How Old She Looks

Poor clothes cannot make you look old. Even pale cheeks won't do it.

Your household cares may be heavy and disappointments may be deep, but they cannot make you look old.

One thing does it and never fails.

It is impossible to look young with the color of seventy years in your hair.

Ayer's Hair Vigor

permanently postpones the tell-tale signs of age. Used according to directions it gradually brings back the color of youth. At fifty your hair may look as it did at fifteen. It thickens the hair also; stops it from falling out; and cleanses the scalp from dandruff. Shall we send you our book on the Hair and its Diseases?

The Best Advice Free. If you do not obtain all the benefits you expect from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system, which may be easily removed. Address, DR. J. C. AYER, Lowell, Mass.

was overheard to say that as soon as roads get a little better he expected to make some record breaking trips to Barton on his new wheel. Mr. Lewis has fixed up a sort of scraper for the roads and has been running it the past week it does good work; though it is not particularly handsome. We do not know what name it does bear, but it seems

to be a cross between a road scraper and one of these go devil affairs they use for bucking out straw. It gets there just the same and has not got a mass of complicated machinery to get out of fix. In fact it has the genuine bob-sleigh movement with four holes for jewels, the bearings are ground out of solid steel while the tongue is simply unbreakable. Four horses, one man and a long whip are all that is necessary to run it with no danger of punctures or blow-outs and there is not enough back action to ever hurt the main spring. The saddle is not just what it might be, it is a little suggestive of standing up or going along.

They will commence work on their new hall in a short time, funds being in sight for its completion.
