THE bodies of fifteen soldiers of the Second Oregon arrived in San Francisco and will probably be buried at Portland where a monument will be erected. The Oregonian has about \$10,000 for this purpose. The question of where the burial will take place will be decided by relatives, but if they could all be buried at one place it would be better and a more fitting monument erected.

THE English have suffered another defeat and probably more serious than any of the others. The Boers are putting up a great fight but it must be remembered that they do not expose themselves and the British have to in making the attack. As yet no fight has taken place in the open on equal terms. We believe as we have said before that the Boers deserves a better fate than awaits them. In the end they will be crushed by superior force.

SECRETARY OF STATE DUNBAR has entirely overbauled his office room and put it into far better shape. But what is of more importance, he has inaugurated a new system of keeping the accounts by which the condition of any fund can be ascertained at once. This is also true of the accounts with the different state institutions. The state treasurer has also much improved the system of accounts kept in that office. The state would have to look a long time before finding too better officers.

known as to who did the shooting or the otherwise. Goebel and his friends will gain strength by this outrage. His political opponents will be blamed even if they knew nothing about the matter, Assassination is looked on with favor in Kentucky and is of almost daily occurrence. Law and order are not respected and it is attempted to run the state by force. From what has gone before this last outrage is a legitimate sequence. The state should be put under martial law until it is civilized.

THE democrats of Marion county have had all the fusion they want. With the brethren here it is different as they flatter themselves that all of the democrats and populists will follow any aggregation gotten together for the purpose of carrolling the officers. All the men in the county are not after the offices and these men do not see why they should follow a crowd that avowedly has nothing to bring them together except the loaves and fishes. This "independent" movement is run by leaders that do not agree on finance, tariff or the course the government should take with our recently acquired possessions. But then they want the offices and the voter will be urgently requested to support this mixture for the sake of the gang that want places.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminet. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. An exchange gives this story of a pompous member of parliament who attended an agricultural show in Dublin. He arrived late and found himself on the outskirts of a buge crowd. Being auxious to obtain a good view for himself and a lady friend who accompanied him, and presuming that he was well known to the spectators, he tapped a burly coal porter on the shoulder and peremptorily demanded,

In my capacity as druggist, in Buffalo, N. Y., I have the best opportunity to judge of the merits of many different remedies. I am in close touch with the sick, who come into my store for medicines, and most of them tell me how they are getting along. Of all the hundreds of preparations which I sell,

not a single one begins to give as much satisfaction as Acker's English Remedy for Coughs, Colds, Bronchitis, Asthma, Pleurisy and Consumption. I sell it on a distinct guarantee that it will cure, or the purchaser's money will be returned. This is a perfectly safe guarantee, because the remedy Nobody wants his does cure. money returned. Its cures are nothing short of marvelous. Take the case of Mr. A. H. Gilbert, for instance. He lives at No. 5 Carey street, Buffalo, N. Y. For more than three years he had a bad case of asthma, and had been unable to lie down in bed for nearly two years. He came to my store and asked me what to do. I said: Take Acker's English Remedy. He said he had tried other reme dies and didn't think this would help him. But he thinks differ-

ently now. Three bottles fixed his asthma all right. He could sleep and eat after taking them, as well as when a boy. He was cered several months ago, and is well yet, so I am certain his trouble is gone for good. You can write to Mr. Gilbert himself, if you doubt my word. He will go further than me in praising Acker's English Remedy." (Signed) S. B. Thorne, druggist, Buffalo, N.Y.
