HAVE you registered? If you wish to vote you must attend to this important matter.

No nation on earth will ever make Uncle Sam take water, as long as he can take land.

THE populists of the county are going to walk up to the block as they did in 1898 and be butchered.

THE city of Albany is now raising a company of volunteers to fill up the gap in the 3d regiment O. N. G.

THE total output of lumber for Oregon during the year 1899 was 669,650,000 feet, of which Clackamas county furnished 11,750,000 feet.

THERE is one point upon which Bryan has never changed his mind, and that is the advisability of his standing candidacy for president.

A dozen or more old line democrats walked out of the mixed pickle hall, last Friday, disgusted. They cannot be caught with that kind of stuff.

IT is said that Dr. Straight got some pointed information as to where the silver democrats have been pasturing when he attempted to welcome some gold democrats back to the fold.

THE Dewey candidacy makes no difference with the two great national conventions. The republicans will nominate McKinley, the democrats will nominate Bryan and McKinley will be elected.

WHENEVER the British are defeated by the Boers they call it falling into a trap, with the British retreating in splendid order, while the Boers follow them up in great confusion.

THE COURIER-HERALD says that the republicans are dissatisfied because Lewiling and Toole were formerly democrats. We challenge the statement and wish to say that paper cannot give one name of a republican that feels disgruntled for this reason or any other over the ticket. These men left that party some years ago just as hundreds have left and are still leaving, because of bad principles and no principles. These two men are made of the material republicans admire and will not be used by any one or traded for any measure.

CLACKAMAS county was not able to get Brownell the congressional nomination. The convention was for Tongue from the start. Mr. Tongue has served long enough to put him in a place of influence and the convention would make no change. He is a man of ability, influence and industry and has done much for the state and will do more.

AN analysis of the political country today reveals the fact that it will be impossible for either of the two great parties to make the trust question an issue as against the other. When the republican party stands up and declares the baleful trusts are conceived in sin and brought forth in iniquity, begin with self and end with self, they lie and cheat and steal, are full of wind and water, and thus of the elements of panic and colic and must be swept away with the besom of destruction, Bryan's anti-trust plank will come face to face with McKinley's anti-trust proclamation.

THE COURIER-HERALD says in its last issue that it only charged $2 25 an inch for sheriff sales. In the issue of July 7, 1899, in discussing the Enterprise and this same charge that paper used this language: "It (the Enterprise) stated last week that we charged $3 for sheriff sales when we agreed to do it for $2 25. We did not agree to do so and don't propose to, either." This statement by that paper was followed by a charge not only of $3 but it leaded the notice as well as making an increase of ¼ at least in the length of the notice, making the charge about $3.75. In the case of Jones vs. Burney et al that paper charged $3 an inch for a leaded notice which was paid by Benton Killen, the attorney in the case. Is it possible that the Courier-Herald is getting, alarmed as its contract in nearly out, and is making a pretense of living up to it?

IF we do our duty aright in the Philippines, we will add to our national renown the advancement of general civilization, which is the highest and finest part of national life; we will greatly benefit the people of the Philippine islands, and, above all, we will play our part well in the great work of uplifting mankind. But to do this work, keep ever in mind that we must show in a very high degree, the qualities of courage, honesty and good judgment. Resistance must be stamped out. The first and all-important work to be done is to establish the supremecy of our flag. We must put down armed resistance before we can accomplish anything else, and there should be no parleying, no faltering, in dealing with our foe. As for those in our own country, like the Courier-Herald, who attacked our own Oregon City boys while in the Philippines, we can afford to contemptuously disregard them; but it must be remembered that their utterances are saved from being treasonable merely from the fact that they are despicable.

THE men that claim to represent the democratic party and those that claim to represent the populists met in joint convention and put up a ticket. These delegates were willing to lay aside any principles that their respective parties have advocated for the sake of a chance of getting to the pie counter. When a ticket is put up, as the one was at last Friday's convention, it is a confession that it stands for nothing but spoils, and if the promoters have any principles they are perfectly willing to put them aside for the chance at the spoils, small as the chance is. This conglomeration of political pot hunters have put up a ticket, that must in all honesty stand for naught, but that the nominees want the pie. Can they honestly put forth any other claim?

Let us see if these men are better fitted for their places than the republican nominees. For the county board the republicans put up Killen and Lewellen. Two better men cannot be found in the county. The men put up to beat them are Stehman and Turner. We have not the slightest thing against these men but they do not compare in ability to look after the county's interest. It would be a fair question for the voter to answer as to which of these men he would trust with his own interest. If you do not know them, ask those who do know them. There can be only one answer.

The republican legislative ticket has Kruse and Talbert and Toole. Three men that have always stood high and are considered perfectly capable of looking after the county's interest at Salem. The mixed pickles ticket has Hodges, who is a very nice young man, with no experience, Prohibitionist Cole and Genglebach. The latter is charged with being a Brownell republican but he denies this. The only basis for this is that he helped Brownell out in the primaries at Clackamas and is his personal friend.

The mixture stands as much show of going to the legislature as Dewey does of being president.

COUNTRY FREE DELIVERY.

"ASK and ye shall receive," knock and it shall be opened unto you". That is just what is required in this world before you are made the recipient of anything that is coveted. The distribution of country free delivery districts is now being passed around, and right now is the time for the different mail districts of Clackamas county to file their application for this valuable acquisition. It is something new in the West and is proving a decided success.

The Linn county hog is again turned loose in the alley and has grunted until that county has succeeded in establishing two free delivery districts, one around Shedd, the other around Halsey. It is this persistent claiming and ceasless demading that acquires these places, ane Linn county is known all over the state by the vulgar appellation of "the state hog" simply because she has a standing application on file for anything that is a gift of the state or nation. In politics she has the district attorney, chief justice of supreme court, attorney-general, and supervisors of census, and never fails to keep on hand a candidate for congress.

Speaking of the free delivery system recently established in that county, the Albany Democrat says:

"The one around Halsey will begin April 1 and will cover a circumference of 28 miles, the distance the carrier will ride each day. It will be west of the city taking in Peoria and reach north to within a mile of Shedd. The carrier, besides delivering the mail will carry postage stamps and money order blanks, in fact, will be a regular traveling post office."

It is now Clackamas county's turn, and she should rise up and claim everything in sight, make solemn demands and never cease until she gains recognition. This way she might regain some of the public presents which other counties enjoy and of which she has always been denied.

"Good Night."

How few women know what it is to have a good night; a night of sound, restful sleep. They smile and say "good night" in cheery tones, but when the chamber door closes behind them, the smiling mask drops off, and shows the lines of suffering.

Other women have had the bad nights changed to good by the use of Doctor Pierce's Favorite Prescription. So may you. Ninety-eight times in every hundred it perfectly cures diseases of the delicate womanly organs. It builds up the nervous system, puts flesh on the body and color on the cheek.

"Favorite Prescription," writes Mrs. C. N. Anderson, of Rockbridge Baths, Rockbridge Co., Va., "Is a God-send to weak and sickly women, restoring health without subjecting their nerves to the shock of an examination.

"I was all run down in health—could not work but a short while without resting. Was so nervous at times that I could not even write; had a very poor appetite. I decided to write to Dr. Pierce and state my case. I received a favorable reply, and commenced taking the 'Favorite Prescription' and 'Pellets.' Took six bottles of 'Favorite Prescription,' one of 'Golden Medical Discovery' and one vial of 'Pellets.' I can now work as well as I could before I was taken sick. I think Dr. Pierce's medicines the best in the world for sick and nervous women."

Doctor Pierce's Pleasant Pellets are specially adapted to the use of delicate women. Easy to take, gentle in action.

For Young Men and Young Women.

There is nothing that will arouse the ire of a young man or woman so quick as to have inferior laundry work put off on them. They may dress ever so well, but if their shirt front or shirt waist is mussy their neat appearance is spoiled. The Troy laundry makes a specialty of ladies' and gentlemen's fine work. There can be no better work than is done at the Troy. Leave your orders at Johnson's barber shop.

Very Unusual

It is very unusual for a regular physician of good reputation to publicly endorse a proprietary remedy. We have often heard of cases where doctors have secretly prescribed Acker's English Remedy, but it is most gratifying to receive the following voluntary letter from C. F. Smith, M. D., the most successful physician of Olean, N. Y.:

"Messrs. W. H. Hooker & Co., New York City: I wish to add my professional testimony to the value of your English preparation known as Acker's English Remedy for Asthma, etc. In several instances, after I have tried my utmost to give even relief, I have prescribed your remedy, and it has acted almost like a miracle, not only relieving, but permanently curing every one of the patients. I endorse the preparation as one of the most valuable additions to the practice of medicine."

Such a frank endorsement as the above is phenomenal. Coming from so distinguished a member of the medical profession, it carries with it an assurance which the public will be sure to avail themselves of. It is recommendations like this which make it possible to give the broad guarantee that is a part of every sale of Acker's English Remedy for Coughs, Colds, Asthma, Bronchitis and Consumption. It must either do all that is claimed for it, or your money will be refunded. Do you know of any other medicine sold on those terms? Do you know of any other medicines which prominent doctors regularly prescribe in their own practice as being better than prescriptions they write themselves? These facts are well worth considering. They are of especial interest to those with sore throats and weak lungs.

Sold at 25c., 50c. and $1 a bottle, throughout the United States and Canada; and in England at 1s. 1d., 2s. 2d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
