The way to build up Oregon City is to give Oregon City People your Patronage.

REPUBLICAN TICKET.

- For representative in congress for first district—THOMAS H. TONGUE, of Washington. For presidential electors—O. F. PAXTON, Multnomah. TILMAN FORD, Marion. J. C. FULLERTON, Douglas. W. D. FURNISH, Umatilla. For supreme judge—CHARLES E. WOLVERTON, Linn. For food and dairy commissioner—J. W. BAILEY, Multnomah. For joint representative for Multnomah and Clackamas—A. S. DRESSER, Clackamas. For district attorney for fifth district—HARRISON ALLEN, Clatsop. For representatives—J. L. KRUSE, of Stafford. JOHN TALBERT, of Clackamas. CHARLES TOOLE, of Canemah. For county commissioners—THOMAS KILLEN, of Needy. JOHN LEWELLEN, of Springwater. For sheriff—W. H. SMITH, of Abernethy. For clerk—WELDON SHANK, of Canby. For recorder—THOS. P. RANDALL, of Oregon City. For assessor—ELI WILLIAMS, of Currinsville. For treasurer—ELI WHITE, of Damascus. For school superintendent—J. C. ZINSER, of Oregon City. For surveyor—ERNEST RANDS, of Oregon City. For coroner—J. W. NORRIS, of Oregon City.

HAVE you registered? If you wish to vote you must attend to this important matter.

THE Enterprise has a larger circulation than any other paper in the county.

If five people read each copy, then 10,000 people read the Enterprise each week.

ONCE more the Boers are reminding the English that it is real war they are engaged in.

A. S. DRESSER received the compliment of the unanimous nomination for joint representative from this and Multnomah counties.

SINCE the late convention, where is the man in Clackamas county that can boast "I am a democrat? He won't be in it unless he adds the fusion tail, pops—silver republican.

THE demand is overwhelming in Great Britain that promotion in the army hereafter be made on brain and not money or title. Experience teaches many a lesson.

WOODBURN has started off with a creamery having about 400 cows; there should be no doubt about the success of this institution, if a good manager and butter maker can be kept constantly in charge.

SINCE the establishment of the flax fiber works at Scio, the creamery at that

place should receive all the patronage that is necessary, which it has not heretofore had. The new industry should be the means of educating the farmers of that vicinity of the benefits to be derived from feeding oil cake.

How many varieties of democrats are there? There is the gold democrat, the anti-expansion democrat, the Bryan democrat, the free silver expansion democrat, the gold anti-expansion democrat, and now comes the new democrat—the Dewey democrat.

WHILE the Courier-Herald is ranting about 40-cent wheat, and shops shutting down all over the country, it might interest its readers by saying something about \$85 and \$100 work horses, \$35 two-year-old steers and 4-cent-a-pound hogs in 1900, as against \$25 and \$35 work horses, \$10 two-year-old steers and 2 cent-a-pound hogs in 1896.

THE nomination for district attorney could not be gained for Clackamas county but the man nominated is one of the best in the district and at present city attorney for Astoria. Schuebel, nominated on the fusion ticket, will probably poll more than his party vote but cannot expect to carry this county against Allen.

WE hear these days a good deal of talk about Jeffersonian democracy, but if the spirit of that illustrious gentleman should wander bereabouts and witness Genglebauch and his tribe trying to run the democratic party, what a ghost dance there would be.

THE Paris exposition has opened and will be an extensive affair. The United States has more than twice the space of any other nation, excepting France. The American exhibit will be a credit to the nation, and it is believed much good will result to this country in the way of education to foreign nations, as to our ability and push in manufacturing and trade as well as resources.

MORE money per capita, more gold, more silver, and a larger total of money in circulation than ever before is the summarization of the "Circulation Statement" issued by the treasury department for April 1, 1900. For the first time in the history of the country, the per capita circulation has increased the \$26 line and the year 1900 carried the total for the first time past the two billion dollar line, while the amount of gold and gold certificates in circulation is larger than at the corresponding date of any previous year.

FOR new and ingenious machinery the world seems now to be looking to the United States. Exports of electrical machinery increased from \$917,453 in 1897 to \$2,523,644 in 1898, \$3,143,336 in 1899; metal-working, from about \$4,000,000 in 1897 to nearly \$7,000,000 in 1899; railway engines, from \$3,000,000 in 1897 to nearly \$5,000,000 in 1899; typewriting machines, from \$1,566,916 in 1897 to \$2,776,363 in 1899, while such lines of machinery as cash registers, laundry machinery, printing presses, shoe manufacturing machinery and fire and stationary engines also show a marked growth.

THE state convention could not have made two better nominations than Judge Wolverton for the supreme bench and F. M. Bailey for food and dairy commissioner. The demand for Wolverton was unanimous and testified to the opinion held by the people. Mr. Bailey has taken such vigorous action against the adulterated butter trade and kindred matter to make the people believe that he is the right man in the right place. He is now after the Armour's for selling process butter in Portland. The latter is spoiled butter worked over and sold for dairy butter.

THE fight in committees of the house over the proposition to tax oleomargarine out of existence is growing hotter and hotter as the days go by. The republicans are committed to a bill increasing the internal revenue tax to 10 cents a pound, and this it is contended, would put an end to the industry. The dairy interests of the country are behind the bill, while the manufacturers of oleomargarine have enlisted in their behalf the cattle raisers of the southwest and the cotton seed oil producers of the south. Both of these industries are directly interested in the continued prosperity of the oleomargarine makers. A delegation of prominent Texans representing these allied districts, arrived in

Washington recently to join similar delegations from the west in a protest before the house committees against the imposition of the proposed tax.

THE senate committee on Privileges and Elections has decided unanimously that Mr. Clark, of Montana, is not entitled to a place in the United States senate, and has recommended that his seat be declared vacant. This can be done by a majority vote instead of the two-thirds necessary if the committee had recommended Mr. Clark's expulsion. The committee does not find that Mr. Clark himself has been guilty of bribery, but holds that the Montana statute providing that only \$2,000 shall be spent in any election, was violated and that the large amount admitted to have been spent by Mr. Clark is prima facie evidence of its illegitimate use. At almost the same time, the senate reached an agreement to vote on the Quay case in about two weeks time. The chances are all in favor of Mr. Quay being seated.

THE ticket placed in the field by the republican party will sweep the county like a tidal wave. It is no longer a question of who will be elected; it is simply what will the republican majority be.

THERE is a cause for every effect, and the reason in this case is that the republican ticket, from top to bottom, is composed of men whose word is their bond, who are particularly adapted for the respective offices the people have called them to fulfill, men of integrity, ability and sound judgment, men who can look the whole world in the face and say I know no favorites, no man owns me, a public office is a public trust; and when elected they will practice what they preach.

STANDING upon a sound republican platform, these gentlemen believe in a dollar whose value is the same yesterday, today and tomorrow; they believe in a government with an arm long enough to reach the collar of any rascal beneath its flag; they believe in a government with a sword sharp enough to strike down tyranny wherever it shows its snaky head; they want a government that will protect the humblest citizen in the land standing in the sunlight of his little cabin, just as quickly as it will protect Vanderbilt in his palace of marble and gold.

REPORTS have been received from every cross road, precinct and township in the county, telling of daily gains for the county republican ticket. The ticket will be elected from top to bottom.

CHENEY'S TREACHERY.

IN last week's Courier-Herald appeared an article stating that the proprietor of this paper and Commissioner Scott had entered into an agreement by which the Enterprise was to have the county printing for two years. The proprietor of this paper wishes to say that such a proposition was never thought of, much less talked to Scott, or any other person. The Courier-Herald knew that a contract beyond the time of the present board could not be entered into by the board, yet it maliciously publishes this lie, under direction, of course. Mr. Scott informs us that when Cheney is pressed for his source of information he says "Stipp told him." When the latter is asked for his source of information he refuses to divulge it to Scott but says "we" were after Porter. The lie seems to be up to Stipp but does any one think it started there? Hardly.

SCOTT went out of his way to help the Courier-Herald and has never been a friend to the Enterprise, but he is no such man as he is charged with being. He came within two votes of a re-nomination, and as he can no longer help the Courier-Herald out, he is stabbed in the back. Do you of the Courier-Herald and you prompters believe that the people can be fooled with lies, always?

IS decency gone? Has manhood no longer any attractions for your beastial and depraved nature? Do you think that every lie you hatch, or that is poured into your greedy ears by the greatest liar and corruptionist this county ever saw, is going to be believed by the honest people of this county?

Fifth, corruption and robbery of the county you thrive on. These are as necessary to your being as the miasma of the swamp is to the poisonous weeds that flourish in its depths, or the dung-hill to the nightshade at its side. You contaminate the very sewers in which

you delight to wallow, and all in the name of reform.

IT is about time that a spade is called a spade in this county.

"Lay on Macduff; and damn'd be him that first cries, Hold, enough!"

LOSSES IN WAR.

THE War department has prepared an instructive statement, comparing the mortality figures in the Spanish-American war with those of the first six months of the present South African war, the purpose being to show that the casualties suffered by the American troops at the time of their occurrence (which were regarded in some quarters as excessive, and were the basis of much criticism), were actually very much less in number proportionately than those suffered by the British army up to date.

AS to the British showing, the statement covers the returns from October 11 to April 7, nearly six months. There were 309 officers and 3944 men killed in action, by accident or by wounds and disease. There were set down as missing and as prisoners, 186 officers and 4034 men were invalided home, making the total British losses, exclusive of sick and wounded in the hospitals in South Africa, 765 officers and 12,600 men. It is estimated that nearly 10,000 officers and men are sick and wounded in the hospitals, showing a loss in active strength since the beginning of the war about 23,000 men. The number of wounded is not stated.

DURING the war with Spain, the United States army lost by death 107 officers and 2802 men. There were wounded 113 officers and 1464 men. Only 12 per cent of the American death rate resulted from wounds or occurred in battle, while the corresponding rate for the British army was 63.13 per cent. The department statement reads as follows in conclusion:

"The conditions, both military and climatic, under which the campaigns were carried on, were so different that it is difficult to make any comparison. The American campaigns were carried on in the tropics in mid-summer, the most unfavorable season of the year. The diseases most prevalent were tropical fevers. The climate in the theater of operations in South Africa is remarkably healthy. There was much sickness at Ladysmith, but that was due to siege conditions and not to climate. In the American campaigns the clothing worn was as light as possible. Lord Roberts has sent from Bloemfontein for warmer clothing for his army on account of threatened prevalence of pneumonia."

Night Work.

Extra strain needs extra strength. When a man begins to add to his hours of labor, and subtract from his hours of rest, he is putting an extra strain on brain and body. In such cases many men make the serious mistake of using stimulating liquors, or alcoholic medicines. These can only injure. The spur forces on the horse, but does not strengthen him. Stimulants are only spurs. The need of the body is strength. Dr. Pierce's Golden Medical Discovery is invaluable to overworked men and women. It strengthens the stomach, increases the blood supply, nourishes the nerves, and gives vital power to brain and body.

There is no alcohol in "Golden Medical Discovery." It contains no opium, cocaine or other narcotic. It is strictly a temperance medicine.

Dr. Edward Jacobs, of Marengo, Crawford Co., Indiana, writes: "After three years of suffering with liver trouble and malaria I gave up all hopes of ever getting about again, and the last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I am stout and hearty. It is due entirely to your wonderful medicines."

Dr. Pierce's Common Sense Medical Adviser, 1008 pages sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for paper covered, or 31 stamps for cloth. Address Dr. R. V. Pierce, Buffalo, N.Y.

For Young Men and Young Women. There is nothing that will arouse the ire of a young man or woman so quick as to have inferior laundry work put off on them. They may dress ever so well, but if their shirt front or shirt waist is mussed their neat appearance is spoiled. The Troy laundry makes a specialty of ladies' and gentlemen's fine work. There can be no better work than is done at the Troy. Leave your orders at Johnson's barber shop.

How Are Your Kidneys? Dr. Hobbs' Spargus Pills cure all kidney ills. Sample free. Add. Sterling Remedy Co., Chicago or N.Y.

It Has Never Failed

Mr. C. S. Peaslee, the well-known druggist of Morgan City, La., is highly thought of in his neighborhood because of his skill and care in filling prescriptions. The best physicians in the place send their patients to his store whenever they can. Anything which Mr. Peaslee may say can be depended upon absolutely. In a letter to W. H. Hooker & Co., New York City, proprietors of Acker's English Remedy, he says: "In all my many years' experience as a druggist, I have never handled a medicine of any nature that gave such complete satisfaction as Acker's English Remedy for Throat and Lung Troubles. I have sold hundreds of bottles, and have yet to learn of a single case where it failed to cure. In a group, it acts with a certainty that is really marvelous. My wife does not take much stock in medicine, but she has absolute faith in Acker's English Remedy, always having it at her elbow in case the children are attacked by the common cold. It is a positively harmless remedy, as I can personally testify. I know of a little girl who accidentally drank a whole bottle. She was, of course, sick at her stomach for a short time, but the sickness passed away, and then the child was in better health than ever before. I can understand why Acker's English Remedy is so efficacious, because I am a druggist. It is not a mere expectorant, but a strengthening, invigorating tonic as well. While it heals the irritations of the mucous membrane, it also builds up the constitution and purifies the blood. I endorse it absolutely."

Sold at 50c., 75c. and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 3d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back. It's authorized in the above guarantee. W. H. HOOKER & CO., Proprietors, New York. For sale by Geo. A. Harding.

STOP SMOKING! It costs with you whether you continue the prevailing tobacco habit, NO-TO-BAC... restores the desire for tobacco, with out nervous distress, restores the appetite, purifies the blood, restores the strength, restores the health, restores the vitality, restores the energy, restores the power, restores the will, restores the courage, restores the confidence, restores the faith, restores the hope, restores the love, restores the peace, restores the joy, restores the happiness, restores the life.

FERRY'S SEEDS. Thousands of gardeners every year and never suffer disappointment. Cheap substitutes bring home, but paying nothing. It pays to pay a little more for FERRY'S SEEDS. Five cents per paper everywhere, and always worth it. Always the Best. Send Annual Free. F. W. FERRY & CO., DETROIT, MICH.

Table Dainties..... Nuts, Dates, Figs, Honey, Oranges, Lemons, Bananas, Cranberries, Raisins, Home Made Mince Meat.

FARMERS... Your team will have the best of care and Full Measure of Feed. At the City Stables. W. H. YOUNG, Prop.. Successors to W. H. Cooke. Livery Rigs on Short Notice. Telephone No. 42.
