There will be another change in Wells, Fargo & Company's office in this city in the near future. Mr. Will Logus will exchange places with Thomas Cosing of Baker City, as manager of the above named company. Miss Annie Brumburg and Miss Esther Shinoeki, of Portland, came up to attend the Artisan entertainment given Thursday evening and will stop in the city the remainder of the week, the guests of Mr. and Mrs. M. Michael. Fred C. Charman has been promoted to a clerkship in the Willamette Pulp & Paper mills. Fred is a bright young man, and this is only one of the many advances he will receive in his future business career. Wm. J. Bryan passed through this city Wednesday afternoon on the six o'clock train. He was enroute to Portland from the southern valley towns, speaking at Roseburg, Albany and Salem. He was met at the depot by quite a delegation of his apostles and given three rousing cheers. Platt Randall who has been employed in the office of the Willamette Pulp & Paper Co., for several years, has resigned that position to accept a more lucrative one in the office of Wadhams & Co., of Portland. Mr. Randall has made many friends in this city who regret his departure from our midst. Mr. John Lenthwaite, jr., succeeds Mr. Randall.

Padrowski, the world's greatest pianist, will make his appearance at the Marquam Grand, in Portland, Wednesday evening, April 11. Rev. A. J. Montgomery has in his possession a purse containing money, found on the streets of this city. The owner may have the same by describing property. The open season for trout fishing will commence April 1. Every fisherman should keep in mind this clause of the law: "It is unlawful at all times to take trout, char or salmon less than five inches in length, taking of Eastern brook trout and Loch Leven trout at any time is prohibited." We are the printers for the people and you are the people for the printers. Look over your supplies and see if you are not in need of some more letter heads, envelopes, circulars, cards, etc. Then place your order with the Enterprise office, where you get good, clean printing. George C. Watson died of consumption last Tuesday, at his residence in this city on Ninth and J. Q. Adams streets. The deceased was born in London in 1839, and was 61 years of age. The funeral occurred at 2 o'clock Thursday afternoon from the family residence, and was largely attended. Rev. J. H. Beaven officiated. Goat shearing is on tap in this vicinity. Efforts are being made by the goat-raisers here to follow the example of those of Polk county, and pool the entire clip of mohair and hold it until all buyers are heard from. Many believe that the price of mohair will be higher this year than ever before, because of the South African war, which is seriously injuring the mohair-growing industry there. Judge Galloway still holds the Oregon City land office kopje. Several good men have been training their guns on it but so far their shells have fallen short. It was reported last week that Judge Magers had been getting the range and had fired a few shells for that purpose. When Boss McCain heard the report of his gun, he was seized with a panic and trekked off to Portland to get out of range.—McMinville Telephone Register. At the last meeting of the "Daughters of the King" of St. Paul's Episcopal church it was decided to purchase stained glass windows for the church at a cost of about \$100, to be in by Easter Sunday. This society has been organized less than a year and has already purchased a splendid organ, besides expending about \$25.00 for incidentals for the church. Their main effort is to beautify the interior of the structure as much as possible. The parish is indeed fortunate in securing and retaining the rector, Mr. Hammond, who is universally liked by the entire congregation and the membership is steadily increasing.

SMALLPOX IN TOWN. A Logan Farmer Drives to Town Infected With the Disease. A Mr. Young, of Logan, drove into town last Saturday, and feeling somewhat ill and noticing a breaking out on his wrists and face, he sought consultation with Mrs. Powell and Norris. Dr. Norris immediately diagnosed the case as genuine smallpox, and locked the victim in his office. He then sent for Dr. Carl, who coincided with his diagnosis. Mr. Young had evidently been infected with the disease, for several days, as the pustular eruptions on his body were almost ready to break. He was taken home and placed in quarantine. The case is a mild one and it is thought by the doctor that Mr. Young will soon recover. MACCABEES SWARM. Oregon City a Regular Hive For Bees of This Order. Thursday evening marked the conclusion of a three week's campaign by Supervising Deputy Sherwood with Tualatin Tent No. 74 Knights of the Maccabees in this city. On this occasion about 25 members were added, which, with those added the two previous reviews, made a total addition of 75 to the order here. This places the Tent among those having 100 in membership in the state, and makes it one of the strong factors of Fraternal power among us. The degree team of Mt. Hood Tent No. 17 were in attendance and exemplified the work in fine shape with their elegant paraphernalia. Sir Knights Ruconich, E. Shaw and C. N. Mason, as a committee on entertainment, provided a lunch that was a dream of gastronomic delight, and sent the participants home satisfied that Maccabeanism filled all long felt wants. A degree team has been organized, and under the guiding hands of Commander Hyatt and Record Keeper Moody, Tualatin Tent is now afloat on a limitless sea of prosperity. Regular reviews will be held hereafter on each Thursday evening at Redmen's Hall. Leg Broken. Two miners by the name of Prichard came up from California last Saturday, and while on their way to Washington to prospect, stopped off in this city and purchased a horse of W. A. Huntley. The horse has always been considered a gentle old animal, but while Mr. Prichard was passing behind him in the barn, he was kicked, breaking his leg just below the knee. Dr. Carl was summoned and set the broken limb.

\$100 Reward \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHERRY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best. Money to Loan at Lowest Rates DIMICK & EASTMAN. Military gray stationary (the latest) at Golden Rule Bazaar. Women as Well as Men Are Made Miserable by Kidney Trouble. Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Story of Old Oregon to be Published. A. C. McClurg & Co., Chicago, have in press and will shortly publish a book entitled "McLaughlin and Old Oregon," by Eva Emery Dye. There is no more interesting chapter in the history of the development of the country than that which tells of the growth of the vast territory of which Oregon formed but a part, from its occupation by a handful of British trappers to its inclusion as a part of the United States. The part played in this process by McLaughlin, of the Hudson's Bay Company, and the heroic early settlers from the States is here set forth in a most picturesque and enjoyable narrative.—Oregonian.

Bryan in Portland. Portland is making tremendous preparation for the advent of the Hon. William Jennings Bryan, who will speak in that city April 4th at the exposition auditorium, and will be tendered a public reception at the Portland hotel. The auditorium will be so arranged at the exposition building that from 10,000 to 20,000 people will be within the sound of the speaker's voice. The railroads and the steamship lines have made a special low rate to excursionists desiring to visit the Metropolis of the Northwest upon the day of Mr. Bryan's welcome. Already the transportation lines fear that they may not be able to handle the vast throngs of people that will go to hear Democracy's standard bearer, and are borrowing coaches from other roads and are preparing to press into service every available car.
