J. C. ZINZER

Republican Nominée For County School Superintendent.

J. C. Zinzer, our candidate for school superintendent, was born 45 years ago in Baden, Germany, and came to this country at the age of 14. He grew up on his father's farm, devoting the winters to study in the public schools. From early boyhood he had an unquenchable thirst for knowledge and he shrunk from no sacrifice, he practiced the most patient self denial, to reach that coveted goal of his ambition—an education. The formative period of his life was passed in Northern Illinois, the state that produced Lincoln, Grant, John A. Logan and Stephen A. Hurlbut.

From the High school of Belvidere he entered North Western college, from which he graduated with the highest honors and the degree of M. S. It is a tribute to his ability that he served in this institution for two years as assistant teacher.

For seven years he served as principal of the High school at Belvidere, with seven assistants, until eight years ago he spent a summer in Oregon, and was so impressed with the great possibilities of our grand state, that he invested his savings in a farm in Clackamas county, resigned his position, and determined to make his permanent home here.

He has always taken a deep interest in all educational matters. He has been connected, both with the rural schools, and with Oregon City High school and is therefore, by age, by education and experience, peculiarly fitted for the responsible task of caring for all the school interests of the county.

He married the daughter of a veteran of the Civil war, and helped to elect every republican president since Grant.

J. C. Kennedy, Roanoke, Tenn., says, "I cannot say too much for DeWitt's Witch Hazel Salve. One box of it cured what the doctors called an incurable ulcer on my jaw." Cures piles and all skin diseases. Look out for worthless imitations. Geo. A. Harding.
