

**POLITICAL POINTS.**

Called From City and County Current Conversations.

As against the demo-pop ticket, the republican enemy ticket is proving a regular incubator, the way it is hatching out votes.

The barbers are now charging Cheney 50 cents for a single shave. You know his face is no long these election days of anti-pop democrat, and anti-Courier Herald.

Please don't throw mud, Mr. Enterprise, it always strikes me right in the eye, and hurts, too, so it does—*Courier Herald*.

The triumphant victory the republican county ticket will receive in the battle of ballots next June, will be a vindication of mind over matter, of brains over machine fusion, of merit versus pretension, it is honest men versus sterile republican principles, against fusion ambition and selfishness for spoils.

C. A. Miller, of the West Side says everything is harmonious among the republicans of his precinct, and that the ticket is going to be voted straight.

Mr. Kellam informs us that registration is almost completed at Pleasant Hill. He also states that democrats in that precinct are scarcer than hen's teeth, and that when the joint convention was held in Oregon City it took every democratic they had in that precinct to make up their quota of delegates.

Charles Tolle says Canemah will give a larger republican majority than it did two years ago.

Shirley Buck and Prof. Zinser, respective democratic and republican candidates for school superintendent, shook hands last Saturday and declared they would make a clean, gentlemanly fight for the office. Each concurred with the other that it was due the dignity of the office.

A bet was made in this city during the week, to the effect that Thomas Killen and John Lowellen would receive a larger vote than any other two candidates on the county ticket.

We can bespeak for Charles Tolle, republican candidate for the legislature a fair majority of no less than 500 votes. There are about 500 voters in the mills and factories of this city, and they will stand by their friend, Charles Tolle to a man.

Authentic reports come in from Molalla, the hotbed of populism, to the effect that many populists will bolt the union ticket. They are especially antagonistic to Levi Stehman, claiming that he is a man who is swayed by prejudices rather than by his judgment.

**THE LOGAN ROAD**

5,000 Subscribed for the New Thoroughfare to the County Seat.

The county commissioners held an adjourned meeting last Monday, at which the petition of the promoters of the Logan, Springwater and Eagle Creek road, was the prime factor of discussion. The purpose of a good traversable road the year round, the people of Logan and vicinity have subscribed \$2000.

They then petitioned the county board of commissioners and that body last Monday decided to duplicate whatever sum the citizens of Oregon City would raise for the road. The citizens of George and Bedford precincts are working tooth and nail to raise \$2000 for the purpose of extending the improvements as far as Sickard's mill. Every dollar they spend in raising will count for two dollars, as the commissioners have agreed to appropriate a like sum from the road fund.

On the project of constructing a plank road up the Abernethy, via Oregon City, \$100 has been subscribed, though it is the desire of those interested to swell the amount to \$1,000. If they succeed, the county court will subscribe a similar number of dollars.

The commissioners will confer with the Multnomah county board on the subject of rebuilding the Sandy bridge at Bull Run crossing.

The committee who are circulating the subscription papers in Oregon City for the proposed road from Logan to the county seat are meeting with flattering success, the merchants and property owners are giving lavishly and the new thoroughfare is an assured fact.

The road deserves the hearty co-operation of every citizen of the county who has its welfare in mind, and everybody should work for the consummation of this purpose.

\$1,000 has been raised by private subscription in Oregon City, and the city council will be asked to contribute \$1,000 to make up the total of \$2,000. This will pave the road, all told, \$7,500.

**Probate Court.**

In the matter of the custody of the children, Judge Ryan, has ordered that they be re-committed to the Boys' and Girls' Aid Society, with the stipulation, that on condition of the fathers of the children, Robert and Wm. Wade, brothers, reforming from their habitual drunkenness, they shall again be given custody of their children. Both the Wades reside at Clackamas.
