filled in behind and thoroughly tamped. Three sills, 4x6, shall be placed underneath sidewalks parallel to curb line, and have a solid bearing throughout their length. The sidewalk plank shall be spiked with four-inch spikes to a bearing. All rub-bish, which may accumulate during the performance of the work, or by reason of the work herein provided for, must be removed by the contractor at his own

11. The sub-grade must be graded to such grade and cross section as shown on plan in office of city surveyor. No plowng will be allowed within six inches of ub grade

Sidewalks must be constructed of two-inch plank, planed on one side, six feet in width, on each side of the street in accordance with plans on file in office of city surveyor.

13. There must be a line of wood curb,

ive inches wide and sixteen inches deep

laced on each side of the street, twenty

feet from the center line of same, and laid to line and established grade of street. 14. Any work not coming under this contract, which may develop during the progress of the work and not described particularly herein, may, if deemed neces-

sary, be done, by order of city ma for which the contractor will be an actual cost of material and ten per profit on labor account for a performed.

The contractor, while in said streets under these plans and fications, shall, during the night put up and maintain such barries ights, as will effectually press happening of any accident quence of his work, and the shall be liable for all damage in any way by his act or neglects of his agents, employees or works 16. All settlements in any par the work, which may appear fore the final acceptance of the

shall be repaired and made good; expense of the contractor, 17. The work to be done un specifications will be staked out city surveyor, and the contractor required to preserve all of said at The city surveyor is to ma

measurements and to decide as a

amount or quantity of the several of work. All work and all m shall be satisfactory to him and a to his rejection and his decisions final as to the meaning and is these specifications. 19. All lumber and timber as the work must be sound, square and free from large, loose or as

20. All rubbish of whatever ke nature which may accumulate a the performance of the work, or be of the work herein provid must be removed by the contract

All parties concerned are le by notified that the above a tioned improvements are al-to be made at the expense at owners of property abuting-said streets.

By order of the city council of 0 City, Oregon. Dated April 5, 1800. BRUCE C CURRY, Records
