The way to build up Oregon City is to give Oregon City People your Patronage.

HAVE YOU registered? If you wish to vote you must attend to this important matter.

THE Philippine question gets an airing in the senate every few days and steadily gains advocates.

THE evidence shows that Senator Clark, of Montana, got the necessary help to secure his election with \$1000 bills.

AGUINALDO can at least console himself with the reflection that his prospects are no worse than those of his friend Bryan.

THE democrats of the Md. house of representation virtually repudiate Bryan. A resolution asking to address that body is pigeon-holed.

THE American Tagals who asked for documents relating to the outbreak of Aguinaldo's revolt are suffering from an over-production of testimony, and all highly damaging to themselves.

IT is as good as decided that Roberts will not get his seat. He declares he will take the matters into the courts. Evidentially he little understands the American people.

IT is reported by the senate committee that the Nicaraguan canal can be built so that it will pay 12 per cent. If this be so why not build it as an investment. None would pay better for the money spent.

IVY has resigned the collectorship of Alaska. The delegation from this state can secure the place if they can agree on a man. It is reported that they have not come together. We believe that they will and that an Oregon man will get the place.

THE circuit court in Portland has decided that parents can not interfere with habeas corpus proceedings with the custody of children committed by the county courts to the Boys and Girl's Aid Society. The county court has exclusive jurisdiction in the matter.

CONGRESSMAN NEWLANDS wants a committee appointed to inform him just what the term "United States" in the Constitution includes. A committee is unnecessary. Almost anybody can tell him that "United States" means Billy Mason, Henry Clay Sulzer and the anti-Imperialist League.—Courier Journal.

THE county central committee did the right thing in endorsing Senator Brownell for congress. This gives notice to the other countries of the district as to the stand of Clackamas. This county has never accomplished much in state politics simply because there has been too much cross purpose within the county. It looks that this for once will be laid aside and a united support given,

If the Courier-Herald will restrain the Tagal that occasionally breaks through its column of boiler plate editorials and undertakes to run the republican party it will come nearer convincing somebody somewhere even if it is in the next world of its sincerity. My friend, you are liable to hurt your own cause by being over zealous. There is such a thing as over doing the matter. It is true something is due from you under the circumstances. You had best confine your energies to convincing the county board or the school superintendent or even the public that your charge of \$40 for those diplomas was right. It is true that you paid \$2 for the blanks and then printed and bound them and that cost three or four dollars more and then the profit run it up to \$40. There must be something wrong if the board does not pay you \$40 for what can be got elsewhere for \$7.50. Put on plenty of pressure and perhaps you can get it.

THE continued refusal of the democrats to give the federal courts jurisdiction over offences committed against foreigners inside of any state, has again placed the government in a most embarrassing position, from which it is practically impossible that it should emerge without loss of credit. The Italian government has politely, but positively, declined to accept a money indemnity for the lives of its subjects who were lynched at Tulelah, La., some months ago and has requested that the lynchers be punished. Secretary Hay has been trying to secure the trial of these ever since their crime was committed, but the governor and courts of Louisiana are either powerless or unwilling to act and nothing whatever has been done. Of course Italy understands the helplessness of the federal government, perfectly as she accepted indemnity for her subjects lynched at New Orleans some years ago: China knows it from experience of the same sort in Wyoming: Austria knows it for she had experience in Pennsylvania, but that does not make the confession the less humiliating. It is particularly so at this time when the United States is pressing Turkey to pay for the murder of Lenz, the American bicycle rider, who was shot when crossing that country. Time and again, bills have been introduced by the republicans and before them by the whigs, giving the federal courts jurisdiction over all such offences against foreigners, but the democrats, acting on the states right theory, have always succeeded in defeating them. Bills to this effect are now pending in congress, and it is to be hoped that they will be passed and this troublesome question settled for all time.

How to Get Rid of a Crowd.

The late Prince George generally dined on his balcony, during which time his Cossacks played delightful airs from the Russian operas. Crowds of people came to stare most rudely, so one evening there was a very disagreeable smoke which swept over them and drove them away. I had the curiosity to find out the meaning. A stove had been filled with bark and leaves and placed in such a position that the smoke was driven right into the faces of the people, and I could imagine the quiet laugh that went around the imperial dinner table as the people dispersed as sheep having no shepherd.—Review of Reviews.

Attending His Own Funeral.

An interesting story is told about a French cab driver named Prosper Romieu, who actually attended his own funeral. Some time ago Romieu was convicted of some offense and sentenced to a term of imprisonment. Since then he had been in hiding at the house of a brother. The brother died, and an inspiration occurred to the convicted cab driver. Accordingly he obtained a certificate of his own death and attended as chief mourner.

The fraud might never have been discovered, and Romieu might have passed as his own brother to his dying day but for the fact that at the grave-side there was a policeman who happened to know him. The policeman accosted him and, on getting an answer, said facetiously, "This is the first time I have heard a dead man speak." The unlucky dissimulator was haled off to the bureau and has since been sentenced to five months' imprisonment.

It's a bad sign

When you have that obstinate lingering cough which will not be shaken off.

"I have used three bottles of Dr. Pierce's Golden Medical Discovery since my correspondence with you," writes Mr. A. F. Novotny, of New York, N. Y., (Box 1437). "I feel that I am in need of no more medical assistance. When I started to take your medicine I had a regular consumptive cough, of which I was afraid, and everybody cautioned and warned me concerning it. I was losing weight rapidly, was very pale and had no appetite whatever. Now my condition is changed entirely. I do not cough at all, have gained eight pounds in all, have recovered my healthy color, and my appetite is enormous."

"Is God's Good Blessing"

"I feel that God has blessed Dr. Acker with special knowledge to prepare that grand medicine called Acker's English Remedy for Throat and Lung Troubles. It saves children every time when they are attacked by croup. Every mother should know about it, and I will tell about my experience. I had a darling boy of four years old with croup. My doctor did all he could, but the child would not be made to vomit. That was before I knew of Acker's English Remedy. After I did hear of it, I got a bottle. When our little eight-months-old girl was stricken with croup, I gave her this medicine, and inside of twenty minutes she vomited and was better right away. During the winter she had croup four times, and it brought her through each time all right. I myself, had bronchitis pretty bad, and Acker's English Remedy cured me completely. Before I close, I want to tell you of my neighbor's boy, named Jobe Nana. He had bronchitis, too. He got worse all the time. My husband went over to his house and told him about my case. Then his mother went to town, got a 50-cent bottle of Acker's English Remedy, and he took it. He came over to our house a few days later and said he was all right, and also said two doses relieved him from the start. You can understand by my letter why I think so much of Acker's English Remedy. I repeat that God's blessing must surely have been bestowed upon Dr. Acker." (Signed) Mrs. JOHN YEAGER, Rochester, Pa.
