#### President Burghardt Back From a Successful Trip East.

President W. H. Burghardt, of the Oregon City Southern R'y., returned Sunday evening after a three month's salesence in the east in the interest of the new road. The question to be settled now is which one of several feasible routes to select and this will be upon the advice of the experts who are coming from the cast and will be here in the near future. They will decide the amount of capital necessary, and estimate the productiveness and value of farm and timber lands of the section through which it runs. The road will be built in five mile sections, and the equipments will be of the latest and most approved character.

In connection with his visit Mr. Burghardt had a splended opportunity to judge of the condition of the money centers of the east and he found Chicago, St. Louis, Boston, and Philadelphia much more favorable to western securities and enterprises than other sections. He states the question of expansion and the probability of the Nicaragua canal being built has opened up vast possibilities for trade on the Pacific coast and investors have lots of money to put into legitimate enterprises. Investors were particularly anxious to secure bonds that run for a long time. even at a low rate of interest, and those that specified that payment of principal and interest should be in gold coin were especially sought for. Bonds running for less than fifty years were not desired.

Another thing Mr. Burghard tound was a great inquiry in regard to Oregon. lost no time in speech-making, but an- He states that a great spirit of unrest prevails in the communites of the east and immigration to this state in the next few years will be unprecedented.
