THE LOCAL NEWS.

NEW JUSTICE APPOINTED.—M. E. KAN... JUSTICE GRAVEL PUTS.—The county commissioners have ordered the purchase of gravel pits by the county, one in each of three and one in district thirty-one, paying the sums of \$50.00 and \$75.00 respectively.

HAD A BARBECUE.—The patriotic citizens of Milwaukie got up a barbecue Wednesday in honor of the boys of that vicinity who were members of the Second Oregon. A short program and dancing followed the barbecue. County Commissioner Scott was in charge of the general arrangements. Lieut. Campbell made an address.

LOTS OF SALMON.—Ernest Hickman, John Gleason and Frank Brown came into town Saturday from the upper Clackamas hatchery. They report a good run of salmon. Already 1,000,000 chinook salmon eggs are stored in the hatch house and the catch now is from 100,000 to 200,000 daily. The boys pronounce this the best hatchery in the state.

WOOD CONTRACT LET.—The commissioners on Wednesday last opened the bids for the furnishing of 60 cords of wood to the county. Nine bids were submitted as follows: C. J. Wolf, \$2.35 per cord; Will F. Harris, \$2.45; John Potter, \$2.20; D. W. Thomas, \$2.25; C. R. Livesey, \$2.50; Chas. Rider, \$2.24; Fred Bluhm, \$2.50; Geo. Lazelle, \$2.50; Jos. Meinle, \$2.35. The bid of John Potter being the lowest the contract was awarded to him.

A SMOKE SOCIAL.—Court Robin Hood, Foresters of America, had a jolly time at their meeting last Friday evening. Several candidates were presented for initiation, following which came a season of social enjoyment. A competent committee had charge of the affair and the wants of the inner man were fully provided for. Music, songs and speeches followed the lunch. The event was so enjoyable that the boys threaten to repeat it soon.

THESE WERE SUCCESSFUL.—At the teachers' examination conducted by Supt. Bowland last week out of nineteen applicants for county papers seventeen were successful. Those passing a satisfactory examination were: For first grade—J. C. Zinner, Oregon City; second grade—Mahala Gill, Logan; Millie Wilson, Eagle Creek; Susie Maroney, Sandy; Pearl Shaver, Tigardville; Ora Lawellen, Springwater; Maud Coelran, Needy; Florence Patty, Oregon City; Iva Harrington, Highland. For third grade—Aimee Dobson, Garfield; Myrtle Cornett, Springwater; Emma Fleming, Lents; Lucy Jeffcott, Portland; Millie Wintermantle, Canby; Vesta C. Dudek, New Era; Myrtle Boen, Oregon City; Elvora Ginther, Oregon City. These took the examination for state certificates and their papers were sent to Salem for marking: Chas. Rutherford, Highland; Robt. Baker, Oregon City; Hannah Peter, Aurora; and Myrtle Taylor, Oregon City.

HOLD THEIR FIRST CAMP FIRE.—The members of Lawton Camp, Union Veterans Union, issued a public invitation for their friends to join them in a camp fire—the first given by the camp since their organization—at the armory last Saturday evening. A goodly number joined with the "old boys" and a splendid time was enjoyed. Hon. Geo. C. Brownell and Col. R. A. Miller each delivered a short address appropriate to the occasion. Each paid high tribute to the Veterans and their organization and their remarks were much enjoyed by the assemblage. Solos were sung by Mrs. Strickler and Mrs. Bacon and recitations by Mrs. Rinearson, Grace Wood and Birdie Sabin were all pleasing. But to the veterans the most pleasing feature was the presentation to the Union of a handsome new flag from Mrs. Lawton. The Union have not had one of their own so that this gift proves most acceptable to them and they are exceedingly proud of it. Col. Priester on behalf of the Union accepted the gift in a few well chosen words of appreciation. Following the program the old time army fare, consisting of pork and beans, hardtack and coffee was served, after which those who were inclined that way enjoyed a few hours of the mazy dance. To those who assisted in making the occasion so successful the members of the Union desire to tender their hearty thanks and deep appreciation of services rendered. Another camp fire will be given when the 100th member is received into the union, which will not be long as applications are coming in rapidly.

A Mother Tells How She Saved Her Little Daughter's Life. I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering.—Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For sale by G. A. Harding, Druggist.

The Captain's Sentiment. "We'd had a brush with the Indians on No Man's creek," said the cavalry sergeant, "and had driven them out of the cottonwoods, when we caught sight of a warrior trying to work in on our left flank. Three or four of the boys turned loose on him and drove him off, but he was soon replaced by two others. They were beaten off to be replaced by five or six. We couldn't at first make out what they were up to, but by and by we discovered that their objective point was a thicket on our front center. Then it was easy to conclude that some warrior of prominence was in that thicket, dead or wounded, and that the object was to carry him off.

"Our captain gave orders to cease firing. He wanted those redskins to understand that Company D had too much honor to fire upon a wounded foe and too much mercy to shoot down those who would carry away the dead for burial. We lay there and let the Indians dash up with a yell, and two minutes later, as they rode off with whoops and cheers, we were all shaking with laughter. They were not after a dead or wounded buck, but what they wanted and what they got were two kegs of whisky which had been hidden there.

"Our captain didn't catch on until too late, and then he jumped up and down and told us to blaze away. We blazed away, but though we fired away \$10 worth of Uncle Sam's good cartridges, we didn't even graze a pony."—Cleveland Plain Dealer.

Quickly cure constipation and rebuild and invigorate the entire system—never gripe or nauseate—DeWitt's Little Early Risers. GEO. A. HARDING.

Where Will we Spend our Summer Vacation? This is the time of year to think about it, but before you decide, write for an elaborate, illustrated pamphlet showing numerous photo engraved views of the many attractions at the seashore and enroute, and advantages of the Columbia River Beaches as reached by the Astoria and Columbia River Railroad. Three hours and thirty minutes from Union Depot, Portland, to your beach hotel in a transfer or parlor car without change or transfer is a convenience and luxury few resorts can offer. Such is the initial attractions of this favorite resort. J. C. MAYO, Gen'l. Pass. Agent, Astoria, Oregon.

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and permanent cures, have made it a great favorite with the people everywhere. For sale by G. A. Harding, druggist.

"DeWitt's Little Early Risers did me more good than all blood medicines and other pills," writes Geo. H. Jacobs, of Thompson, Conn. Prompt, pleasant, never gripe,—they cure constipation, arouse the torpid liver to action and give you clean blood, steady nerves, a clear brain and a healthy appetite. GEO. A. HARDING.

Wonders of the Steam Engine.

The nice adjustment necessary in the various parts of the immense engines now employed for some of the trains on our great railway lines may be indicated by a few data of the work performed by these parts when the locomotive is worked at high speed. Thus, in the case of a passenger engine at 60 miles an hour, a driving wheel of 5 1/2 feet diameter revolves five times every second, and, this being so, the reciprocating parts of each cylinder, including one piston rod, crosshead and connecting rod, weighing about 650 pounds, must move back and forth a distance equal to the stroke, say 2 feet, every time the wheel revolves, or in the fifth of a second; this weight starts from a state of rest at the end of each stroke of the piston and must acquire a velocity of 32 feet per second in one-twentieth of a second, and must be brought to a state of rest in the same period of time. A piston 18 inches in diameter has an area of 254 1/2 square inches; steam of 150 pounds pressure per square inch would therefore exert a force on the piston equal to 38,175 pounds, which force is applied alternately on each side of the piston ten times in a second.—Chicago Inter Ocean.

Can You Indulge In This? "During the day every one should take a few minutes' sleep, preferably directly after the noon meal," writes Edward B. Warman in The Ladies' Home Journal. "The time given to it may seem too precious for one in business, but it will be more than compensated for by the mental and bodily condition that follows. Sit in an easy chair. Lying down directly after a meal crowds the digestive organs and makes one's sleep restless instead of restful. Rest the head comfortably. Tip the chair to a pleasant angle for the body, not enough to have the weight of the body on the back. Place the feet on a chair as high or a trifle higher than the one upon which you are sitting; cross the limbs at the ankle joints, close the hands together by interlacing the fingers, place the fleshy part of the thumbs together in order to avoid grasping the hands too tightly and close the eyes. Having thus closed the circuit, it will be necessary to relieve yourself of all nervous and muscular tension. Think only of your slow, measured breathing and the desire for a restful sleep."

A Tart Retort. A good story is told about former Governor George S. Houston. Houston and one of the public men now distinguished in the public life of the state had an appointment to deliver public speeches. They had to drive a long distance before dinner time and arrived at a farmhouse in time for dinner. Houston was sick. His companion had a ravenous appetite. "Mr. Houston," said the housewife, with some indignation, "I see you ain't eating much. I know the dinner ain't much, but it is the best I could get up. I'm sorry you don't appreciate the dinner." "My good woman, the dinner is perfect, but I am ill. In addition to that I have got to make a speech immediately, and I can't speak well after eating freely."

Glory No Temptation. A few years ago the river drivers were working on the west branch. The logs had jammed into a nasty snarl, and no one bankered for the job of going out with a cantdog and starting the key log. In the crew was an Indian who was noted for his coolness and his keenness. The boss finally looked over in his direction. "La-coote," he said, "you go out and break that jam, and I'll see that you get a nice puff in the paper." The redskin looked at the logs and then at the boss. "Dead injun look nice on paper," he grunted, and walked away.—Aroostook (Me.) Pioneer.

Squelched For Once. "Sir," began the book canvasser, "I have a little work here." "Sorry," interrupted the busy man, "but I have a great deal of work here. Good morning!"—Chicago News.

Glorious News. Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons helps digestion builds up the strength. Only 50 cents. Sold by Geo. A. Harding Druggist. Guaranteed.

A Minister's Mistake.

A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take Kemp's Balsam, the best Cough Cure." This was hardly what he had expected and, after a moment's hesitation, he turned it over, and found on the other side the matter intended for the reading.
