A DOMESTIC TRAGEDY

Canemah the Scene of a Wrecked Home and a Wronged Husband's Unfortunate Vengeance.

THE VICTIM SERIOUSLY WOUNDED

Francis Freeman Arrested on a Charge of Assault to Commit Rape and Held in \$1,000 Bonds.

A. Brooks, of Canemah, at about 11 o'clock Wednesday night shot and seriously wounded his wife at their home. The cause of the shooting was that for some time Brooks had been suspicious that the sanctity of his home was being violated and returning home unexpectedly Wednesday night from the mills, where he was working on the night shift, found his wife in a most compromising position with Francis Freeman, a young man about 20 years of age. The enraged husband fired four shots from a 38-caliber revolver through a window at Freeman but failed to hit him. One of the shots grazed one of Mrs. Brooks' cheeks, and another entered her abdomen, severed an intestine and lodged near her left hip bone. The other two shots went wild, and in the confusion Freeman made his escape.

Dr. Carl was summoned and made her comfortable for the night and Thursday morning Dr. Carl and Sommers extracted the bullet and examined her wounds. She is in a serious condition and it is doubtful if she will recover.

Shortly after the shooting, it is stated, Mrs. Brooks made a sworn statement in which she charged Freeman with having assaulted her with the purpose of committing rape, and that during the assault her husband arrived and the shooting followed. On the strength of this statement a warrant was issued for the arrest of young Freeman and he was taken before Justice Schuebel at 3 p. m. Thursday to plead to the charge. He secured Hon. Geo. C. Brownell as his attorney and presented the plea of not guilty. He was held to await the result of Mrs. Brooks' injuries and his bond placed at \$1,000 which had not been secured Thursday evening.

Freeman claims to be innocent of the charge and believes that when the time comes he can easily establish his innocence. Since the shooting Brooks has remained at the bedside of his wife ministering to her wants and no action has been taken against him.

Brooks is about 35 and Mrs. Brooks 22. They have lived in Canemah about three months, having formerly lived at Astoria. Brooks has the reputation of a sober, industrious man.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O. During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by G. A. Harding, Druggist.

Very Unusual

It is very unusual for a regular physician of good reputation to publicly endorse a proprietary remedy. We have often heard of cases where doctors have secretly prescribed Acker's English Remedy, but it is most gratifying to receive the following voluntary letter from C. F. Smith, M. D., the most successful physician of Ocean, N. Y.:

"Messrs. W. H. Hooker & Co., New York City: I wish to add my professional testimony to the value of your English preparation known as Acker's English Remedy for Asthma, etc. In several instances, after I have tried my utmost to give even relief, I have prescribed your remedy, and it has acted almost like a miracle, not only relieving, but permanently curing every one of the patients. I endorse the preparation as one of the most valuable additions to the practice of medicine."

Such a frank endorsement as the above is phenomenal. Coming from so distinguished a member of the medical profession, it carries with it an assurance which the public will be sure to avail themselves of. It is recommendations like this which make it possible to give the broad guarantee that is a part of every sale of Acker's English Remedy for Coughs, Colds, Asthma, Bronchitis and Consumption. It must either do all that is claimed for it, or your money will be refunded. Do you know of any other medicine sold on these terms? Do you know of any other medicines which prominent doctors regularly prescribe in their own practice as being better than prescriptions they write themselves? These facts are well worth considering. They are of especial interest to those with sore throats and weak lungs.

Sold at 50c, 10c, and 5c a bottle, throughout the United States and Canada; and in England, at 1s. 6d., 8s. 3d., and 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back. We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
