

Personal Mention

Chas. Lynch and family have returned from the coast. Secretary Griley of the Y. M. C. A. visited Salem yesterday. Dr. S. S. Thayer visited at the Cascades Sunday and Monday. F. J. Test, of Portland, is here visiting with his cousin Bruce C. Curry. Paul Husock, proprietor of the Depot hotel, was a Salem visitor last Saturday. H. Weibard, the Portland brewer, was an Oregon City visitor Wednesday. Miss Lucy Alderman, of Woods, is visiting her sister Mrs. James Edmunds, of this city. Mrs. Rath and son Charlie, of Portland, visited friends and relatives in this city Sunday. A. L. Larkins was in from Meadow Brook Tuesday attending to business matters in the city. Mr. and Mrs. Ernest Post and daughter Helen, of Portland visited friends and relatives in this city Sunday. Mrs. C. H. Caulfield went up to Albany last Friday and visited with the family of her brother, Capt. M. D. Phillips. Mr. and Mrs. James Edmunds, of this city, returned home Tuesday evening from a three weeks' visit to the coast. A. C. Beaulieu left Wednesday for the Yamhill country where he goes to look after some property he has at LaFayette. Fred Thompson, one of Forest Grove's popular young men, is in Oregon City for a few weeks assisting in the Enterprise office. Hon. Geo. C. Brownell went to Seattle Tuesday where his services are in demand conducting the defense in a criminal suit in that city. Bookkeeper W. B. Wiggins, of the Portland Flouring mills, visited Salem last Saturday on matters connected with the milling business. Mike Mulvey, of Mulino, visited John Gleason and family of this city Tuesday. Mr. Mulvey was on his way to Eastern Oregon. Max Schupius has returned from a trip to Idaho in the Wardner country. He may return there as he has a good position offered him. Miss Imogene Harding and Ethel Albright and Lee and Carlton Harding spent several days of this week at the Barlow farm, Barlow. E. H. Miller represented the Needy district in the county seat Tuesday. Mr. Miller reports matters as being in very good shape in that neighborhood. Mrs. E. L. Bayley and two children have been visiting with Mr. and Mrs. Bruce Curry. Mrs. Bayley is a sister of Mrs. Curry and lives at Spokane, Wash., and she returned to her home there on Monday. Ralph Story, a recent graduate of Brown University spent a few hours with acquaintances in Oregon City this week. After a brief sojourn in Eastern Oregon he will occupy a position as assistant president of McMinnville College. Mrs. Daniel Davis, of Oshkosh, Wis., who has been visiting her sister, Mrs. J. B. Williams, returned home last Monday morning. Mrs. Davis also visited relatives in Beaver Creek. She was well pleased with Oregon. Richard Allen, has resigned his position as night clerk at the Electric hotel and will leave in a few days for the Upper Clarkamas hatchery where he has secured a position as engineer, running the steam pump. J. U. Campbell departed Monday for an extended visit through the East. Mr. Campbell expects to be gone some five or six weeks and will visit his old home in Prince Edward's Island while absent. On his return he will resume law practice in this city. A. W. Cheney and family returned last Friday from a two weeks' outing among the mountains of the Hood River country. A very pleasant time was had considering that out of eight days passed in camp there was one and one-half days when it didn't rain. O. D. Eby, the pleasant young dispenser of even-handed justice at Molalla was transacting business in town Monday. In speaking of the crop situation Mr. Eby was of the opinion that a large portion of the crop would be damaged, some of it being swollen and the standing grain breaking down. H. S. C. Phelps, that jolly agriculturist from up about Canby way, was attending to business in the city Monday. Mr. Phelps says this talk of never having had such weather in August before is all wrong, as 23 years ago the conditions were identically the same and much grain was spoiled. Henry Miley, the genial merchant from Wilsonville, was calling on his Oregon City friends Tuesday. Mr. Miley stated that the grain in that vicinity while injured to some extent, is far from being badly affected by the rains. What fruit there is, is in bad shape though, the apples dropping from the trees and being small and wormy, and the pears small and scrubby. The hop crop is due though, much larger than usual, and if the lice can be kept down will be a splendid crop.

Local Events

Subject for Christian Science service Sunday August 27, "Man." A baby girl was born to Rev. and Mrs. E. S. Bollinger last Monday morning. Manager Hodges is in correspondence with the Woodburn base ball team in regard to a game between Woodburn and the "Jolly Fellows" in the near future. The Strickland property on the corner of Seventh and Washington streets has been in the hands of the carpenters and painters and presents a greatly improved appearance. Sheriff Cooke and his assistants have completed writing up the delinquent tax list. The amount delinquent is a trifle over \$15,000, about \$4000 less than last year. The new lodge of Pendo shows signs of having a good growth and a strong membership. The local lodge has a list of 28 names on their starter list and initiated three at their meeting Monday evening. Rev. Alexander Blackburn, of the Port and First Baptist church will occupy the Baptist pulpit morning and evening Sunday next. Services at 10:30 a. m. and 7:45 p. m. The public is cordially invited to hear this talented speaker and preacher. There was a run on flour this week. Nearly all the local grocers having stocked up big for fear of a heavy advance in the price caused by the damage to the wheat crop. Later conditions though hardly give occasion to look for any great advance. Several hop growers have been in the city during the week engaging pickers for their crop. Almost without exception the crop is reported as being in a fine condition and the yield large. Some growers are afraid of a shortage of help. A special praise service was held at the Episcopal church last Sunday to commemorate the safe return of the soldier boys, many of whom were members of the church. The musical service was pleasing and the sermon by Rev. Hammond peculiarly appropriate. Brigadier S. Marshall, commander of the Northern Pacific division. Will speak at the Salvation Army hall Friday night, August 25th, at 8 o'clock. There will be special singing. After the meeting ice cream and cake will be served for 10 cents. Everybody welcome. Mill and warehouse men unite in warning the farmers against threshing their grain too soon after the rain. They say that no warehouse will receive grain threshed within the the next few days, as it will not be in good condition. It should be allowed to dry out, and it might as well spoil in the field as to spoil after threshing. On Monday Mrs. Daniels, who lives out near Beaver Creek, in taking some medicine made a mistake and got hold of a bottle containing carbolic acid. She took quite a large dose and to the fact that the acid had been diluted she can probably owe her being alive. She is rapidly recovering from the effects and no harm is anticipated. Wednesday evening as the 10:30 car was crossing the long trestle a strange Japanese who was riding on the car made a flying leap and landed among the vegetables in the Chinese market garden below. The trestle at this point is about twenty-five feet above the ground, but when the motor man got his car stopped the aerial artist was digging young beans and roasting ears out of his anatomy and none the worse for his lofty tumbling act. He was turned over to Officer Shaw and accommodated with a night's lodging in the city bastille. It is reported that the proprietor of the gardens will prosecute the Jap for unlawful trespass. A Pleasant Gathering. On Saturday evening a reception was tendered John A. Howland of Co. I Second Oregon volunteers at the home of Mr. and Mrs. R. H. Taber at Mt. Pleasant by the good people of that neighborhood. The guests assembled at an early hour and jovial conversation was engaged in, interspersed with war stories, piano and vocal music and recitations. A delicious lunch was served consisting of ice cream, cake and lemonade with Dr. Geo. Hoeye as toast master. At a late hour the guests departed with congratulations on the safe return of Mr. Howland and the appreciation felt in listening to his fine descriptions of Old Manila, the country and the battles engaged in by "Our Boys." To Cleanse the System Effectually yet gently, when costive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, or fevers, use Syrup of Figs, made by the California Fig Syrup Co. Dr. Lyons, who has had charge of the dental parlors of Dr. Pickins, has opened an office in the old Methodist church building on Seventh St.

READY FOR ANOTHER TERM.

The Oregon City Schools to Open for the Fall Term September 11. After a long summer vacation during which teachers and pupils alike have fully rested from their diligent and persevering labors in the school room, they will re-assemble in their respective classrooms on Monday, September 11th, to continue their onward march toward knowledge and wisdom, as generously offered under the liberal school system of our country. And in the chain of that vast system of free and advanced education the public schools of Oregon City can rightfully lay claim to a position in the foremost ranks. During the superintendency of Prof. L. W. McAdam the course of study has been enlarged and extended until an Oregon City grammar school certificate secures the possessor admission into any high school in the state and our high school work is accepted by all of the state universities. The young people of Oregon City are most fortunate in the educational facilities offered them. For the coming term Prof. McAdam will be continued as superintendent. The Barclay school staff will be as follows: First grade, Hattie Bray; second and third, Hattie Cochrane; third and fourth, Sade Chase; fifth, Laura Beattie; sixth, Addie Clark; seventh, Gertrude Foley. Grades nine and ten, of the high school course will be in charge of Prof. H. D. Wilcox, the newly elected principal and Superintendent McAdam will have charge of the eleventh grade. At the Eastham building the teachers will be: First grade, Mollie Hankins; second, Majorie Caulfield; third, Erna Laurence; fourth, Gertrude Neffger; fifth and sixth, Mrs. D. H. Glass; eighth, Mrs. L. W. McAdam. The board has made some greatly needed improvements in the heating system of the Eastham building, consisting of an entire new plant at a cost of over \$1100. Under the old system the ventilation was very bad, the heat being regulated by registers in the floor, which when shut off also shut off the circulation and forced the scholars to breathe impure air or expose them to drafts from open windows. Under the new plan the heat is conducted into the room from openings about two feet above the floor and when it is desired to reduce the temperature a shut-off pipe in the furnace shuts off the hot air and draws a current of fresh air which is slightly warmed in passing through the pipes and thus the circulation in the room is always maintained and the pupils are not exposed to any cold drafts. For comfort and health the new system is almost perfect and the patrons of the school will surely appreciate the efforts of the school board to provide the best possible accommodations. The furnaces of the Barclay school have also been overhauled and everything seems to be in first class condition for the opening day. A Military Party. Last Friday evening Mr. and Mrs. Chas. Albright invited all the members of Co. I in the city to gather at their home for an evening's entertainment. In the neighborhood of fifty young ladies and gentlemen responded to the invitation and had a splendid time, the evening rapidly passing away with games, songs and music. An elegant lunch was served during the evening and an unique feature introduced during the serving of the lunch caused much pleasure. As a penalty for their being soldier boys each one of them was required to tell of some incident, amusing or otherwise, which he had witnessed or participated in during his army experience. The result was a choice collection of anecdotes which were greatly relished by the listeners, and some of the boys bid fair to become second Depewes in after dinner story telling. Catarrh Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Hall's Family Pills are the best.

THE TEACHERS' INSTITUTE.

A Good Attendance and Much Interest in the Matter. The teachers' institute for Clackamas county, being held this week at the Barclay school building, is being much enjoyed by the teachers in attendance. Each and every one is entering into the work with great enthusiasm and the session cannot fail to prove highly beneficial to the teachers and their students when the school work is again taken up. Supt. Bowland is much pleased over the interest manifested and speaks in the highest terms of his corps of instructors. The session consists of five days and under the provision of law requiring a three days' attendance by each teacher the attendance shows a fluctuation running from sixty on Monday to over 125. The average attendance is much larger than usual and the visitors roll is a long one too. The session was called to order by Supt. Bowland and the first business was the election of a secretary to succeed Miss Jennie Rowen whose term had expired. Mrs. H. Rinearson was elected to fill the vacancy. The instructors, Prof. J. C. Zinser, Prof. E. A. Milner and Miss Hargreaves, are taking a great interest in their classes and their demonstrations of the different subjects presents the most complex subjects in a manner that is readily understood. The session is made more interesting by a judicious sprinkling of music under the charge of Mrs. J. H. Strickler and the programs are of a high order and furnish a delightful relaxation from the serious work. A Frightful Blunder. Will often cause a horrible Burn, Scald, Cut or Bruise. A black shepard dog named "Curl" long hair with brown spots over eyes. Three dollars reward for return of same. LINDSLEY & SOX, CARUS.

A Mother's Plain Words

"I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs. I could hardly move, and to stoop caused intense suffering. Someone advised Ackers' English Remedy, and I thought I would try it, although I confess that down in my heart I had little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's lungs are weak also, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so, for when they were attacked in the night I had a bottle in the closet, and by acting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Ackers' English Remedy whenever I get a chance, and there are plenty of people around Mechanicsville, N. Y., where I live, who would no more think of going to bed at night without a bottle of it in the house than they would of leaving their doors wide open. As I look at it, parents are criminally responsible when they allow their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time." (Signed) Mrs. FLOYD FOWLER. Ackers' English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 50c, 1.00, and \$1 a bottle in United States and Canada. In England, 1s. 6d., 2s. 6d., and 4s. 6d. We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York. For sale by Geo. A. Harding.

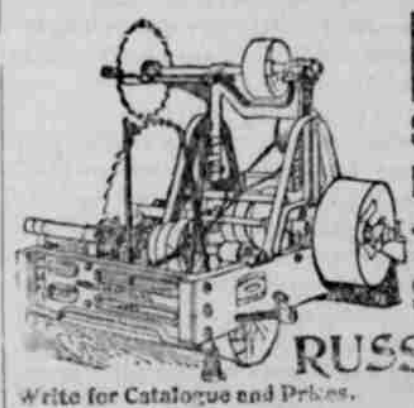

Hamilton Clark, of Chauncey, Ga., says he suffered with itching piles twenty years before trying DeWitt's Witch Hazel Salve, two boxes of which completely cured him. Beware of worthless and dangerous counterfeits. GEO. A. HARDING.
