Dregon City Enterprise struck town last week and followed up a big drunk by "pan handling" citizens on the streets for coin. He was arrested Friday on a charge of begging and sentenced to three days on the streets by Recorder Curry, Saturday he jumped the job, and the town, leaving behind in the jail a finely worked out fan. No effort was made to recapture him as his room was more desirable than his company.

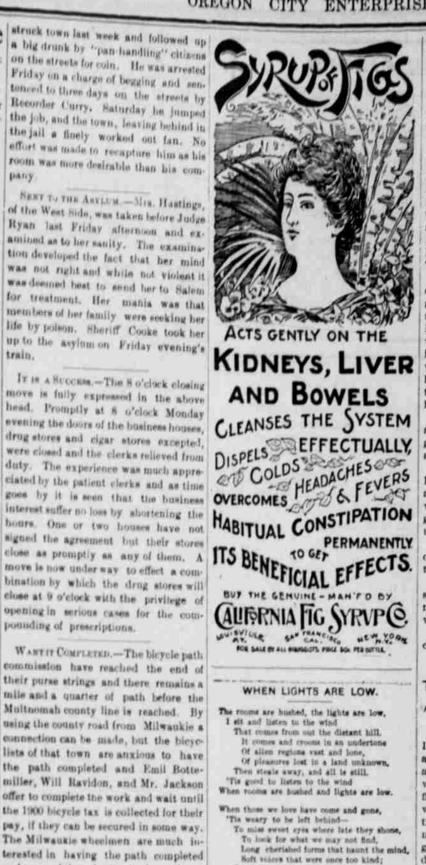

SERT TO THE ANYLUM .--- MIR. Hastings, of the West Side, was taken before Judge Ryan last Friday afternion and examined as to her sanity. The examination developed the fact that her mind was not right and while not violent it was desined heat to send her to Salem for treatment. Her mania was that members of her family were seeking her life by polson. Sheriff Cooke took her up to the asylum on Friday evening's train.

IT IS A SUCCESS.-The S o'clock closing move is fully expressed in the above head. Promptly at 8 o'clock Monday evening the doors of the business houses, drug stores and cigar stores excepted, were closed and the clerks relieved from duty. The experience was much appreciated by the patient clerks and as time goes by it is seen that the business interest suffer no loss by shortening the hours. One or two houses have not signed the agreement but their stores close at 9 o'clock with the privitege of opening in serious cases for the com-

pounding of prescriptions.

WANTIT COMPLETED .- The bicycle path commission have reached the end of their purse strings and there remains a mile and a quarter of path before the Multnomah county line is reached. By using the county road from Milwaukie a connection can be made, but the bieyelists of that town are anxious to have the path completed and Emil Bottemiller, Will Ravidon, and Mr. Jackson offer to complete the work and wait until the 1900 bicycle tax is collected for their pay, if they can be secured in some way. The Milwaukie wheelmen are much interested in baying the path completed and some of their fertile brains will yet evolve a plan by which the financial difficulty may be satisfactorily overcome.

A PAIR OF BIG FEET.

They Brought Wos to France and Changed the Map of Europe.

The Princess Bismarck changed the political history of France unwittingly, and but for her the Franco-Prossian war might never have been waged.

Bismarck was unfriendly to France. but the Empress Eugenie hoped with her beauty to influence him so that the little trouble with France and Germany might be smoothed over. She therefore invited the German prince and his wife to visit the court of France, and the Prince and Princess Bismarck arrived in great state at the Tuileries.

That evening there was a grand reception, and Eugenie received the guests in a gown which made her so ravishingly lovely that even Prince Bismarck, German, stolid and in love with his wife, stood and gazed upon her with admiration. And Eugenie was not slow to observe the effect of her beauty upon him. She called him to her side, and Bismarck came with his wife upon his arm.

Now, the Princess Bismarck was tall and gaunt and ugly, and her feet were generous. As she walked she showed a great deal of sole.

While Bismarck stood talking with Eugenie an audible titter was heard along the line of ladies. Bismarck, who was quic' as a flash, followed the glance of their eyes and saw them rest upon the feet of his wife.

That settled the matter. The political history of France was altered from that moment.

A year later, when Parls was besleged, Bismarck himself fired a cannon over the ramparts, and those who were near him heard nim scout:

"Take that for the feet of the Princess Bismarck!" The slight was avenged.

THE MYSTERY OF DREAMS.

A Case In Which the Coincidences Were Remarkable.

On an occasion during the civil war I dreamed that I was standing beside a road when there came marching along it a strong column of prisoners, with guards at intervals on the flanks. I asked one of these guards who the prisoners were and where they had been captured. He informed me that they had been taken in an engagement with the enemy on the day before and that there were 1,900 of them. I then asked some bystander what day of the month it was and was told that it was such a day of a certain month, some six weeks later than the date of the dream. The whole dream was extremely distinct, and it made a strong impression on me. I related it to a number of my comrades within the next few days and then thought of It no more.

Six weeks later, on the morning of the very day that had been mentioned in the dream as the date when the column of prisoners had passed before me, I was on picket two miles distant from the point where I had seemed to give entire satisfaction. Price 25c and Branch No. 647, meets every Tuesday of work with greater unity for all things and snort and bound, just like light- er breakfast, and I was standing by the side of the road at the fire talking to the officer of the picket when an aid to the commanding general came riding down the road. He had been a schoolfellow of our officer's at West Point and reined up when he recognized his friend. He told us that he had good news, that there had been a sharp engagement with the enemy the day before and that our people had captured 1,900 prisoners, who had just passed the headquarters that morning on their way to the rear .- St. Louis Globe-Democrat.
