Think About This. Among the different institutions of the city deserving the hearty support of the enterprising citizens is the Young Men's Christian Association. It is too often thought to be exclusively an association meriting the support of the churches and christian people only. But when we take into consideration the fact that the young men are here furnished with innocent and pleasant entertainment free from the evil influences that debauch and make public charges of so many resulting in large expenditure of public funds, it becomes apparent that the city and public is directly and largely interested. The Enterprise thinks it would be a move in the right direction if the business men of the city would in unity and as much as possible assist this worthy organization in paying off its present indebtedness created by the erection of the new building corner of Main and Eleventh street which is hampering the work and preventing the making of much needed improvement in and about the building. This is a subject that we should consider and the Enterprise desires to call the attention of its city readers to it at this time as the evenings are lengthening and places of recreation and amusement will soon be sought by the young men of the city.

HOW CHARLES W. BABCOCK

Proprietor Lyceum Shell Oyster Parlor, of Rochester, N. Y. Obtained \$2,000 Life Insurance Policy.

"My business as proprietor of the Lyceum Shell Oyster Parlor, 245 Main street, Rochester, N. Y.," writes Mr. Charles W. Babcock, "was so confining that my lungs became affected. My doctor told me I'd have to leave the store and go to work at something outdoors. He said my lungs were in bad shape, and I knew it just as well as he did. The trouble had been growing on me for a long time. Like most other people, I tried to make myself believe the trouble was not in the lungs. I called it stomach trouble or nervous disorder, but I kept coughing, spitting and wasting away right along. I lost in weight, falling from 140 to 115 pounds. Somehow or other, I got hold of Ack-er's English Remedy for Throat and Lung Troubles, and after taking it according to directions, I was as well as any man in New York State. I was healthier and stronger than before I took the cold which came so near killing me. I now weigh 150 pounds—ten pounds more than ever. After recovering, I applied for a life insurance policy. When the doctor began examining me, I was afraid he would discover that my lungs had once been affected, but he didn't. I passed all right, and was pronounced in a first-class condition. If that isn't proof of the most positive kind that Ack-er's English Remedy is a great medicine, I don't know what you call proof. I give it my warmest endorsement. My address is given above. Anyone who wishes may write me personally about my case." Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back. We authorize the above guarantee. W. H. HOOKEE & CO., Proprietors, New York. For sale by Geo. A.
