Rumor says that J. Graves is slated to succeed William Galloway as register of the land office at Oregon City. Mr. Graves resides at McCoy, Polk county, where he is engaged in farming and hop-raising. Mr. Galloway, the present incumbent, is a resident of McMinnville, Yamhill county. Mr. Galloway's term has nearly expired and as he is a Bryan democrat, a change is inevitable. Mr. Graves was formerly of this county, and as most of his relatives reside in Yamhill, we can just as well claim him as belonging to us. He got his start here.—McMinnville Reporter.

Fire Extinguishers.

The committee on fire and water have formally turned over to Chief Mason the new Babcock fire extinguishers, recently purchased. The committee secured four, and one will be given each of the following companies:

Catastrophe Hose Co., Fountain Hose Co., Columbia Hook & Ladder Co. and Hose Co. No. 3.

The new extinguishers are the copper Babcock, contain three gallons of fluid and weigh about 60 pounds. Each gallon of their contents will extinguish as much fire as forty times its own bulk of water, with the advantage of being contained in a movable reservoir, supplying its own power of propelling a stream. These chemical apparatuses have four very desirable qualities, namely, they are always ready, they do not flood with water, you can direct your stream of gas to any locality where fire exists, no pumping or throwing by hand is required.

The principle of the Babcock is turning a screw wheel on top, thus breaking the bottle contained inside, which discharges the acid into the water. Instantaneous chemical action takes place, supplying one hundred pounds pressure to the square inch. Carbonic acid gas is heavier than air. Fire is supported by oxygen and cannot burn a second without it. The contents of the extinguisher, which is carbonic acid gas mingled with water, shuts off the supply of oxygen and instantly smothers the fire.

John Shadle Dead.

John Shadle, who was stricken with apoplexy and fell from a step-ladder last week, died Thursday afternoon at about 3 o'clock. The deceased was 54 years of age, and leaves a wife and two children, besides a host of friends, to mourn his loss. The funeral will take place from the Presbyterian church, at 1:30, p. m. Saturday, March 3rd, under the auspices of the G. A. R. and Woodmen of the World. Rev. A. J. Montgomery will officiate.

Thompson's Talk.

Hon. D. P. Thompson delivered a highly instructive talk on Japan last Monday evening, in the interest of the Oregon City Humane Society, at the Congregational church.

A very fitting prelude to the lecture was the vocal solo by Miss Miles, which was rendered in a sweet, mellow tone, and was heartily received by the audience.

Mr. Thompson depicted the manners and customs of the Japanese in a pleasing and audible manner, and among other things, spoke of them as being a strictly law abiding race, loyal to their Emperor, but dishonest in business transactions. The money changers of the nation were seldom Japs, but were Chinese. They did not want foreigners in their country to engage in business pursuits, but welcomed visitors. They are an imitative race, having no inventive power, send their children abroad to learn from the outside world and bring home knowledge. Buddhism is no longer the religion, being supplemented by the Shinto religion. He thought the missionaries were not gaining much ground in that country. He told of being invited to dine with an Ex-Ambassador to Washington, and when he arrived at the door, he took off his shoes. He was given a thin mat to rest his knees upon, sitting upon his heels. This was not the most comfortable position in the world for a man whose walking peripatetics are as much in evidence as Mr. Thompson's, and he soon flattened himself upon the floor. Dinner was served while in this sitting posture. Live fish and eel were brought in a tub and he was allowed to select his choice, which was promptly cooked and served in fine style.

The lecture was under the auspices of Miss Anita McCarver, president of the Oregon City Humane Society, and she deserves the highest credit for furnishing the public an opportunity to enjoy such a treat.

A GALA NIGHT.

Jolly Fellows Make Merry For a Galaxy of Guests.

"There's a time to mourn and a time to dance. Jack shall pipe and Gill shall dance. While Beles and Beaux shall dance their ringlets To the breezes of sweet music."

The dancing party given by the Jolly Fellows last Friday evening was the joyous gathering of a goodly number of society belles and beaux, and proved a magic spell in the season's social whirl.

The hall was profusely decorated with potted plants and evergreens, which, under the blaze of numerous calcium lights, presented a scene as blithesome as a summer bowery.

The ladies looked most charming in pretty evening party gowns, while the gentlemen appeared in full dress attire. The music was simply superb, and was furnished by Everett's orchestra, of Portland.

The program included all the late and popular selections, and many were the calls for extras. At a late hour the dancers dispersed, all voting the Jolly Fellows right royal entertainers.

The next party of their series will be given April 29th, to which date all who enjoy the terpsichorean art look forward with much pleasure.

Among those present were: Mr. and Mrs. Chas. Pope, Mr. and Mrs. C. D. Latourette, Mr. and Mrs. L. L. Porter, Mr. and Mrs. E. Hedges, Mr. and Mrs. F. T. Probate Court.

C. H. Dye, executor of the estate of Sophia G. Roup, deceased, has filed with the Clerk of the County Court, his inventory, showing an estate of the value of \$2,961.30; consisting of personal property, to the value of \$461.30, and real estate valued at \$2,500. There is a probable indebtedness of \$800, besides the expenses of administration; that there is no cash on hand, and it will not be necessary to sell the personal property of the estate to satisfy such claims; that from the nature of such personal property it can probably be sold to the best advantage at private sale.

The petition of Aurora O. Forsythe, executrix of the estate of James Forsyth, deceased, for confirmation of sale of eight acres of real property, situated in Clackamas County, was allowed.

A petition to sell personal property of the estate of Hiram Fellows, deceased, was granted to the administrator, Eli Fellows.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Bury the Hatchet

Department Commander R. V. Gates and Mrs. Gates, president of the W. R. C., of Hillsboro, paid Meade Post No. 2, and Gibson Post No. 76 a visit Tuesday afternoon. Their mission was to hold a joint meeting, and to forever bury the hatchet that had hitherto threatened to smite them asunder.

Meade Post is the original G. A. R. organization, but for some time trouble had been brewing, and the bubble burst last November, when some of dissatisfied members applied to department headquarters and received a charter to organize Gibson Post.

Commander Gates investigated the differences existing between the two posts during the afternoon, and it is said he will revoke the charter granted the new organization, however, he will withhold his decision for several days.

Mrs. Gates held a very pleasant session with the W. R. C. during the afternoon.

It is thought an amicable adjustment of the two posts will be reached and the bonds of union once more cemented.
