FROM A FRIEND.

No street in the world is more plastered with advertising than Broadway, New York. Even to those recognizing that fact the amount does not appear startling until it is put into figures.

"What would you say," asked the fair theosophist, "if I should tell you that I was born in Egypt 8,000 years ago?"

"Why, I should certainly say you don't look it."—Brooklyn Life.

It is asserted that women are on the whole cooler and more self possessed than men in cases of disasters at sea.

Hotel Life in Washington. At breakfast the other morning a Washington young woman found a little note at her plate saying that her aunt had arrived from the east the night before and was at a well known hotel.

"Oh, never mind doing that!" she replied. "You just tell me the number of her room, and I will go up."

"No,—" promptly replied the clerk, and the young woman took the elevator.

"Who is it?" came a gruff voice, and at the same time a man opened the door and stepped out into the hall.

"Oh, you are the party who was coming again at 10, are you?" continued the man smilingly.

"Nothing thank you," she replied, "unless you come down stairs and help me thrash that hotel clerk."—Washington Post.

A majority of the ills afflicting people to-day can be traced to kidney trouble. It pervades all classes of society, in all climates, regardless of age, sex or condition.

The fallow, colorless-looking people you often meet are afflicted with "kidney complexion." Their kidneys are turning to a parsnip color, so is their complexion.

Women as well as men are made miserable with kidney and bladder trouble and both need the same remedy.

The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases, such as weak kidneys, catarrh of the bladder, gravel, rheumatism and Bright's Disease.
