This being the 11th annual gathering of this kind, the attendance was 30 per cent better than any previous year, the success was good. There were ten ministers present: Rev. C. A. Priesing, Rev. Geo. Hartung, Supt. J. C. John Adam Klipple and Rev. P. J. Senert, of Portland; Rev. J. W. Beckley, of Salem, Rev. Trahlio, of Logan, Rev. Joseph Scherting, Clark, Rev. Geo. A. Jahn, Bethany and J. G. Moehring, of Ridgefield, Wash. The last day was mostly devoted to the Sunday school convention. The program was as follows: Convention called to order by the president, Geo. Hartung, J. C. Jahn was the secretary. Nearly all the delegates were present from the different fields. The complete list is too long for publication. The committee on resolutions: J. V. Beakey, Salem, Geo. Miller, Clarks, Lydia Bottemiller, Milwaukie. Following were the subjects: "What Constitutes a Good Sunday School?" by P. J. Severt, of Tacoma. There were 12 schools represented. Mrs. Hoesly, who was run over by a bicyclist a few days ago, is confined to her bed, but is not considered serious. Two stitches were taken over her eye, where a gash was cut. The riders were from Aurora and it was learned that one's name was Hendershot, but the one who caused the trouble did not divulge his name at this writing. He has not showed up to make the damage good, which he promised to do the same day. He even refused to assist the injured lady to her home after she asked him to.

Hood View.

HOOD VIEW, Aug. 1.—Willie Schlicker is not improving very rapidly of late. Reed Graham and his mother, of Newberg, have gone to Nestucca. Chas. Baker and family have returned from the coast, and report the health of T. S. Riggs greatly improved. R. V. Short is stopping at the home of his daughter and son-in-law, C. T. Touze, while they are on a visit and business trip in the East. Mrs. G. W. Wadsworth, of Portland, returned home today after a week's sojourn with her friends, Graham's and Young's. Mr. and Mrs. J. Welch at Salmon. You can hear the buzz of Mr. Beebe's mower nowadays. Binky Tapp injured his foot quite badly by stepping on a rusty nail. Miss Alpha Ware has returned home from Portland, where she had been visiting relatives and numerous friends.

Molalla.

MOLALLA, July 31.—John Stewart is laid up with a sore hand, blood poisoning being feared. A. J. Sawtell has received a large order for teasels to be shipped across the ocean so we understand. Mr. Scott and Mr. Hattan were up in the mountains fishing over Sunday. Those two fair maidens from Washington county are sadly tearing the heart strings of some of our young men. Parties are all the go. Willie seems to be in the lead with Hubert a close second. Lawrence was putting up a fine race, but lost his nerve at the party last Saturday evening. Lewis Daugherty is painting Frank

Sawtell's house, thereby improving the appearance very much. A jolly crowd drove into the United Brethren camp grounds on Beaver Creek Sunday. The party consisted of the Misses Elsie and Mary Taylor, Carrie, Doll and Katie Ridings; Messrs. Tom and John Ridings. They had been camping at Gladstone and from the appearances of their smiling countenances they had had a good time and the good time was not followed by a headache but left a pleasant taste in the mouth. The sound of the reaper is in the land. Considerable grain will be cut this week. Frank Bagby has about recovered from the injuries he received by being kicked by a horse sometime since.

SUNNYSIDE. SUNNYSIDE, July 31.—Quite a number of people of this place have been attending the Chautauqua meeting at Gladstone. Mrs. Emma Welch and Mrs. Ada Conklin started for Cape Horn, Wash., today, where they expect to spend a week fishing. Mr. and Mrs. Walter Cotty have moved to Portland. Mr. Stalnaker made a flying trip through Sunnyside yesterday. Mr. Gensma is having the lumber hauled to build an addition to his house.

REDLAND. REDLAND, Aug. 1.—Harvest is upon us. The crop is as good as expected and in many cases much better. We were treated to an excellent sermon Sunday evening by Rev. Allen, of Batte, Montana. Well! Chautauqua is over and everyone has returned home feeling amply repaid for their money and trouble. Grandma Sprague, who has been quite ill, is improving rapidly. Hiram Johnson, of Portland, is visiting Fred Barkey. Jessie Baxter, of Oregon City, was out visiting Harry Mosher the first of the week.

L. Mosher, who is working on the U. S. snag boat, spent Sunday, July 23, at home. He came down on his wheel. Miss Hattie Wilcox has been visiting at Macksburg for the past month. Hattie if you don't come back pretty soon, the boys will get suspicious and come up there with their cow bells and old tin cans. There will be a social given by the Epworth League at Wm. Stone's next Wednesday evening. There will be refreshments. All are cordially invited to attend. Bert Hart goes over to Macksburg of late. Aren't our home girls good enough Bert? Mrs. I. Selling and son, Samuel, of Oregon City, took a pleasant drive through our section of the country yesterday. Mrs. Grimer and her grand daughter, Calla Hornschuh, went to Seaside last Saturday to spend a few weeks. Mr. Bluhm has repaired his dam by putting more rocks in the bottom and more planks on the dammed side. The Beeson hill road is again open for travel. Fred Moehne is busy hauling lumber with two teams. The man with the dancing dolls gave an exhibition in our school house last Wednesday night. Everything was carried on nicely amid good order and attention, with the exception of two grown up boys—you could hardly call them gentlemen—who persistently disturbed the audience. The rude actions and vulgar language could scarcely be excelled by the saloon bum, yet both are pious church members. But this is a free country Fred and John, next time will mention your names. There will be English preaching in the Evangelical church next Sunday afternoon at 3 o'clock, p. m., by Rev. Copley, of Oregon City. Everybody welcome.

On last Monday night the young people of the German Congregational church were invited to spend the evening with their pastor, Rev. Esig. They began to assemble "just as the sun went down" and the full moon, dressed in her brightest array, took her place in the heavens as queen of the night. The berries in the garden were picked, the wood in the woodshed was made ready for use;

Does Your Head Ache? Are your nerves weak? Can't you sleep well? Pain in your back? Lack energy? Appetite poor? Digestion bad? Boils or pimples? These are sure signs of poisoning. From what poisons? From poisons that are always found in constipated bowels. If the contents of the bowels are not removed from the body each day, as nature intended, these poisonous substances are sure to be absorbed into the blood, always causing suffering and frequently causing severe disease. There is a common sense cure.

AYER'S PILLS They daily insure an easy and natural movement of the bowels. You will find that the use of Ayer's Sarsaparilla with the pills will hasten recovery. It cleanses the blood from all impurities and is a great tonic to the nerves. Write the Doctor. Our Medical Department has one of the most eminent physicians in the United States. Tell the doctor just how you are suffering. You will receive the best medical advice without cost. Address: DR. J. C. AYER, Lowell, Mass.

then we were all treated to taffy right hot from the stove. My! how we pulled it and rolled it and chewed it; and then we played a few games in our own quiet way, after which we were treated to an excellent lunch and departed for our homes. Logan. LOGAN, July 31.—Everybody is getting ready for harvest. Fred Gerber has already cut about 40 acres of grain. Most of the grain looks well in this section of the country. The fruit crop of Logan is very poor. Hubbard Bryant was down from Albany looking after the interest of the McMinnville Fire Ins. Co. and paid his aunt, Mrs. McCubbin, a flying visit last week. Mrs. Gill, of Logan, has been spending a week at Chautauqua. Mrs. Nancy McCubbin is very sick. A large number of berry pickers are going to the mountains. Volcanic Eruptions. Are grand, but Skin Eruptions rob life of joy. UTILIZING THE GOIT. It Has Power to Soothe the Man With a Cracked Shoe. "Every now and then," said a man of moderate means, "something happens to remind me that I am only a novice in the art of life. For instance, my shoes were wearing out, and in one of them there was an ugly crack in the top. If there is one thing more disturbing to me than another, it is the sight of a shoe on one of my feet with a hole in the top. But I had not the money wherewith to buy another pair, and, though it may seem ridiculous, I couldn't very well spare the quarter that it would cost for a patch, to say nothing of the fact that a patched shoe is little less unsightly in my eyes than one with a hole in it. "Walking in this predicament, one day, I met a friend, whose means, so far as I knew, were little, if any, greater than my own. He now had in the top of one of his trimly blacked shoes a carefully cut round hole. Since I had last seen him he had apparently prospered enough to have got the goat, a fact on which I ventured to comment. "Why," he said, "you can get precisely the same kind of goat with a pair of shears." And then he smiled. He always was blithe and gay, no matter what betided. "Well, when I got home I enlarged that hole in the top of my shoe to the size and respectability of a goat opening, and now, when I go down in the morning on the elevated, I don't hold that foot with the broken shoe curled under the seat, back of the other ankle, as though I had a curious habit that way, but I place it boldly out in front, and I read the paper with the air of a man who is going down town with his surplus interest money to take a little flier in stocks."—Chicago Inter Ocean.

Fire at Weddings. Fire is an essential in some wedding celebrations. In Persia the service is read in front of a fire. In Nicaragua the priest, taking the couple each by the little finger, leads them to an apartment where a fire is lighted and there instructs the bride in her duties, extinguishing it by way of conclusion. In Japan the woman kindles a torch, and the bridegroom lights one from it. The playthings of the wife being burnt then and there.

GLORIOUS HAIR Is a matter of choice. Any woman may have it if she takes the trouble. HERE'S PROOF Miss Carrie Sparr, 2780 Cherry Street, Kansas City, Mo., writes: "Six weeks ago I began using the Seven Sutherland Sisters' Scalp Cleaner and Hair Grower. My hair was very thin, having fallen out from scarlet fever. Thick, glossy hair is now coming in, and I am positive the remedies have greatly helped me. I advise everyone to use them."
