CONSPIRATOR CAUGHT.

Plans to Relieve a Portland Man of his Money. Bob Burns can thank his lucky stars that he was sent to the city jail instead of serving a term in the state penitentiary.

For several days during the week Tim Burke, a government employe of Portland, was in the city and was known to have a neat little sum of money on his person. The said hobo Burns, who hit the town a few days prior, had been shadowing the Portland man ever since his arrival, and at last made overtures to a young man of this city to enter into a conspiracy for the purpose of relieving the Portland gentleman of his money. The terms of the agreement were that the young man was to entice Burke into a certain dark alley, where the hobo would be secreted and administer whatever means he saw fit to rob him. They were then to divide the money.

After the Oregon City boy had thoroughly learned the hobo's thieving policy, he immediately informed night police Shaw, who had had his eye upon the suspicious character for several days.

The hobo stationed himself in the alley that night but while some of the city officials were "chewing the rag" about who should arrest him and before whom he should be tried, Burns ascertained he was about to be caught in a trap, and was beating a hasty retreat for the city limits when officer Shaw nailed him. A charge of vagrancy was preferred against him and he was given 6 days in jail. Officer Shaw deserves great credit for keeping the city rid of such characters.

Last Monday Burns was put to work sawing wood at the court house, and learning during the day that a felonious charge of conspiracy would be placed against him upon his release, he took leg bail and departed for pastures green, without leaving his next address with the officials.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory. There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper.
