

JUDGE RYAN SERIOUSLY HURT.

Fell From a Trestle While Coming From Clackamas.

Wednesday evening about twenty-five Odd Fellows of this city went out to Clackamas, to assist in the institution of an order at that place. Twenty-two members were initiated and the entire lodge work was a marked success.

On their return home a most lamentable accident befell Judge T. F. Ryan. At 1 o'clock the boys all started to walk back. They had divided themselves into little squads, some going five or ten minutes before others. Judge Ryan was in the last party to leave, and the boys got to racing to see who could walk the fastest and hold out the longest. Ryan was in the lead, leaving Thomas Randall, Charles and William Midlam and Sheriff Cooke behind. In attempting to cross the trestle about a mile and a half from town, Ryan slipped and fell to the ground, a distance of ten feet, striking on his head. When the boys in the rear reached the trestle their attention was attracted by loud groaning, and upon investigation it was found to be Mr. Ryan. He was picked up unconscious, but able to walk, and taken to his home. Dr. Carl being summoned. Thursday morning Mr. Ryan came to his office, but had to abandon his work, relapsing again into unconsciousness, in which condition he still remains at press time.

It is not thought the skull is fractured, but clotted blood may have adhered to the brain.

Afternoon Wedding.

A very pretty wedding took place Wednesday afternoon at the residence of Mr. and Mrs. Geo. Wishart, when their daughter, Miss Edith, was united in marriage to Herbert J. Thorne.

Miss Wishart is a very charming young lady, being prominent in the social circles of this city, while Mr. Thorne is a young lawyer of Portland. Rev. J. H. Beaven, of the Baptist church performed the nuptial rites.

Those present were: Mr. and Mrs. Geo. Wishart, James Thorne and wife and A. S. Graham and wife of Marshland, Oregon; Mrs. N. O. Walden and daughters Hilda and Nettie, Mr. and Mrs. E. E. Charman and daughter, Miss Edith Wishart, Herbert J. Thorne, Mr. and Mrs. C. G. Miller and Miss Vera Caulfield.

The happy young couple will take up their new home in Portland. Tuesday evening their many friends gave them a genuine "Kitchen Rush," overwhelming them with useful articles.

Teachers' Association.

The regular monthly meeting of the Clackamas Co. Teachers' Association was held in the school building at New Era, Saturday, Feb. 24, 1900.

Called to order at the usual hour by the president, N. W. Bowland.

The minutes of the previous meeting prepared by the secretary, Fannie G. Porter, were read and approved.

The program was opened by singing "Mount Vernon Bells."

Mr. L. A. Reed made an excellent address on "How to Utilize Time and Energy." "A teacher should have a definite purpose in every recitation. It is not best to adhere too closely to one textbook, but supplementary work should be used. Frequent reviews are necessary."

"The Cases in Percentage," was the subject assigned to Mr. H. S. Gibson. "Before taking up the study of percentage, he would thoroughly review decimals. The teacher should have some object in view and show the relation of different parts of arithmetic when possible. Much analysis should be required, and the teacher should be sure that pupils understand the reason for each step."

The members of Warner Grange had prepared a feast for the teachers, at the grange hall, to which the association did ample justice.

AFTERNOON SESSION.

Called to order at 1:30 p. m., by the president, N. W. Bowland. Exercises began with roll call, each teacher responding with a quotation from John Ruskin.

Ex-Supt. Alex Thompson recited "Darius Green and his Flying Machine," receiving hearty applause.

Miss Laura Beattie read a well prepared paper on "Supplementary Reading." "The teacher must arouse in the child a desire to know more than he finds in the text book. If the child's interest is aroused it is not difficult to interest the parents. Education is a leading forth of all that is good in us, and should reach the highest development—the spiritual."

"Personal Reminiscences of my Trip with the Second Oregon," was the subject of a most interesting address by Mr. A. McCaughlin. All listened attentively to the vivid descriptions of the voyage, beginning with the evening passage through the Golden Gate and landing at the Philippines. He described the physical appearance of the islands; the climate, productions, inhabitants, the education of the children, and incidents of a soldier's life.

The audience then sang "The Star Spangled Banner."

The following resolution was offered by Shirley Buck:

"Resolved, That we, the teachers of Clackamas county, in institute assembled, fully appreciating the royal entertainment furnished on this occasion, do hereby extend a vote of thanks to the good people of New Era and vicinity."

The resolution was unanimously adopted.

On motion, association adjourned to meet again, the last Saturday in March, at a place to be selected and announced later, by the committee who will prepare the next program.

Evening Party.

On Wednesday evening last, Mrs. W. W. Aldredge gave a party in honor of her niece, Miss Louva Randall, at her home on 7th street. Games were played, fortunes told, and a guessing game contested. Miss Bessie Grant and Mr. Chauncey Ramsby won the first prize, and the booty fell to Miss Bernice Adams and Mr. Lloyd Williams. A dainty lunch was served, Mrs. Aldredge being assisted by Mrs. H. Cooke and Mrs. Nelson.

Those present were: Misses Bessie Grant, Emma Johnston, Georgia Grace, Nora Criswell, Maude Cook, Grace Tower, Eva Todd, Martha Koerner, Gertrude Moores, Mattie Yoder, Bernice Adams and Messrs. Chauncey Ramsby, Lloyd Williams, Milt May, Will Koerner and Merrill Moores.

Citizenship Papers.

DOVER, Or. Feb. 27, 1900.

MR. EDITOR: As the late Registration law appears to be pretty hard to understand as far as it affects the foreign born citizens, please answer through the Enterprise the following question, Is it compulsory to produce papers of naturalization or copies where the aforesaid citizens have in their possession U. S. Land Patents. Remember they could not obtain patents without producing their papers in evidence, which were not returned by U. S.? I made this same inquiry of the Oregonian, but they appeared unable to answer, referring me to the Oregon City Land office.

Yours Respectfully,
CHAS. W. CASSEDY.

[My opinion is that if you can get a copy you will be required to. A copy can be obtained by sending to the land office at Washington. If you are unable to produce a copy or the original, then proof of these facts should allow you to register. An affidavit to these facts should be sufficient.]

The Wrong Bird.

A certain conjurer once had an experience which was highly comical, though quite disastrous from a professional point of view.

Having produced an egg from a previously empty bag, he announced that he would follow up this trick by bringing from the bag the hen by which the egg had been laid. This little arrangement he had left to his confederate to carry out.

He proceeded to draw the bird from the bag in which it had previously been placed, but what was his consternation on finding that the alleged hen was an old rooster, which strutted about the stage with ruffled feathers and offended dignity and set up as vigorous a crowing as if he had just awakened from his nocturnal slumbers.

The whole audience shrieked with laughter, and the unfortunate conjurer made a "bolt" for his dressing room.

Variable.

"What is this title 'professor' that I hear so often?" asked the distinguished foreigner.

"Well," answered Miss Cayenne, "it's getting rather hard to tell. Usually it means a man who knows more than any one else, and sometimes it means a man who simply won't work."

It is a Matter of Opinion!

"Education

Is not a luxury but a prime necessity to the laboring man of to-day. I want amusement but that does not exclude improvement. When a man is engaged in study there is labor, but it is so associated with interest all that it is to their own impulses, will ask questions, and if you provide means of answering you will encourage them, and cause delight and pleasure in research. It is now possible to go straight into the very heart, the very sanctuary, of the temple of learning and become acquainted with the best works that men of genius have produced."
